Laws and Regulations

All applicable state laws, municipal ordinances and regulations of all authorities having jurisdiction over the project shall apply to the contract, and shall be deemed to be incorporated herein by reference.

Equal Employment Opportunity

The Entity (regardless of whether construction contractor, non-construction contractor or supplier) agrees to provide equal opportunity in employment for all qualified persons, to prohibit discrimination in employment because of race, color, creed, national origin, sex or age, and to promote equal employment through a positive, continuing program from itself and each of its subcontracting agents. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

Kentucky Equal Employment Opportunity Act

The Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any "county, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly publicly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin;
- (2) The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin;

(3) The contractor will post notices in conspicuous places, available to employees and applicants for employment, setting forth the provision of the nondiscrimination clauses required by this section; and

(4) The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding advising the labor union or workers' representative of the contractor's commitments under the nondiscrimination clauses."

The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

(1) For the length of the contract, each contractor shall hire minorities from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetables.

(2) Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.

KRS 45.620. Action against contractor -- Hiring of minority contractor or subcontractor

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or subcontract covered under KRS 45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the

contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of KRS 45.560 to 45.640, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.

KRS 45.630 Termination of existing employee not required, when

Any provision of KRS 45.560 to 45.640 notwithstanding, no contractor shall be required to terminate an existing employee upon proof that employee was employed prior to the date of the contract.

KRS 45.640 Minimum skills

Nothing in KRS 45.560 to 45.640 shall require a contractor to hire anyone who fails to demonstrate the minimum skills required to perform a particular job."

It is recommended that all of the provisions above quoted be included as special conditions in each contract. In the case of a contract exceeding \$250,000, the contractor is required to furnish evidence that his workforce in Kentucky is representative of the available workforce in the area from which he draws employees, or to supply an Affirmative Action plan which will achieve such representation during the life of the contract.

LFUCG Non-Appropriation Clause

Contractor acknowledges that the LFUCG is a governmental entity, and the contract validity is based upon the availability of public funding under the authority of its statutory mandate.

In the event that public funds are unavailable and not appropriated for the performance of the LFUCG's obligations under this contract, then this contract shall automatically expire without penalty to the LFUCG thirty (30) days after written notice to Contractor of the unavailability and non-appropriation of public funds. It is expressly agreed that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

EQUAL OPPORTUNITY AGREEMENT

The Law

- Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for an employer to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.
- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- Section 503 of the Rehabilitation Act of 1973 states:

The Contractor will not discriminate against any employee or applicant for employment because of physical or mental disability.

- Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.
- Section 206(A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:

The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.

Bidders

I/We agree to comply with the Civil Rights Laws listed above that govern employment rights of minorities, women, Vietnam veterans, handicapped and aged persons.

Funding Priority Area: Community Wellness & Safety

Projected funding is 40% of total ESR Grant Program Award

LFUCG seeks to strengthen and enhance Community Wellness and Safety, by supporting programs and services addressing **Mental Health, Substance Misuse Disorder, and Violence Prevention**. LFUCG intends to award grants for priority-rated programs and services which originate with demonstrated client needs, establish clearly-defined outcomes, and are designed to best practices or evidence-based models. These programs may address one or more of the following areas, but shall not be limited to:

- **Substance Misuse Disorder**, which include prevention of alcohol and drug abuse; prevention and treatment of addictive and mental disorders through programs and services for individuals who suffer from these disorders; and harm reduction.
- **Mental Health**, which is defined as a state of well-being in which every individual realizes his or her own potential, can cope with the normal stresses of life, can work productively and fruitfully, and is able to make a contribution to her or his community. Mental health includes our emotional, psychological, and social well-being. It affects how we think, feel, and act. It also helps determine how we handle stress, relate to others, and make choices. Mental health is important at every stage of life, from childhood and adolescence through adulthood.
- **Violence Prevention**, which include Child Abuse & Neglect Services, Sexual Violence Prevention, Elder Abuse Prevention, Suicide Prevention, Youth Violence Prevention & Intervention, including Gang & Gun Violence, and Intimate Partner Violence Prevention and Stalking.

The term “client” is used throughout this proposal; however we understand that within the context of your work “client” may not mean an individual. For some agencies it may be helpful to think of “client” as whole system (such as a school) or as a neighborhood, group, or community.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement 15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

5.1.2 Service Delivery Model 15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each “unit of service” you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

5.1.3 Client Eligibility and Requirements 5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

5.1.4 Evidence-Based/Best Practice 10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are proposing is best-practice.

