Laws and Regulations

All applicable state laws, municipal ordinances and regulations of all authorities having jurisdiction over the project shall apply to the contract, and shall be deemed to be incorporated herein by reference.

Equal Employment Opportunity

The Entity (regardless of whether construction contractor, non-construction contractor or supplier) agrees to provide equal opportunity in employment for all qualified persons, to prohibit discrimination in employment because of race, color, creed, national origin, sex or age, and to promote equal employment through a positive, continuing program from itself and each of its subcontracting agents. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

Kentucky Equal Employment Opportunity Act

The Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any "county, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly publicly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin;
- (2) The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin;

(3) The contractor will post notices in conspicuous places, available to employees and applicants for employment, setting forth the provision of the nondiscrimination clauses required by this section; and

(4) The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding advising the labor union or workers' representative of the contractor's commitments under the nondiscrimination clauses."

The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

(1) For the length of the contract, each contractor shall hire minorities from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetables.

(2) Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.

KRS 45.620. Action against contractor -- Hiring of minority contractor or subcontractor

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or subcontract covered under KRS 45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the

contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of KRS 45.560 to 45.640, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.

KRS 45.630 Termination of existing employee not required, when

Any provision of KRS 45.560 to 45.640 notwithstanding, no contractor shall be required to terminate an existing employee upon proof that employee was employed prior to the date of the contract.

KRS 45.640 Minimum skills

Nothing in KRS 45.560 to 45.640 shall require a contractor to hire anyone who fails to demonstrate the minimum skills required to perform a particular job."

It is recommended that all of the provisions above quoted be included as special conditions in each contract. In the case of a contract exceeding \$250,000, the contractor is required to furnish evidence that his workforce in Kentucky is representative of the available workforce in the area from which he draws employees, or to supply an Affirmative Action plan which will achieve such representation during the life of the contract.

LFUCG Non-Appropriation Clause

Contractor acknowledges that the LFUCG is a governmental entity, and the contract validity is based upon the availability of public funding under the authority of its statutory mandate.

In the event that public funds are unavailable and not appropriated for the performance of the LFUCG's obligations under this contract, then this contract shall automatically expire without penalty to the LFUCG thirty (30) days after written notice to Contractor of the unavailability and non-appropriation of public funds. It is expressly agreed that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

EQUAL OPPORTUNITY AGREEMENT

The Law

- Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for an employer to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.
- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- Section 503 of the Rehabilitation Act of 1973 states:

The Contractor will not discriminate against any employee or applicant for employment because of physical or mental disability.

- Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.
- Section 206(A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:

The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.

Bidders

I/We agree to comply with the Civil Rights Laws listed above that govern employment rights of minorities, women, Vietnam veterans, handicapped and aged persons.

Funding Priority Area: Community Wellness & Safety

Projected funding is 40% of total ESR Grant Program Award

LFUCG seeks to strengthen and enhance Community Wellness and Safety, by supporting programs and services addressing **Mental Health, Substance Misuse Disorder, and Violence Prevention**. LFUCG intends to award grants for priority-rated programs and services which originate with demonstrated client needs, establish clearly-defined outcomes, and are designed to best practices or evidence-based models. These programs may address one or more of the following areas, but shall not be limited to:

- **Substance Misuse Disorder**, which include prevention of alcohol and drug abuse; prevention and treatment of addictive and mental disorders through programs and services for individuals who suffer from these disorders; and harm reduction.
- **Mental Health**, which is defined as a state of well-being in which every individual realizes his or her own potential, can cope with the normal stresses of life, can work productively and fruitfully, and is able to make a contribution to her or his community. Mental health includes our emotional, psychological, and social well-being. It affects how we think, feel, and act. It also helps determine how we handle stress, relate to others, and make choices. Mental health is important at every stage of life, from childhood and adolescence through adulthood.
- **Violence Prevention**, which include Child Abuse & Neglect Services, Sexual Violence Prevention, Elder Abuse Prevention, Suicide Prevention, Youth Violence Prevention & Intervention, including Gang & Gun Violence, and Intimate Partner Violence Prevention and Stalking.

The term “client” is used throughout this proposal; however we understand that within the context of your work “client” may not mean an individual. For some agencies it may be helpful to think of “client” as whole system (such as a school) or as a neighborhood, group, or community.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement 15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

5.1.2 Service Delivery Model 15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each “unit of service” you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

5.1.3 Client Eligibility and Requirements 5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

5.1.4 Evidence-Based/Best Practice 10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are proposing is best-practice.

