Laws and Regulations

All applicable state laws, municipal ordinances and regulations of all authorities having jurisdiction over the project shall apply to the contract, and shall be deemed to be incorporated herein by reference.

Equal Employment Opportunity

The Entity (regardless of whether construction contractor, non-construction contractor or supplier) agrees to provide equal opportunity in employment for all qualified persons, to prohibit discrimination in employment because of race, color, creed, national origin, sex or age, and to promote equal employment through a positive, continuing program from itself and each of its subcontracting agents. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

Kentucky Equal Employment Opportunity Act

The Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any "county, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly publicly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin;
- (2) The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin;

(3) The contractor will post notices in conspicuous places, available to employees and applicants for employment, setting forth the provision of the nondiscrimination clauses required by this section; and

(4) The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding advising the labor union or workers' representative of the contractor's commitments under the nondiscrimination clauses."

The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

(1) For the length of the contract, each contractor shall hire minorities from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetables.

(2) Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.

KRS 45.620. Action against contractor -- Hiring of minority contractor or subcontractor

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or subcontract covered under KRS 45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time

as the contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of KRS 45.560 to 45.640, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.

KRS 45.630 Termination of existing employee not required, when

Any provision of KRS 45.560 to 45.640 notwithstanding, no contractor shall be required to terminate an existing employee upon proof that employee was employed prior to the date of the contract.

KRS 45.640 Minimum skills

Nothing in KRS 45.560 to 45.640 shall require a contractor to hire anyone who fails to demonstrate the minimum skills required to perform a particular job."

It is recommended that all of the provisions above quoted be included as special conditions in each contract. In the case of a contract exceeding \$250,000, the contractor is required to furnish evidence that his workforce in Kentucky is representative of the available work-force in the area from which he draws employees, or to supply an Affirmative Action plan which will achieve such representation during the life of the contract.

LFUCG Non-Appropriation Clause

Contractor acknowledges that the LFUCG is a governmental entity, and the contract validity is based upon the availability of public funding under the authority of its statutory mandate.

In the event that public funds are unavailable and not appropriated for the performance of the LFUCG's obligations under this contract, then this contract shall automatically expire without penalty to the LFUCG thirty (30) days after written notice to Contractor of the unavailability and non-appropriation of public funds. It is expressly agreed that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

EQUAL OPPORTUNITY AGREEMENT

The Law

- Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for an employer to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.
- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- Section 503 of the Rehabilitation Act of 1973 states:

The Contractor will not discriminate against any employee or applicant for employment because of physical or mental disability.

- Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.
- Section 206(A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:

The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.

Bidders

I/We agree to comply with the Civil Rights Laws listed above that govern employment rights of minorities, women, Vietnam veterans, handicapped and aged persons.

Funding Priority Area: Community Wellness & Safety

Projected funding is 40% of total ESR Grant Program Award

LFUCG seeks to strengthen and enhance Community Wellness and Safety, by supporting programs and services addressing **Mental Health, Substance Misuse Disorder, and Violence Prevention**. LFUCG intends to award grants for priority-rated programs and services which originate with demonstrated client needs, establish clearly-defined outcomes, and are designed to best practices or evidence-based models. These programs may address one or more of the following areas, but shall not be limited to:

- **Substance Misuse Disorder**, which include prevention of alcohol and drug abuse; prevention and treatment of addictive and mental disorders through programs and services for individuals who suffer from these disorders; and harm reduction.
- **Mental Health**, which is defined as a state of well-being in which every individual realizes his or her own potential, can cope with the normal stresses of life, can work productively and fruitfully, and is able to make a contribution to her or his community. Mental health includes our emotional, psychological, and social well-being. It affects how we think, feel, and act. It also helps determine how we handle stress, relate to others, and make choices. Mental health is important at every stage of life, from childhood and adolescence through adulthood.
- **Violence Prevention**, which include Child Abuse & Neglect Services, Sexual Violence Prevention, Elder Abuse Prevention, Suicide Prevention, Youth Violence Prevention & Intervention, including Gang & Gun Violence, and Intimate Partner Violence Prevention and Stalking.