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define “successful” completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying “we provided this many ‘units of service.’” How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also **be specific regarding sampling size and frequency of evaluation.**

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community's comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community?

Equal Employment Opportunity

The Entity (regardless of whether construction contractor, non-construction contractor or supplier) agrees to provide equal opportunity in employment for all qualified persons, to prohibit discrimination in employment because of race, color, creed, national origin, sex or age, and to promote equal employment through a positive, continuing program from itself and each of its subcontracting agents. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

Kentucky Equal Employment Opportunity Act

The Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any "county, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly publicly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin;
- (2) The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin;

(3) The contractor will post notices in conspicuous places, available to employees and applicants for employment, setting forth the provision of the nondiscrimination clauses required by this section; and

(4) The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding advising the labor union or workers' representative of the contractor's commitments under the nondiscrimination clauses."

The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

(1) For the length of the contract, each contractor shall hire minorities from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetables.

(2) Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.

KRS 45.620. Action against contractor -- Hiring of minority contractor or subcontractor

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or subcontract covered under KRS 45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the

contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of KRS 45.560 to 45.640, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.

KRS 45.630 Termination of existing employee not required, when

Any provision of KRS 45.560 to 45.640 notwithstanding, no contractor shall be required to terminate an existing employee upon proof that employee was employed prior to the date of the contract.

KRS 45.640 Minimum skills

Nothing in KRS 45.560 to 45.640 shall require a contractor to hire anyone who fails to demonstrate the minimum skills required to perform a particular job."

It is recommended that all of the provisions above quoted be included as special conditions in each contract. In the case of a contract exceeding \$250,000, the contractor is required to furnish evidence that his workforce in Kentucky is representative of the available workforce in the area from which he draws employees, or to supply an Affirmative Action plan which will achieve such representation during the life of the contract.

LFUCG Non-Appropriation Clause

Contractor acknowledges that the LFUCG is a governmental entity, and the contract validity is based upon the availability of public funding under the authority of its statutory mandate.

In the event that public funds are unavailable and not appropriated for the performance of the LFUCG's obligations under this contract, then this contract shall automatically expire without penalty to the LFUCG thirty (30) days after written notice to Contractor of the unavailability and non-appropriation of public funds. It is expressly agreed that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

EQUAL OPPORTUNITY AGREEMENT

The Law

- Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for an employer to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.
- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- Section 503 of the Rehabilitation Act of 1973 states:

The Contractor will not discriminate against any employee or applicant for employment because of physical or mental disability.

- Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.
- Section 206(A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:

The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement

15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

Two problems facing Fayette County are increasing cases of child abuse and the number of children entering kindergarten unprepared. According to Southern Bluegrass Child Protective Service, annually there were 3,772 children with substantiated cases of child abuse and neglect in Fayette and surrounding counties; 50% of those were under the age of five. The Commonwealth Institute for Policy states that 47% of Fayette County's children enter kindergarten unprepared due to lack of access to affordable high-quality early childhood programs.

The Nest addresses these problems for this at-risk and under-served population by providing the only FREE 5-STAR quality-rated childcare for families in poverty in Fayette County.

The Nest is located in Duncan Park in the impoverished 40508 zip code. The population is racially diverse, younger, majority single with the median household income significantly lower than the U.S. average. Communities where poverty is prevalent face problems because of low educational attainment, unemployment, economic pressures, substance abuse, damaged self-confidence and instability.

All children deserve high-quality childcare regardless family situations, background or inability to pay. There is a lack of affordable quality childcare in Fayette County. The Nest fills the gap in service for this under-served and at-risk population by providing the only free quality childcare program.

When children are well-cared for in a safe, educational environment it reduces the risk of child abuse and allows parents to pursue what is necessary for long-term stability of the family, while preparing children for school success!

5.1.2 Service Delivery Model

15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each "unit of service" you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

The Nest Childcare maintains a 5-STAR quality rating through the KY ALL-STARS Program. We provide Free Respite childcare, Monday-Friday from 7:00 am to 5:30 pm for 200+ children annually.

Our intake process identifies the needs of both parent and child. Understanding the problems our families face allows us to schedule time accordingly and connect them with beneficial resources. During follow-up meetings we discuss how stress is being alleviated through meeting goals, therefore reducing the risk of child abuse and strengthening the family unit.

