This grant cycle shall cover Fiscal Year 2020 (July 1, 2019—June 30, 2020), and will award grants between the four Funding Priorities, which each have separate required Proposal Submittals and criteria, and awarded on an approximate scale, listed below. Proposers may submit ONE Proposal per Funding Priority Area.

Funding Priority Area: Community Wellness & Safety

Projected funding is 40% of total ESR Grant Program Award

LFUCG seeks to strengthen and enhance Community Wellness and Safety, by supporting programs and services addressing ***Mental Health, Substance Misuse Disorder, and Violence Prevention***. LFUCG intends to award grants for priority-rated programs and services which originate with demonstrated client needs, establish clearly-defined outcomes, and are designed to best practices or evidence-based models.

5.1.3 Client Eligibility and Requirements

5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

Women age 18-44 who are the mother of at least one child age zero to five and have a diagnosed substance use disorder are eligible for services at the Beyond Birth Comprehensive Recovery Center. Eligibility is open to any women at risk of developing a severe substance use disorder, or who currently have the diagnosis who are experiencing life difficulties as a result. All substances of use including alcohol, marijuana, stimulants, and opioids qualify for services at Beyond Birth. Women may have physical custody of a child or be working a case plan with the Department for Community Based Services (DCBS). Women may also self-refer if they are interested in receiving treatment for any substance use that has made their life unmanageable. Women with co-occurring mental health conditions are also welcome, although resources for primary severe mental illness may require connection to other community providers. Beyond Birth will continue to manage treatment of any SUD and foster healthy development and bonding through individualized treatment planning. All women will be offered parenting classes. Priority for developmental assessments will be given to children who have missed a developmental milestone that will impact readiness for kindergarten if not addressed.

5.1.4 Evidence-Based/Best Practice

10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are doing is best-practice.

Beyond Birth is a trauma-informed OUD treatment program that provides evidence-based individual treatment and group therapy utilizing Hazelden's Living in Balance, The Matrix, Seeking Safety (integrated approach for SUDs and PTSD), and individual cognitive behavioral therapy including MET, Cognitive Therapy, DBT and Acceptance and Commitment Therapy. Living in Balance draws from cognitive-behavioral, experiential and 12-Step approaches and has been proven to retain clients longer in treatment and reduce alcohol and other-drug use. Several studies have demonstrated that participants treated using the Matrix Model show statistically significant reductions in drug and alcohol use, improvements in psychological indicators, and reduced risky sexual behaviors (NIH).

For the children, evaluations with consist of an ADOS2 (Autism Diagnostic Observation Schedule 2), considered the gold standard for diagnosis, and developmental and/or cognitive testing using the Mullen Scale of Early Learning or a Stanford Binet 5 Intelligence Scale. The Incredible Years® is a series of interlocking, evidence-based programs for parents, children, and teachers, supported by over 30 years of research. The goal is to prevent and treat young children's behavior problems and promote their social, emotional, and academic competence. The programs are used worldwide in schools and mental health centers, and have been shown to work across cultures and socioeconomic groups. The program takes 12-15 weeks to complete and includes a developmental resource book for parents to use as a guide for each developmental stage. Beyond Birth, in collaboration with the UK Department of Developmental Pediatrics will offer the Incredible Years® 0-2 and the Incredible Years® 3-5.

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also **be specific regarding sampling size and frequency of evaluation.**

Before and after completion of the Incredible Years, clients will complete the Parenting Stress Index-4th Edition (PSI) (Abidin, 2012) measure parental report of competency and general parent-child relationship variables which contribute to parent stress as well as the Eyberg Child Behavior Inventory (ECBI) to measure child externalizing behavior. The ECBI is a 36-item instrument designed to measure parental perception of behavior problems in children. The ECBI provides two subscales that yield an intensity and a problem score measuring the severity and extent of a child's behavioral difficulties. It has been found to have good reliability and concurrent validity (as shown by significant correlations with other ratings of child behavior), to discriminate adequately between children with and without disabilities, and to correlate well with independent observations of child behavior (Dumas et al, 1991).

We will evaluate any changes in PSI or ECBI measures for participants in the Incredible Years programming. Additionally, we will have clients complete a survey to describe their satisfaction with programming upon completion. We anticipate 150 women served as the course of this expansion.

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

All current staff at Beyond Birth are committed to ensuring the best treatment combination for each woman served. All medication management for opioid use disorder follows ASAM guidelines. Masters level prepared case managers and Licensed Clinical Social Workers. Each member of the behavioral health treatment team has greater than twenty years working with high risk parenting women, domestic violence, the courts, and comprehensive treatment. The clinic also has the benefit of serving as a training location for resident physicians, nurse practitioners and social workers in training. Caitlin Allen, PhD is a clinical psychologist with a specialty in neurodevelopmental disorders, specifically autism spectrum disorder (ASD). For over 20 years, she has worked with individuals with autism and their families. Early diagnosis of ASD can significantly alter its course by helping children receive early intensive intervention. Dr. Allen has a nationally recognized specialty in neurobehavioral disorders that may increase risk of abuse and decrease educational performance in children with prenatal and environmental substance exposure, including alcohol. The project lead, Holly Dye has expertise in drug related child abuse and has developed nationally recognized training and intervention strategies for working with families and decreasing subsequent neglect or abuse in families with a history of substance use. Evaluator Kathleen Winter, PhD is an epidemiologist and has expertise in evaluating perinatal interventions. 6.0 Program Budget Summary Form Instructions

Proposal Submittal shall be considered incomplete and shall be rejected without completed Budget Summary Form. (Including total amount of ESR grant request.)

For organizations requesting funding for more than one program in this RFP, combine into a single Program Budget narrative for the proposal.

Please note that the Program Budget will be part of the grantee agreement with LFUCG and regular tracking and expenditure reporting will be required.

To ensure readability and uniformity, please use the Program Budget form included. Provide brief line-item detail as specified in each section below and verify all calculations.

This section provides a summary of the total proposed Program Budget for FY 2020. It requests the allocation of all projected funding amounts (City and non-City sources) for anticipated FY 2020 program expenditures.

Total Program Budget

Column A should reflect projected expenditures for the entire program (not just the proposed LFUCG ESR grant funding request portion). When the chart is completed this column should equal ESR Grant Funding Request plus other/non-ESR program funding. ($A=B+C$)

ESR Grant Funding Request

Column B is the grant amount being requested from this RFP to support this program's services to eligible Fayette County Participants.

Non-LFUCG Program Funding

Column C is the non-LFUCG ESR funding that is allocated to the Total Program Budget ($A-B = C$).

This form is for the budget for the PROGRAM applying for ESR funds, not the total agency budget.

For each category identify the amount requested and the amount to be leveraged through other programs or organizations (if applicable).

Staff Salaries – Identify the number of Full-time position salaries allocated to the program, and part-time positions allocated to the program, and the amounts of each allocated to Columns A, B, & C.

Consultant Services – In the "List Details" box, **briefly** describe any expenses associated with providing expanded supportive services or other services for which the organization intends to contract with another entity. Any of these expenses to be provided by the proposing organization should be included in other line items.
