Laws and Regulations

All applicable state laws, municipal ordinances and regulations of all authorities having jurisdiction over the project shall apply to the contract, and shall be deemed to be incorporated herein by reference.

Equal Employment Opportunity

The Entity (regardless of whether construction contractor, non-construction contractor or supplier) agrees to provide equal opportunity in employment for all qualified persons, to prohibit discrimination in employment because of race, color, creed, national origin, sex or age, and to promote equal employment through a positive, continuing program from itself and each of its subcontracting agents. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

Kentucky Equal Employment Opportunity Act

The Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any "county, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly publicly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin;
- (2) The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin;

(3) The contractor will post notices in conspicuous places, available to employees and applicants for employment, setting forth the provision of the nondiscrimination clauses required by this section; and

(4) The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding advising the labor union or workers' representative of the contractor's commitments under the nondiscrimination clauses."

The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

(1) For the length of the contract, each contractor shall hire minorities from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetables.

(2) Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.

KRS 45.620. Action against contractor -- Hiring of minority contractor or subcontractor

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or subcontract covered under KRS 45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the

contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of KRS 45.560 to 45.640, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.

KRS 45.630 Termination of existing employee not required, when

Any provision of KRS 45.560 to 45.640 notwithstanding, no contractor shall be required to terminate an existing employee upon proof that employee was employed prior to the date of the contract.

KRS 45.640 Minimum skills

Nothing in KRS 45.560 to 45.640 shall require a contractor to hire anyone who fails to demonstrate the minimum skills required to perform a particular job."

It is recommended that all of the provisions above quoted be included as special conditions in each contract. In the case of a contract exceeding \$250,000, the contractor is required to furnish evidence that his workforce in Kentucky is representative of the available workforce in the area from which he draws employees, or to supply an Affirmative Action plan which will achieve such representation during the life of the contract.

LFUCG Non-Appropriation Clause

Contractor acknowledges that the LFUCG is a governmental entity, and the contract validity is based upon the availability of public funding under the authority of its statutory mandate.

In the event that public funds are unavailable and not appropriated for the performance of the LFUCG's obligations under this contract, then this contract shall automatically expire without penalty to the LFUCG thirty (30) days after written notice to Contractor of the unavailability and non-appropriation of public funds. It is expressly agreed that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

EQUAL OPPORTUNITY AGREEMENT

The Law

- Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for an employer to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.
- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- Section 503 of the Rehabilitation Act of 1973 states:

The Contractor will not discriminate against any employee or applicant for employment because of physical or mental disability.

- Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.
- Section 206(A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:

The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.

Bidders

I/We agree to comply with the Civil Rights Laws listed above that govern employment rights of minorities, women, Vietnam veterans, handicapped and aged persons.

Funding Priority Area: Food Insecurity and Nutritional Access

Projected funding is 15% of total ESR Grant Program Award

LFUCG seeks to strengthen and enhance **Food Insecurity and Nutritional Access** by supporting programs and services for the provision of addressing having reliable access to a sufficient quantity of affordable, nutritious food and providing nutritional services. LFUCG intends to award grants for priority-rated programs and services which originate with demonstrated client needs, establish clearly-defined outcomes, and are designed to best practices or evidence-based models.

Food security is a situation that exists when all people, at all times, have physical, social and economic access to sufficient, safe and nutritious food that meets their dietary needs and food preferences for an active and healthy life. Nutrition includes management for congregate and home delivered meals, delivering quality meals to nutrition sites and homebound clients so clients have nutritionally sound meals.

USDA Definitions:

- **High food security:** no reported indications of food-access problems or limitations.
- **Marginal food security:** one or two reported indications—typically of anxiety over food sufficiency or shortage of food in the house. Little or no indication of changes in diets or food intake.
- **Low food security:** reports of reduced quality, variety, or desirability of diet. Little or no indication of reduced food intake.
- **Very low food security:** Reports of multiple indications of disrupted eating patterns and reduced food intake.

The term “client” is used throughout this proposal; however we understand that within the context of your work “client” may not mean an individual. For some agencies it may be helpful to think of “client” as whole system (such as a school) or as a neighborhood, group, or community.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement

15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

5.1.2 Service Delivery Model

15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each “unit of service” you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

5.1.3 Client Eligibility and Requirements

5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

5.1.4 Evidence-Based/Best Practice

10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are proposing is best-practice.

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define “successful” completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn’t have to be complicated, evaluation is more than saying “we provided this many ‘units of service.’” How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also **be specific regarding sampling size and frequency of evaluation.**

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community’s comprehensive response to the identified priority area of Food Insecurity and Nutritional Wellness? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community?

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement

15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

The Elder Nutrition Program (ENP) provides daily nutritious meals to many senior citizens (age 60 and older) in Fayette County at no cost to program participants. Currently, the ENP serves 433 congregate clients over 2,500 meals per month at two sites (the Lexington Senior Center and the Ballard-Griffith Towers). The ENP also serves over 2,300 meals a month to 139 home-bound clients who otherwise would have little or no access to a hot and nutritious meal. The wait list for the home-bound meal delivery service has been reduced from over 100 clients in 2016 to less than 10 as of 2019. This list changes monthly as intake/referrals are received.