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define "successful" completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also be specific regarding sampling size and frequency of evaluation.

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community's comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community?

Laws and Regulations

All applicable state laws, municipal ordinances and regulations of all authorities having jurisdiction over the project shall apply to the contract, and shall be deemed to be incorporated herein by reference.

Equal Employment Opportunity

The Entity (regardless of whether construction contractor, non-construction contractor or supplier) agrees to provide equal opportunity in employment for all qualified persons, to prohibit discrimination in employment because of race, color, creed, national origin, sex or age, and to promote equal employment through a positive, continuing program from itself and each of its subcontracting agents. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

Kentucky Equal Employment Opportunity Act

The Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any "county, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly publicly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin;
- (2) The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin;

(3) The contractor will post notices in conspicuous places, available to employees and applicants for employment, setting forth the provision of the nondiscrimination clauses required by this section; and

(4) The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding advising the labor union or workers' representative of the contractor's commitments under the nondiscrimination clauses."

The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

(1) For the length of the contract, each contractor shall hire minorities from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetables.

(2) Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.

KRS 45.620. Action against contractor -- Hiring of minority contractor or subcontractor

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or subcontract covered under KRS 45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the

contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of KRS 45.560 to 45.640, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.

KRS 45.630 Termination of existing employee not required, when

Any provision of KRS 45.560 to 45.640 notwithstanding, no contractor shall be required to terminate an existing employee upon proof that employee was employed prior to the date of the contract.

KRS 45.640 Minimum skills

Nothing in KRS 45.560 to 45.640 shall require a contractor to hire anyone who fails to demonstrate the minimum skills required to perform a particular job."

It is recommended that all of the provisions above quoted be included as special conditions in each contract. In the case of a contract exceeding \$250,000, the contractor is required to furnish evidence that his workforce in Kentucky is representative of the available workforce in the area from which he draws employees, or to supply an Affirmative Action plan which will achieve such representation during the life of the contract.

LFUCG Non-Appropriation Clause

Contractor acknowledges that the LFUCG is a governmental entity, and the contract validity is based upon the availability of public funding under the authority of its statutory mandate.

In the event that public funds are unavailable and not appropriated for the performance of the LFUCG's obligations under this contract, then this contract shall automatically expire without penalty to the LFUCG thirty (30) days after written notice to Contractor of the unavailability and non-appropriation of public funds. It is expressly agreed that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

The Law

- Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for an employer to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.
- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- Section 503 of the Rehabilitation Act of 1973 states:

The Contractor will not discriminate against any employee or applicant for employment because of physical or mental disability.

- Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.
- Section 206(A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:

The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.

The term "client" is used throughout this proposal; however we understand that within the context of your work "client" may not mean an individual. For some agencies it may be helpful to think of "client" as whole system (such as a school) or as a neighborhood, group, or community.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement 15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

5.1.2 Service Delivery Model 15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each "unit of service" you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

5.1.3 Client Eligibility and Requirements 5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

5.1.4 Evidence-Based/Best Practice 10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are proposing is best-practice.

5.2 Program Measures & Evaluation

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also be specific regarding sampling size and frequency of evaluation.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement

15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

According to the CDC: "Adverse Childhood Experiences (ACEs) is the term used to describe all types of abuse, neglect, and other potentially traumatic experiences that occur to people under the age of 18. ACEs have been linked to risky health behaviors, chronic health conditions, low life potential, and early death. As the number of ACEs increases, so does the risk for these outcomes." Big Brothers Big Sisters of the Bluegrass (BBBSBG) has a waiting list of nearly 200 children, many who have high numbers of ACEs. Boys make up about 60% of the waiting list, with 45% of boys waiting more than 2 years to be matched. Many of the boys that have waited the longest have the highest numbers of ACEs and the few male volunteers that do come forward are not trained or prepared to assist and mentor them. These boys are at the highest risk of committing acts of violence, suffering from depression, attempting suicide, and/or repeating the traumatic acts they have experienced.