The term “client” is used throughout this proposal; however we understand that within the context of your work “client” may not mean an individual. For some agencies it may be helpful to think of “client” as whole system (such as a school) or as a neighborhood, group, or community.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement

15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

The 2017 KY Overdose Fatality Report indicated that the number of Kentuckians who die from drug overdoses climbed over the last decade to more than 1,500 in 2017; Fayette County was second in KY for heroin, fentanyl, and heroin/fentanyl combination overdose deaths. The 2018 KY Treatment Outcome Study showed past 12-month substance use by clients entering treatment in the Bluegrass; one-fourth reported using heroin, 47%, other prescription opiates, 22% cocaine, 24% CNS depressants, and 15% other stimulants, including methamphetamine. Of persons who sought treatment in the Bluegrass Region in FY17, 59.3% met criteria for depression in the previous 12 months, 58.7% for anxiety, 46% for depression and anxiety, and 23.7% reported suicidal thoughts or attempts.

This project will target pregnant and parenting women with substance use (SUD) and co-occurring mental health disorders. Chrysalis prioritizes treatment for pregnant women and is the only facility in Fayette County in which mothers can bring their babies to treatment with them.

On admission, women often present with limited education, little work experience, few job skills, criminal records, interpersonal violence, mental disorders, and other barriers that preclude gainful employment necessary to increase income. There is a high degree of correlation among SUDs, poverty, and other factors such as employment opportunities, education, homelessness, and family/social environment. The treatment of SUDs makes significant impact on the ability of individuals to rise from poverty. Chrysalis recognizes that each of these issues must be addressed concurrently, working with community partners, for a woman to obtain long-term recovery and self-sufficiency.

5.1.2 Service Delivery Model

15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each "unit of service" you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

Chrysalis House's primary objective is to improve outcomes for women with substance use disorders and their children. To accomplish this objective, a strong core design is used to include approaches, interventions, and services effective in reaching and retaining women. Chrysalis House considers the needs of women in all aspects of program design and delivery.

Chrysalis House is dually licensed as an Alcohol and Other Drug Entity (AODE) and a Behavioral Health Service Organization (BHSO) by Kentucky to provide Residential/Transitional SUD Treatment and is CARF Accredited. Residential services for SUDs is a 24 hour/day (unit of service) for the purposes of providing intensive treatment and skills building in a structured and supportive environment to assist clients obtain abstinence and enter into substance addiction recovery.

Chrysalis House provides activities constituting 40 hours per week of structured professionally directed treatment services. A list of groups and activities offered at least one-hour weekly includes: Corrective Thinking, Nurturing Families, 12 Step Support Group, Relapse Prevention, Relationships, Seeking Safety, Wise Minds, Computer Skills, GED Tutoring, Job Readiness, Group Therapy, Adult Daily Living Skills, Addictions 101, Domestic Violence Education, Mother/Child Attachment, Self-Care and Coping, Positive Interaction, Spiritual Connections in Recovery, Family Education Groups/Family Meetings, and Individual Therapy.

Treatment is not an event but rather a gradual process that moves a woman toward lasting recovery. Treatment at Chrysalis House includes a broad continuum of programs and strategies designed to address dependence, ameliorate

5.1.3 Client Eligibility and Requirements

5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

The Chrysalis Court program accepts pregnant and/or parenting women, age 18 and over, who meet ASAM diagnostic criteria for substance dependence. Women admitted to the Chrysalis Court program have usually had several prior treatment episodes at a lower level of care.

In order to alleviate financial barriers to obtaining treatment, there are no fees for admission to the program. Chrysalis House's Job Readiness Program assists clients with GED tutoring, computer classes, vocational training and job placement assistance, all integral to the success of the women in the program. Once a program participant has income, she contributes 30% of her gross income toward the cost of room and board. If a program participant qualifies to receive assistance through the Supplemental Nutritional Assistance Program (food stamps) they will contribute a portion of their allotment to the program for meal service.

Clients learn and implement valuable life skills such as: cooking and maintaining household chores, on a rotating basis, while in the residential treatment program. In addition, each woman is required to volunteer in the community and/or meet her mandatory structured or unstructured work hours as part of her treatment regimen.

5.1.4 Evidence-Based/Best Practice

10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are doing is best-practice.

Chrysalis House uses a biopsychosocial model of treatment for pregnant and parenting women. Practices have been adopted from the SAMHSA National Registry for Evidence Based Programs and Practices (NREPP) due to their exemplary records in consistent and reliable research demonstrating efficacy, and due to their "best fit" for the women and families. Cognitive Behavioral Therapy (CBT) is used in individual and group therapeutic sessions, including Motivational Enhancement Therapy (MET), Cognitive Therapy, and Dialectic Behavior Therapy (DBT).