Target Audience: Individuals age 60 or older and disabled individuals under age 60 living with an eligible older individual. Outreach efforts to identify low-income (according to US census data, July, 2018), minority, frail elderly and nutritionally-at-risk clients are conducted through referrals, screenings and assessments.

The case manager uses the KY Basic Napis form to determine a client's nutrition needs as well as their ability or inability to perform daily activities. For those clients that are high nutrition risk, meals start within 3 to 5 days after assessment. The Elder Nutrition Program assessor also refers clients to other resources that may provide them with assistance.

The meal delivery driver is also an important component of the program. The driver may be the only social interaction that a client has each day. If needed, the driver can alert the Nutrition Coordinator of any significant changes in a client's health or well being.

5.1.2 Service Delivery Model

15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each "unit of service" you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

To assist congregate clients (those clients who can come to the Lexington Senior Center and the Ballard-Griffith Towers) to remain active and healthy, the Elder Nutrition Program provides the following:

- a. An initial assessment to determine if the client is eligible to receive meals and/or transportation to the nutrition site. If needed, referrals are also provided for other services in Fayette County
- b. Transportation to and from the nutrition site
- c. A nutritious meal served Monday through Friday
- d. Nutrition education presentations and literature provided monthly

In order for homebound meal recipients to remain independent, the Elder Nutrition Program will provide:

- a. An initial assessment to determine if the client is eligible for meals and/or other services available in Fayette County
- b. Follow up visits and phone calls to clients that require case management
- c. A nutritious meal meeting 1/3 of the Required Daily Allowance, delivered Monday through Friday
- d. Daily communication/socialization with the meal delivery driver
- e. Monthly menus and nutrition education materials
- f. Emergency Shelf Meals are provided prior to inclement weather to ensure that clients have food in the event that meals cannot be delivered. Nutrition staff call clients for a wellness check to ensure they are safe and have adequate food.
- g. Comment cards are given to clients each month to gather input on meals and services provided
- h. Reassessments take place yearly

5.1.3 Client Eligibility and Requirements

5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

Eligibility requirements to receive a congregate meal:

- a. Age 60 or older
- b. The spouse of an individual age 60 or older
- c. Is an individual with a disability and resides in a home with an eligible older individual
- d. Is a disabled individual under the age of 60 who resides in a housing facility primarily occupied by older individuals at which congregate nutritious services are provided
- e. Elder Nutrition Program volunteers

Eligibility to receive home delivered meals:

- a. Age 60 or older, or the spouse of a client age 60 or older
- b. Unable to attend congregate meals due to illness or an incapacitating disability
- c. Has no one in the home who could prepare a nutritious meal on a regular basis
- d. Is under age 60 but has a disability and resides with a homebound client age 60 or older

5.1.4 Evidence-Based/Best Practice

10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are doing is best-practice.

The Elder Nutrition Program follows Kentucky Nutrition Guidelines 910 KAR 1:190 Section 4 and Section 5 for eligibility and food safety.

Section 4. Congregate Nutrition Services.

The Elder Nutrition Program in Fayette County provides at least one hot or nontraditional meal once per day, five days per week. Temperatures are measured prior to serving congregate meals to ensure that hot foods are at or above 135 degrees and cold foods are at or below 41 degrees.

Section 5. Home Delivered Nutrition Services

The Elder Nutrition Program in Fayette County provides at least one hot or nontraditional meal once per day, five days per week. Hot meals are delivered in insulated bags with a hot plate to ensure that the food remains at or above 135 degrees. Cold foods are transported in coolers or insulated bags containing ice or ice packs to ensure that the food remains at or below 41 degrees. Temperatures are measured upon arrival at the nutrition sites and again prior to packing meals for home delivery. Delivery routes are established to minimize nutrient loss and to facilitate temperature retention. Meals are delivered within four hours from the time of preparation to the last destination. Temperatures are taken during the route to ensure that the meals are at the proper temperatures. Nutrition education materials are also given to homebound clients once a month.

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define "successful" completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

The measure of success for providing meals to congregate clients is determined by the number of clients that attend the nutrition sites to receive a nutritious meal and nutrition education in a socially stimulating environment. Based on data from 7/18 to 3/19, 98% of the congregate clients at the Lexington Senior Center continue to receive a nutritious meal. At Ballard-Griffith Towers, 96% of clients continue to receive a meal.

The measure of success for providing meals to homebound clients is determined by the number of clients that stay independent and self-sufficient. Based on data from 7/18 to 3/19, 95% of the program's homebound clients remained in their home.

According to the Nursing Home Ombudsman Agency of the Blue Grass, the cost of a day's stay in a Lexington Nursing Home is \$200 a day, or \$73,000 per year. By providing a nutritious meal and coordinating services with partner agencies, the ENP is able to help seniors remain independent and avoid premature nursing home placement. Anecdotal evidence is provided by the nutrition staff at the sites who see the positive effects on clients who have the opportunity to interact with others, develop healthy social interactions and establish friendships with peers.