BBBSBG struggles to recruit male volunteers to serve the boys with the highest ACEs. Men report the following reasons for not volunteering: doing activities with a child alone is intimidating or costs money; work schedules prevent them from doing the school program; one year commitment feels too long; and lack of training to assist child with challenges. We know training is necessary for volunteers to work with this audience. Through Sports Buddies, we remove these barriers for volunteers and provide necessary additional training.

5.1.2 Service Delivery Model

15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each "unit of service" you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

Through a pilot program, Sports Buddies, male mentors (Bigs) will be paired one-to-one with our most at-risk boys (Littles) in a group setting. Outings will be offered 3-4 times a month, with the intent of having each Big and Little (referred to as matches) attend at least two sessions each month. The outings will rotate between spectating and participating in sporting events. Each outing will be supervised by a staff person from BBBSBG, which will allow for further support for each match as they get to know one another and as the volunteer builds confidence and abilities to better support their Little. Volunteers in this program will be asked to commit to at least six months and will be given the opportunity to transfer to our Community Program at the conclusion. For this pilot program, BBBSBG proposes to serve 40 boys through Sports Buddies by pairing them with male volunteers.

During the six month commitment, volunteers will be given (at minimum) monthly, one-hour long training sessions on trauma-informed care. These trainings, coupled with support, advice, and coaching provided by professional BBBSBG staff at each outing will bolster the volunteer's ability to work with and better support their Littles.

Our Service Delivery Model is established by our national organization, BBBSA, and ensures high-quality and safe programming. BBBSBG adheres to required national standards in all programming, including rigorous screening of volunteers and youth, training for mentors, close monitoring of the youth-mentor relationship, and participation in goal-setting and youth outcomes.

5.1.3 Client Eligibility and Requirements

5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

Eligibility Requirements include the following for children:

Age 6-13 years old, residing in Fayette County, with all custody issues resolved. Parent/child must complete forms, interviews, and training. They must be willing and able to support the match relationship by maintaining contact with BBBSBG staff and volunteer. Child must show no in-patient treatment or significant trauma within past six months. Additionally, to qualify for the Sports Buddies program, BBBSBG staff will review waiting list and prioritize boys who have waited the longest and have multiple (4 or more) ACEs. The intent is to serve the most at-risk boys on our list and those who will benefit the most from specially trained volunteers in the area of Trauma Informed Care.

Eligibility Requirements for Volunteers in the Sports Buddies program include:

Age 18 years or older, must have transportation, current Driver's License, and proof of auto insurance. They must be able to make at least a 6 month commitment for 2 or more outings each month. They must complete forms, interview, orientation, and training. Complete four background checks and one Child Abuse Registry check with no concerns.

To facilitate safety within the match, volunteers are required to speak to their Match Support Specialist, complete surveys, report any changes to personal information, and follow the rules on the contracts. In addition, volunteers with the Sports Buddies program will be required to complete monthly training (online or in-person) on Trauma Informed Care. Cost for all activities will be covered by BBBSBG.

5.1.4 Evidence-Based/Best Practice

10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are doing is best-practice.

BBBSA has been the most extensively examined mentoring program to date (Grossman et al., 2012; Grossman & Tierney, 1998; Herrera et al., 2007; Herrera, Grossman, Kauh, & McMaken, 2011). Recognized as a model program by the Office of Juvenile Justice Delinquency and Prevention through the Blueprints for Violence Prevention initiative and subsequently deemed an evidence-based program (Lemmon & Verrechia, 2009; Mihalic et al., 2001; Mihalic, Fagan, Irwin, Ballard, & Elliott, 2004), BBBSA has been identified as an effective intervention for elementary to high school age youth and that both Community Based and School Based programs produce an array of positive quantifiable outcomes, including combating the impacts of trauma.

BBBSA provides a Program Manual for all agencies to follow and the BBBSA mentoring model produces specific outcomes. BBBSA requires compliance from all agencies and updates best practices regularly. BBBSBG adheres to policies and Standards of Practice from the national organization and, in 2018, received the Quality award from BBBSA for following and exceeding these practices.

The Sports Buddies program that BBBSBG is proposing to pilot in Lexington has been incredibly successful at BBBS of Colorado, where the program has existed for the past 19 years. They have more than 300 men volunteering for this program and their average time matched is nearly 3 years, despite only asking for a 6 month commitment. BBBSBG is modeling its program after theirs in an effort to match more boys and ensure that we are serving the most at-risk.