A unit of service equals each time a child attends our program. This varies from one hour while caregivers attend a counseling session, to a full-day while working, attending classes or taking a much-needed break. Other families need childcare once they find employment, but their Child Care Assistance has not yet started. We fill this gap in service for our working-class families. We make on-going commitments based on situations such as grandparents who are caregivers or a full-semester of care allowing the parent to take classes or finish their GED. Childcare ranges from 1 day up to 235 days annually for families in crisis.

We partner with parents to complete the Ages & Stages Developmental Screenings to address areas where early intervention services may be needed. Through partnering with parents to address developmental needs and providing free high-quality childcare to at-risk children, we are able to address Fayette County's problem of children entering Kindergarten not ready to learn, offering a firm early childhood foundation.

5.1.3 Client Eligibility and Requirements

5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

The Nest Child Care Program's number one goal is preventing child abuse and neglect, which is why no family is turned away when experiencing crisis. Respite Childcare is provided free of charge to families who fall below 150% of the Federal Poverty Guideline and/or are experiencing some form of trauma/crisis, including but not limited to domestic violence, history of abuse, homelessness or referral from a social service agency.

Families are expected to communicate their needs, plan ahead for the time slots needed and notify The Nest of any change in circumstances. Parents are required to provide documentation when requesting on-going care, such as class schedules, court dates, and counseling sessions. This allows us to appropriately schedule childcare and meet their individual needs. Ongoing meetings are conducted with parents to assess their current needs and the developmental needs of their child.

Families are asked to contribute by bringing their child's daily needs including wipes, diapers, formula and lunch. If the family is unable, The Nest will always provide these items for free. We also ask families to take part in assessing their children using the Ages & Stages Questionnaire and working with our staff to schedule early intervention services if needed. Families are also encouraged to participate in classroom activities, family nights and parent/teacher conferences.

For families whose incomes are above 150% of the Federal Poverty Guideline a sliding scale is available. Of the children we cared for last year, over 95% received care free of charge.

5.1.4 Evidence-Based/Best Practice

10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are doing is best-practice.

Our Childcare Program maintains a 5-STAR quality rating, the highest obtainable, by the KY-ALL STARS program. Receiving the highest rating requires meeting standards of excellence in: classroom and instructional quality, family and community engagement, staff qualifications, leadership practice and professional learning. We exceed in all these categories and maintain ratios averaging a 1:4 teacher-to-child ratio. Smaller class sizes are particularly effective at raising achievement levels of low-income and minority children according to a study done at Northwestern University.

High-quality Respite childcare for children whose parents are experiencing stress, crisis or lack of other support, contributes to the much needed mission of preventing child abuse. According to a report by the National Resource Center for Community-based Child Abuse Prevention, this type of childcare directly contributes to a reduction in the likelihood of child abuse and neglect. When parents have access to emergency childcare their children are less likely to be left with unsuitable caregivers or to witness stressful or inappropriate events. Emergency childcare has also been shown to significantly reduce the stress level being experienced by the parent and in turn improves the quality of the relationship between parent and child.

Early childhood studies have produced mountains of evidence supporting high-quality early childhood education. Research from Schuyler Center shows that high-quality intensive early education programs for low-income children can have lasting positive effects such as: greater school success, higher graduation rates, lower juvenile crime, decreased need for special education services and lower adolescent pregnancy rates.

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define "successful" completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

Our service philosophy is to prevent child abuse, strengthen the family unit and give access to high-quality education to children, preparing them for school success. This is achieved by providing a safe nurturing environment for children while giving parents a much needed break. We work with parents to set goals allowing them to meet immediate needs and work toward stability. Our program works with at-risk children towards the goal of reaching developmental milestones and achieving the skills necessary for success.

Success is achieved when 100% of the children who attend our program have access to a high-quality learning environment. When a parent is certain their child is being well-cared for it reduces the risk of child abuse and neglect allowing parents to focus on strengthening their family situation. 95% of the families that utilize our Respite Care report a reduction in stress. Family achievements such as completing counseling sessions, finding employment or graduating from classes are recorded and celebrated! We provide care for over 90% of the families that reach out to us.

Our next indication of success is that 100% of enrolled children will be assessed within 90 days of their enrollment and every 6 months thereafter. 100% of red flags in development will be referred for early intervention services. These assessments will show that we are helping children reach the milestones needed to succeed in school.

We support families during transitional times, with the ultimate goal of helping them reach a situation where we are no longer needed.

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

Our program provides a meaningful difference in the immediate needs of our families. First, the children at The Nest are in a safe, nurturing environment that not only prevents child abuse and neglect, but also provides high-quality early education. Families can use our services to utilize other departments within The Nest such as Domestic Violence Counseling and Advocacy, Parenting Education and Support and Crisis Care resources for basic human needs. Respite childcare allows parents to job hunt, take classes, attend other necessary appointments and receive much needed support to move toward a more stable situation.

