ESR Questions Answered

1) Moveable Feast's proposal is viable for implementation as submitted.
2) Modifications have already been implemented at no detriment to the services we provide.
3) The modifications we made will cost extra, however. The purchase of PPE i.e. gloves and masks. Also, the number of people we deliver food to has gone up by 10%. We raised our request in the proposal from last year foreseeing the numbers going up because of COVID-19. So, there is no significant change to the budget as summited. We understand money is short and whatever we can get is greatly apricated but it will take Moveable Feast more money to get through this year than last.