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define "successful" completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

For 62 years, BBBSBG has operated under the belief that inherent in every child is the potential to succeed and thrive in life. Our goal is to help children achieve success by addressing social acceptance, scholastic competency, educational expectations, avoidance of risky behaviors, truancy, and juvenile justice. Through the Sports Buddies program (like all of our programs), each match will set specific goals, in addition to these generalized outcomes. These goals might include making better grades, improving peer relationships, discovering new hobbies, healthier eating, or boosting self-confidence. Professional staff, along with the guardian, volunteer and child, identify methods for success and work toward achieving goals together. BBBSBG approaches the match as a partnership where all participants have a vested interest in success for the child. Goals are reviewed with a case manager on a monthly basis to inform of new ideas or set guidelines for the relationship to work toward success.

Successful completion of service for the Sports Buddies program includes at least 6 months in a match with a safe volunteer, meeting at least twice each month, showing positive indicators on Child and Youth Outcomes Surveys and Strength of Relationship Surveys. A goal for the program is to have at least 85% of participants successfully complete the program and 50% or more of the matches transition to the Community Based program at the end of the six months pilot.

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

According to Futures Without Violence, minds can be healed from trauma through five gestures - Celebrating, Comforting, Collaborating, Listening, and Inspiring. BBBSBG volunteers use these gestures regularly. Volunteers celebrate the accomplishments of their Littles. Volunteers comfort in small ways - consistently showing up - and in large ways - listening and providing reassurance. Volunteers collaborate by showing Littles simple ways to problem solve and offering a different perspective. Volunteers listen and demonstrate that the Little's feelings matter. Volunteers inspire through encouragement -- they defend the potential of their Little.

Children in our program report having more confidence in school, improved relationships with family, and value their friendship with their Big. Further, our impact on a child's well-being is felt long after Littles graduate. Of alumni surveyed, 90% agreed their Big made them feel better about themselves, 86% agreed they live a fulfilling life, and 72% said they are satisfied with their relationships with friends.

Our preventative program has shown to reduce juvenile crime and delinquency, reduce substance abuse, increase school performance and attendance, and decrease the likelihood of children committing violent acts. Our program is essential toward developing well-adjusted and law-abiding individuals who will grow up to be contributing members of society. Because we are not able to serve all boys on our waiting list before they age out, Sports Buddies will provide an opportunity to serve the most at-risk boys who, without assistance to heal from the trauma they have experienced, will cost our community more in additional services.

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also **be specific regarding sampling size and frequency of evaluation.**

BBBSBG operates a consistent, evidence-based, nationwide system that tracks the match length/strength and outcomes of every young person we serve. Surveys begin with the Child Outcomes Survey (COS) for those under 11 and the Youth Outcomes Survey (YOS) for those over 11. These surveys are attitudinal surveys measuring the effect BBBSBG has on youth in three areas - educational success, avoidance/reduction of risky behaviors, and socio-emotional competence. These surveys are administered to children at the beginning of the match to establish a baseline. Then, it is administered annually to determine the client's progress. For Sports Buddies, we will administer this survey at the end of the 6 month period.

The Strength of Relationship Survey (SOR) is completed three months after the initial match and again annually by clients to identify areas where the match relationship might be struggling so that the case manager can assist and facilitate a healthy, stronger match relationship. BBBSBG maintains a survey completion rate of 75% for Community Based matches, 86% for School Based matches, from a sample size of 502 clients.

The information in these surveys are not only used for improved match support of each individual match, but will provide program staff with a snapshot of what is working within the Sports Buddies program and what areas might need to be improved and what areas we need to provide more training in. This feedback will inform us as we eventually move to train all of our volunteers on Trauma-Informed Care.

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

Funding will support the hire of two positions - one Sports Buddies Case Manager and one Sports Buddies Recruitment and Event Specialist. The Sports Buddies Case Manager will be required to have a social work background, bachelor's degree, and knowledge of working with children impacted by trauma. This position will be responsible for enrolling children, families, and volunteers, providing Trauma-Informed Care training, as well as coaching and supporting families, children, and volunteers for a successful mentoring relationship. Additionally, the Sports Buddies Case Manager will work with our Program Director to prioritize and assess children on our waiting list, using ACEs as an indicator for priority matching.