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

The ENP addresses the following social/health issues by providing a nutritious meal meeting 1/3 of the Required Daily Allowance.

Obesity - the meals are low in fat, have no added sodium and limited carbohydrates

Malnourishment - for those clients at high nutrition risk, the ENP also provides a frozen meal for evenings and weekends

Income, Health and Welfare - the client's financial status increases with delivery of a nutritious meal five days a week, thereby reducing poverty in Fayette County. Our clients' quality of life improves as they have more money for prescriptions, purchased food, utilities and rent or mortgage.

Independence and Self Sufficiency - a nutritious meal along with nutrition education and referrals to other agencies can help clients stay in their home. The daily interaction with their delivery driver also provides much needed socialization and gives the driver an opportunity to assess any changes in the client's wellbeing.

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also **be specific regarding sampling size and frequency of evaluation.**

Homebound and congregate clients are given the opportunity to provide feedback on meals each month. The feedback and suggestions are reviewed every quarter at the Menu Advisory meeting prior to finalizing new menus.

Below are results from the FY18 survey complete by 116 congregate clients:

- 100% said that they are eating healthier food
- 90% are eating a larger variety of foods
- 91% are maintaining a healthier weight
- 94% felt that their health had improved
- 98% felt better
- 95% were less hungry
- 97% continued to live in their own home

Below are the results of FY18 survey completed by 109 homebound clients:

- 93% said they were eating healthier food
- 98% said they were eating a larger variety of food
- 90% felt that their health improved
- 95% felt better
- 97% were less hungry
- 100% continued to live in their own home

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. She supervises kitchen staff and the meal delivery drivers. Emily has six years of experience in Aging Services.

Driver Coordinator, Craig Meeker is responsible for oversight of the Lexington Senior Center kitchen and meal routes. Craig has 6 years of experience in Aging Services.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community's comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

During a client's initial assessment, the assessor can determine whether there are other resources needed in addition to meals. The assessor may refer the client for food stamps, commodities, nutrition counseling, personal care services, dental services, housekeeping and laundry services and transportation and assistance for doctor or hospital visits.

The Elder Nutrition Program collaborated with United Way of the Bluegrass, Home Health agencies, local hospitals and physicians, social workers, the Fayette County Extension Office, Sayre Christian Village, Christ Church Apartments, the Senior Companion Program, Meals on Wheels, Red Cross Wheels, the University of Kentucky, Blue Grass Care Navigators and other facilities to feed the aging population of Fayette County.

The Elder Nutrition Program has a formal agreement with Bateman Senior Meals (the winning bid in an RFP process) to provide meals. All meals are reviewed and approved by the state dietitian.

The Blue Grass Community Action Partnership (BGCAP) receives a federal grant through the Bluegrass Area Development District but must show local support which is provided through funds from United Way and Lexington Urban Fayette County Government. The BGCAP Board oversees all major agency decisions. The Board consists of 1/3 elected public officials or their representatives, 1/3 representing agency target sectors and 1/3 representing the private sector. The Board is responsible for oversight and governance of the agency.

5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community?

The Elder Nutrition Program collaborates with the American Red Cross Wheels program to provide transportation to the Lexington Senior Center for clients taking part in the congregate program. The Wheels' vehicles have lifts that make the vehicle accessible for clients using a wheelchair, scooter, cane or walker. The Lexington Senior Center's dining rooms are located on the ground floor and are open from 8 to 5. Lunch is served between 11:30 and noon.

The Ballard-Griffith Towers are an ADA approved facility with a dining room on the main floor, easily accessible to all residents. Coffee is provided beginning at 10 a.m. and lunch is served between 11:30 and noon.

The Blue Grass Community Action Partnership (BGCAP) contracts with InterpreTalk Language Services. An assessor or case manager may contact this service to assist them in acquiring information and feedback from a client. BGCAP's phone system also allows clients access to an interpreter when needed.

6.0 Program Budget Summary Form Instructions

Proposal Submittal shall be considered incomplete and shall be rejected without completed Budget Summary Form. (Including total amount of ESR grant request.)

For organizations requesting funding for more than one program in this RFP, combine into a single Program Budget narrative for the proposal.

Please note that the Program Budget will be part of the grantee agreement with LFUCG and regular tracking and expenditure reporting will be required.

To ensure readability and uniformity, please use the Program Budget form included. Provide brief line-item detail as specified in each section below and verify all calculations.

This section provides a summary of the total proposed Program Budget for FY 2020. It requests the allocation of all projected funding amounts (City and non-City sources) for anticipated FY 2020 program expenditures.

Total Program Budget

Column A should reflect projected expenditures for the entire program (not just the proposed LFUCG ESR grant funding request portion). When the chart is completed this column should equal ESR Grant Funding Request plus other/non-ESR program funding. ($A=B+C$)

ESR Grant Funding Request

Column B is the grant amount being requested from this RFP to support this program's services to eligible Fayette County Participants.

Non-LFUCG Program Funding

Column C is the non-LFUCG ESR funding that is allocated to the Total Program Budget ($A-B = C$).
