

August 20, 2018

To: Lauren Monahan

From: Brian DePeel

Afternoon Lauren,

As I had explained, I did not change any pricing schedules for the LFUCG Fall HHW Collection which was due back on August 15th.

EEl kept their Set-up Fee of \$10,000.00 along with their pricing for Isocyanates and miscellaneous cylinders – which I have included as an attachment. But all pricing for the Fall collection matches the Spring collection.