The Sports Buddies Recruitment and Event Specialist will be required to have a bachelor's degree, community relations background, and experience in event planning. This position will be responsible for working with community partners to recruit volunteers, plan and build Sports Buddies calendar of events, and assisting with enrolling volunteers in the program.

Both of these positions will be supervised by Natalie Thompson, BBBSBG Program Director. Natalie began as a Case Manager for School-Based Mentoring programs in six elementary schools in Bourbon and Scott Counties in 2006. In 2008, she was promoted to Program Manager, leading community and school based programming in Anderson, Franklin, Scott, and Woodford Counties. In 2012, she was promoted to Program Director, directing all programming for the agency. She has more than 12 years of experience successfully implementing and managing mentoring programs and ensuring positive outcomes for the children served.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community's comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

Our program is a preventative program for youth that helps bolster mental health, reduce acts of violence, and guides young people to fulfill their potential through the use of volunteer mentors. Our program has been proven to combat the negative impacts of trauma. We utilize our national partnerships with Futures Without Violence and National Center for Missing and Exploited Children to continue training and guiding our volunteers to assist with this.

Our agency collaborates with a variety of local partners. We accept referrals from child-serving agencies and school districts, and work closely with foster care programs, DCBS, and area churches. We have longstanding partnerships with other agencies to assist our clients with basic needs, activities, community services, referrals, and more.

Our agency collaborates with corporate partners, such as Valvoline, Gray, Lexmark, local universities, and local banks to recruit volunteers and fundraise. As a nonprofit, we depend entirely on private donations, corporations, fundraising events, foundations, and grants to operate. Major supporters include Marksbury Family Foundation, Valvoline, Zenith Company, Miller Family Foundation, Toyota, Kentucky Coal Association, and Central Bank, among others.

Our Board of Directors provides oversight for our organization, regularly reviewing goals, outcomes, and resources needed. The Board annually reviews practices to ensure compliance with standards. As Sports Buddies is developed, we are prepared to commit a portion of our general operating support to this program and will reach out to our community partners for sponsorship, as well as assistance with free meeting space, tickets to sporting events, and sports equipment.

5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community?

During the enrollment process with a child/family, staff meets the family in their home and identifies their specific needs. Our staff work diligently to identify areas of need for each family, in an effort to provide the right fit when making a match. In 2018, we began work with Global Language Communications to assist our staff in working with families who speak English as a second language. This has greatly helped us to overcome language barriers and increased our services to a more diverse population, expanding from serving English- and Spanish-speaking families to now also serving Swahili-speaking families. We serve many children with a variety of diagnoses, including ADHD, ODD, Autism, and physical disabilities and communicate special needs to our volunteers prior to making a match. Our office is centrally located in the West end of Lexington, which is easily accessible.

BBBSBG has an anti-discrimination policy for all of its participants, staff, board, and volunteers. Our staff and board represent the organization by serving on committees and participating in events, with a goal of advocating for young people and improving our ability to serve them.

To further diversify our volunteer population, we launched a campaign in 2018 to recruit more men of color. We are also in the process of developing more strategies around recruiting senior citizens, as our older volunteers are often our best volunteers. By offering multiple programs (Community, School, Sports Buddies), we are able to provide volunteers and families with different levels of involvement.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement

15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

According to the US Census Bureau, 30% of the Fayette County population is living below the \$35,000 income level. Additionally, 53% of homes with a grandparent present list the grandparent as being solely responsible for children in the home. Furthermore, 7,000 children are in foster care in Kentucky, and with Lexington being the second largest city, a substantial amount of those children reside here (childwelfare.gov).

Big Brothers Big Sisters of the Bluegrass (BBBSBG) serves children who face adversity during their formative years. Examples of adversity our children face include being from a low income home, single parent home, foster home, having an incarcerated parent, or being raised by a non-parent guardian. Children from such situations inherently are exposed to many risks that may interfere with their ability to bond, develop self-confidence, trust adults, or form healthy relationships with peers and hinders their learning at school.

Each year, BBBSBG has 200+ at-risk children (ages 6-13) on our waiting list for our program. Referred in many ways, most wait at least a year before being matched. Additionally, 81% of Fayette County Public School administrators have identified in-school mentoring as one of their top needs. We have three existing school programs within Fayette County and will add two schools this Fall. However, funding is needed to continue staffing the Community and School Plus Programs, shorten the wait time on our waiting list, respond to schools' needs, and recruit additional volunteers to expand both programs.