Chrysalis House uses evidence-based curricula for parenting skills and family strengthening called Nurturing Parenting for Families in Substance Abuse Treatment and Recovery which is designed specifically for the prevention and treatment of child abuse and neglect. According to the Kentucky Department of Public Health, substance abuse is a risk factor in about 80% of deaths from child abuse.

Chrysalis House incorporates the key elements of a trauma-informed system: trauma competence, trustworthiness, cultural competence, and physical and emotional safety. An evidenced based curricula, Seeking Safety, is used due to the high number of clients who have been subject to trauma.

All psycho-educational groups at Chrysalis House are founded in sound scientific research. Chrysalis House uses Charting a New Course, a behavioral self-control program to teach individuals with substance addiction how to anticipate and cope with the potential for relapse.

~~Corrective Thinking helps individuals identify and change irresponsible thinking into more responsible thinking.~~

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define "successful" completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

Sobriety is the overarching goal of the program. A person-centered plan is developed for each client with objectives related to addiction, parenting, relationships, reduction of mental health symptoms, employment, safe and affordable housing, and physical health. Chrysalis combines cognitive-behavioral therapy (including motivational and Dialectical Behavior Therapy) with counseling to help clients achieve their goals.

Chrysalis' philosophy is to provide a safe, nurturing, and aesthetically pleasing environment for recovering women and their children. We recognize the disease concept of addiction and incorporate Twelve Step Programs and Evidence Based Practices into treatment.

Clients transition through 3 phases of treatment. To transition from Phase I to II, a client must show an understanding of the program; participate in the assessment and treatment planning process; exhibit readiness to change; identify barriers to treatment retention; participate in psycho-educational groups; and use basic recovery skills.

From Phase II to III, the client must begin to build natural support systems; demonstrate coping skills; advocate for unmet needs; and transition from external to internal motivation.

In order to successfully complete treatment, clients must maintain sobriety while using learned skills in the community; grow her sober support network; and show decisions and choices that facilitate a sober lifestyle.

~~The average length of stay is analyzed for clients who successfully complete and those who exit prior to completion. In~~

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

According to the National Drug Intelligence Center, substance use disorder treatment is cost effective in reducing drug use and bringing about related savings in health care. Treatment also consistently has been shown to reduce the costs associated with lost productivity, crime, and incarceration. The largest economic benefit of treatment is seen in avoided costs of crime (incarceration and victimization costs) (NDIC, 2011).

A 2013 LFUCG State of Fair and Affordable Housing Report found that 18% of Lexington's population lived below poverty level. Most at risk are families led by females, with 28% below poverty level. On admission, most women present with mental health issues, limited education, little work experience, criminal records, and other barriers affecting the ability to increase income. Chrysalis House recognizes that all issues must be addressed to achieve stable recovery and self-sufficiency.

Fayette County identified mental health and substance abuse as great needs, surpassed only by the need for affordable housing, based on a city data needs assessment completed by the UK College of Social Work. Chrysalis House is a partner with Lexington Housing Authority, which provides parenting women with site-based Section 8 for Serenity Apartments, a sober living apartment complex. For women, particularly those with children, housing means more than shelter; it is crucial for recovery and represents security.

Chrysalis House's integrated care approach addresses Fayette County's most pressing needs by empowering women to live substance free; manage mental health symptoms, obtain employment; find safe, affordable housing; and become tax-paying citizens.

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also **be specific regarding sampling size and frequency of evaluation.**

Chrysalis offers a comprehensive array of services addressing:

1. Functioning
2. Quality of life
3. Symptom distress

Sampling: 45 pregnant/parenting women in Chrysalis Court residential treatment

Goals:

1: Achievement of long-term sobriety.

3: Increased education on the importance of physical health for recovery.

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

Chrysalis House is the only licensed long-term treatment facility for pregnant and parenting women in Fayette County that provides integrated treatment for substance use and mental health disorders. Chrysalis House has over 70 MOUs in place with various community agencies to ensure continuity of care and services that empower women.