Children excel while attending our program. They have access to a wide range of developmentally appropriate learning activities in a nurturing environment. We have seen children who are initially withdrawn learn to interact positively with peers and their language and social skills have blossomed.

Early education is perhaps the most important investment our community can make. It creates opportunities to promote better individual life outcomes, as well as, strengthening our economy. A cost-benefit analysis of the HighScope Perry Preschool study indicates a savings to the public of more than seven times the initial investment per child, with a return of \$7.16 for every dollar spent.

Disadvantaged students who lack prior knowledge and vocabulary skills will struggle, thus falling even further behind in school. Our FREE Respite childcare is often the only opportunity for early education for the at-risk and under-served population we serve. The Nest helps eliminate these gaps from the start!

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also **be specific regarding sampling size and frequency of evaluation.**

We collect data during our intake process of why the service is requested, time needed and barriers they are facing. The results of the data collected allow us to determine ways to eliminate these barriers in the future.

Families using our Respite care are encouraged to complete a Parent Survey which assess our capability to reduce stress and meet their current needs on a scale from 1 to 5. We know our services have been effective based on averaging over a 4.5 on successfully meeting those needs. We complete a Family Feedback assessment annually, from no less than 50% of families currently enrolled, to evaluate the parent's perspective on the environment, staff knowledge and education expectations. These results allow us to make adaptations to our program structure when needed.

In addition to the surveys, we evaluate our program to ensure we are maintaining high-quality classrooms. Annually, we must submit paperwork to show that we are maintaining our 5-STAR quality rating. During this time we complete the Infant and Toddler Rating Scale and the Early Childhood Environment Rating Scale to evaluate our center. These Rating Scales were developed to evaluate the global quality of learning environments. Each scale contains items assessing the physical environment, basic care of children, curriculum, interactions, program structures and children's needs.

Assessments are completed on each enrolled child within 90 days of enrollment and every six months thereafter. This is an effective way for us to gauge developmental progress and the potential for school success.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community's comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

We have a broad understanding of the problem's families are dealing with and work with them in ways that are culturally sensitive and appropriate. The Nest is unique in that we offer holistic care to our clients through our four programs. Whereas some agencies only provide one service then refer clients elsewhere for other assistance we are able to offer child care as well as domestic violence counseling/advocacy, emergency needs assistance & referrals, and parenting classes and support. When clients come in for one service, our staff assesses the client's needs and refers them to any of our other services that will also be helpful in assisting that person as he or she works toward self-sufficiency. Our families have four points of entry to receive services from The Nest.

Our Childcare Program has formal agreements with Greenhouse 17 and Help Me Grow Kentucky. We provide childcare services for victims of domestic violence who are participating in the transitional housing program at Greenhouse 17. Help Me Grow provides ASQ materials and access to an online database for assessing results and referrals. We also partner with Chrysalis House and Arbor Youth Services to provide care for families using their services.

Each board member plays an active role in advising and providing support for our programing. Our volunteers help us to keep administrative costs low and donors provide tangible resources for our families.

Secured funding sources: Ingram Foundation, Children's Charity, Orphan's Society, KU, United Way, Normandy Farm, PNC and BGCF.

5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community?

The Nest is a safe and healing place for everyone! We ensure that program information and outreach materials are linguistically and culturally appropriate and inclusive. Our Childcare Program often provides childcare for children whose parents are attending English as a second language classes at the Carnegie Center. We also have accounts with Language Line and other interpretative services that are accessible when needed, so all clients can benefit from our programs. In addition, we serve the LGBTQ+ community with childcare and all other services.

All our programs are offered free of charge which means we are accessible to those impacted by poverty or experiencing economic distress. Transportation is often an issue for our clients, so our close proximity to our families and having a bus stop at our location makes us easily accessible. Our building is handicap accessible and is designated a "Safe Place" in Duncan Park.

We build a relationship with our families to learn about their needs, beliefs and expectations including those related to the child's culture and traditions. We partner with our families to incorporate these features into our program and classroom activities.

We recognize how oppression and discrimination deeply impacts our community. All staff completes Implicit Bias training and will be educated on how to serve each person without bias. In addition to our Equal Employment Opportunity law, The Nest signs a Consent Form with each client stating they will be treated with respect, dignity, fairness and cultural sensitivity.