5.1.2 Service Delivery Model

15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each "unit of service" you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

BBBSBG offers two program options: Community Based (CB) and School Plus Program (SB) in place at three Fayette County Schools. The CB program allows matched children to do activities out in the community with their Big (volunteer). The SB program provides a school setting for matches to meet weekly, usually on the same day and at the same time, with the option to pursue activities outside of school. Volunteers are required to make a one year commitment. Both programs allow children to participate in activities related to academics, socializing, community engagement, and healthy habits. ESR funds will support 100 children in SB and CB matches.

Our Service Delivery Model is established by our national organization, BBBSA, and ensures high quality and safe programming. BBBSBG requires at least a one year commitment in order to have the most impact and adheres to required national guidelines, including rigorous screening of volunteers and youth, training for mentors to aid them in building a successful relationship, close monitoring of the youth-mentor relationship, and participation in goal-setting and youth outcomes, all supported by a professional Case Manager.

The units of service that we provide in both our CB and SB programs, include: 4 activities/month or 1 meeting/week for 1 hour at the school, quarterly group activities for a total of 4 activities, monthly consultation with staff, and three month and annual surveys.

5.1.3 Client Eligibility and Requirements

5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

Eligibility Requirements include the following for children:

Age 6-13 years old, residing in Fayette County, with all custody issues resolved. Parent/child must complete forms, interviews and training. They must be willing and able to support the match relationship by maintaining contact with BBBSBG staff and volunteer. Child must show no inpatient or significant trauma within past six month. Additionally, children in the SB programs must attend one of our partner schools – William Wells Brown, Breckinridge, Booker T. Washington, Tate Creek, or Millcreek Elementary Schools.

Eligibility Requirements include the following for volunteers:

Age 18 years or older, must have transportation, current Driver's License, and proof of auto insurance. They must complete forms, interview, orientation, and training. Completed multiple background checks and one Child Abuse Registry check with no concerns. Volunteers in the CB program must be able to commit to at least 1 year for 2 or more outings each month. Volunteers in the SB program must be able to commit to at least 1 year with weekly, one hour sessions during the school year and (at minimum) regular contact when school is not in session. Volunteers are responsible for paying for outings in the CB program, however BBBSBG provides many free options throughout the year.

To facilitate safety within the match, participants are required to speak to their Case Manager regularly, complete surveys, report any changes to personal information, follow the rules on the contracts, and be supportive of the agency.

5.1.4 Evidence-Based/Best Practice

10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are doing is best-practice.

BBBSA has been the most extensively examined mentoring program to date (Grossman et al., 2012; Grossman & Tierney, 1998; Herrera et al., 2007; Herrera, Grossman, Kauh, & McMaken, 2011). Recognized as a model program by the Office of Juvenile Justice Delinquency and Prevention through the Blueprints for Violence Prevention initiative and subsequently deemed an evidence-based program (Lemmon & Verrechia, 2009; Mihalic et al., 2001; Mihalic, Fagan, Irwin, Ballard, & Elliott, 2004), BBBSA has been identified as an effective intervention for elementary to high school age youth and that both Community Based and School Based programs produce an array of positive quantifiable outcomes.

BBBSBG follows the model produced by BBBSA and the mentoring program has been replicated in more than one geographic and practice setting, with consistent results. BBBSA provides a Program Manual for all agencies to follow and BBBSA mentoring model produces specific outcomes in six key areas. BBBSA requires compliance from all agencies and updates best practices regularly.

BBBSBG mentoring is based on the social control theory which concludes that attachments to positive relationships, commitment to socially appropriate goals, and involvement in conventional activities deter youth from engaging in risky behaviors. A relationship with a mentor has a positive effect on the social and emotional development of the mentored child.

Our agency adheres to policies and Standards of Practice from the national organization and exceeds national averages in average match length and match support contacts.

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define "successful" completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

For 62 years, BBBSBG has operated under the belief that inherent in every child is the ability to succeed and thrive in life. Our goal is to help children achieve success in life by addressing the following areas: Social Acceptance, Scholastic Competency, Educational Expectations, Avoidance of Risky Behaviors, Truancy, and Juvenile Justice.