These MOUs ensure the agencies are able to provide comprehensive, holistic services. Community partners provide primary and acute medical services; medical and non-medical detoxification; comprehensive mental health services; obstetrical, gynecological and postpartum care; adult and child psychological and psychiatric services; medically assisted treatment with counseling; housing services; transportation assistance, employment assistance and educational services; faith-based services; and financial planning, credit repair, and budgeting services. To achieve service coordination and integration, Chrysalis invites partners to regular Continuous Quality Improvement meetings, client treatment team meetings, and staff meetings.

The role of the Chrysalis House governing board is to determine policies, procedures and regulations for the organization; to assist in securing funds to support the mission of the organization; and to monitor organizational performance. Chrysalis Board members and persons from partnering agencies provide their professional experience in many ways. 5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community?

Clients served shall not be unlawfully discriminated against in determining eligibility for treatment. Individuals have the right to receive services without discrimination based on race, color, age, religion, national origin, domestic/marital status, political affiliation or opinion, veteran's status, physical/mental handicap or ability to pay for services.

Chrysalis House is committed to providing treatment in a culturally and linguistically appropriate manner and ensures that all communication, both verbal and written, reflects the appropriate literacy level for each client. When necessary clients may utilize bilingual staff, paid interpreters, or Language Line Services free of charge.

Chrysalis House also has policies in place to eliminate financial barriers to treatment that assist in engaging and retaining women as there is no admission fee for treatment and no charge for clinical services.

Chrysalis House understands that the target population is especially vulnerable; many reflect generations of substance abuse and trauma. Most are single parents living in poverty and have low educational levels and limited coping skills. Many have tried treatment and other services before, been involved in the criminal justice and/or social service system, and feel a profound sense of isolation and inferiority. The practices chosen by Chrysalis House help women and their families achieve recovery while building self-esteem and addressing issues of shame and inferiority.

Outreach efforts include having a Peer Engagement Specialist contact women on the waitlist weekly to discuss pre-treatment and recovery support services and having staff stationed at other points of intervention designed to identify

6.0 Program Budget Summary Form Instructions

Proposal Submittal shall be considered incomplete and shall be rejected without completed Budget Summary Form. (Including total amount of ESR grant request.)

For organizations requesting funding for more than one program in this RFP, combine into a single Program Budget narrative for the proposal.

Please note that the Program Budget will be part of the grantee agreement with LFUCG and regular tracking and expenditure reporting will be required.

To ensure readability and uniformity, please use the Program Budget form included. Provide brief line-item detail as specified in each section below and verify all calculations.

This section provides a summary of the total proposed Program Budget for FY 2020. It requests the allocation of all projected funding amounts (City and non-City sources) for anticipated FY 2020 program expenditures.

Total Program Budget

Column A should reflect projected expenditures for the entire program (not just the proposed LFUCG ESR grant funding request portion). When the chart is completed this column should equal ESR Grant Funding Request plus other/non-ESR program funding. ($A=B+C$)

ESR Grant Funding Request

Column B is the grant amount being requested from this RFP to support this program's services to eligible Fayette County Participants.

Non-LFUCG Program Funding

Column C is the non-LFUCG ESR funding that is allocated to the Total Program Budget ($A-B = C$).

This form is for the budget for the PROGRAM applying for ESR funds, not the total agency budget.

For each category identify the amount requested and the amount to be leveraged through other programs or organizations (if applicable).

Staff Salaries – Identify the number of Full-time position salaries allocated to the program, and part-time positions allocated to the program, and the amounts of each allocated to Columns A, B, & C.

Consultant Services – In the "List Details" box, **briefly** describe any expenses associated with providing expanded supportive services or other services for which the organization intends to contract with another entity. Any of these expenses to be provided by the proposing organization should be included in other line items.

Space/Facilities – In the "List Details" box, **briefly** list the basis of the allocation of rental costs, utilities, janitorial costs, and any other facility costs for the Program. Identify any office or program space in an LFUCG owned building, and any other costs (rent, monthly utilities, etc.) reimbursed to LFUCG.

Scholarships/Stipends – In the "List Details" box, **briefly** list the type of scholarships or stipends, and include the number of people or organizations to receive funds.

Operating Expenses – In the "List Details" box, **briefly** list the costs associated with expenses, supplies, utilities, and any other expense associated directly with the operation of the project.

Other – In the "List Details" box, **briefly** list any other costs for the Program not covered above.