Through our two main programs, Community Based and School Plus, each match sets specific goals, in addition to the generalized outcomes. These goals might include making better grades, improving peer relationships, discovering new hobbies, healthier eating, or boosting self-confidence. Professional staff, along with the guardian, volunteer, and child, identify methods for success and work toward achieving goals together. BBBSBG approaches the match as a partnership where all participants have a vested interest in success for the child. Goals are reviewed with a case manager monthly to inform of new ideas or set guidelines for the relationship to work toward success.

Successful completion of services includes at minimum a one-year match relationship with a safe volunteer, meeting regularly throughout each month, showing positive indicators on Child and Youth Outcome Surveys and Strength of Relationship Surveys. A goal for the program is to have at least 90% of participants successfully complete the program.

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

Children in our program report that they feel more confident of their performance in schoolwork, get along better with their families, and value their relationship with their Big. Furthermore, our impact on a child's self-confidence and emotional well-being is felt long after Littles graduate from high school. Of alumni surveyed:

- 90% agreed their Big made them feel better about themselves.
- 86% agreed they lead a fulfilling life.
- 72% said they are satisfied or extremely satisfied with their relationships with friends.

The community receives value because BBBSBG is a proven prevention program that reduces juvenile crime and delinquency, reduces substance abuse, increases school performance and attendance, and decreases the likelihood of children committing violent acts. We are especially effective in these areas when we can match a child with a volunteer at a young age (between 6 and 13 years old). Our program is essential toward developing well-adjusted and law-abiding young men and women who will grow up to become contributing members of society. We can choose to support proven prevention programs such as BBBS, or we can spend money and time incarcerating juveniles, which costs considerably more than our program, both in dollars and in the loss of potentially caring and productive members of our community.

Additionally, our case managers help families identify other resources in the community that their families can benefit from such as food baskets, emergency shelter, holiday assistance, and back to school rallies. The referrals help remove barriers to goal achievement and academic focus.

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also **be specific regarding sampling size and frequency of evaluation.**

BBBSBG operates a consistent, evidence-based, nationwide system that tracks the match length/strength and outcomes of every youth we serve. Surveys begin with the Child Outcomes Survey (COS) or the Youth Outcomes Survey (YOS). The COS and YOS are attitudinal surveys measuring the effect BBBSBG mentoring has on youth in three areas - educational success, avoidance/reduction of risky behaviors, and socio-emotional competence.

The COS is administered to children under the age of 11 and the YOS is administered to children over the age of 11. Both surveys are given at the beginning of a match to establish a baseline, then they are administered annually to determine the child's progress. The Strength of Relationship Survey (SOR) is completed three months after the initial match and again annually by clients to identify areas where the match relationship might be struggling so the case manager can assist and facilitate a healthy, stronger match relationship.

BBBSBG maintains a survey completion rate of 75% for Community Based matches, 86% for School Based matches, from a sample size of 502 clients. Volunteers and guardians also complete satisfaction surveys related to the quality of care provided by Case Managers after the match is made and then annually.

The information in these surveys are not only used for improved match support of each individual match, but will provide program staff with a snapshot of what is working within the programs and what areas might need to be improved. This information is used in future program development.

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

Funding will support two Case Manager Positions at BBBSBG and part of Program Director's salary. Michelle Smith has been a Case Manager with BBBSBG for over a year and primarily serves as the coordinator for our School Plus Program. Michelle has a Master's of Social Work and came to BBBSBG with a history of working with children and adults of diverse backgrounds. She has implemented transitional programming for disabled youth and partnered with families on what works best for their unique situations. During her time at BBBSBG, significant growth has occurred in the SB program.

Laura Walker has worked as a Case Manager at BBBSBG for 2 years. She has a Bachelor's of Social Work and is pursuing a Masters in psychology. Laura brings experience serving families through work at the HANDS Program where she provided parents with information about building a strong bond with their baby, proper development with periodic screenings for delays, and referrals to resources.

Both Case Managers are responsible for supervision of matches, including assisting with volunteer enrollment and training, as well as coaching and supporting families, children, and volunteers for a successful mentoring relationship.

Laura and Michelle are supervised by Natalie Thompson, Program Director at BBBSBG. Natalie began as a Case Manager for School-Based Mentoring Programs in six elementary schools in 2006. In 2012, she was promoted to Program Director, directing all programming for the agency. She has more than 12 years' experience successfully managing mentoring programs and ensuring positive outcomes for the children served.
