JUSTIFICATION FOR CHANGE

PROJECT: New Police Canine Facility

CONTRACT NO. 293-2018

CHANGE ORDER #: 1

1. Necessity for change: The base bid for the project included a 500 cubic yard allowance for subsurface rock removal with a unit cost of \$200 per cubic yard for rock removal beyond the allowance. A total of 693.8 cubic yards of rock was encountered by the contractor, leaving 193.8 cubic yards of rock removal outside of the allowance. The quantity of rock removal has been verified by a third party special inspector. 193.8 cubic yards multiplied by \$200/cubic yard equals \$38,760. The additional rock removal is necessary to complete utility trenching. The contractor has offered several credits that have been evaluated by all parties, and determined to be acceptable without compromising the original design intent. The credits include downsizing a water meter vault (-\$4,060), removing an island countertop (-\$300), reducing the number of trench drains by 50% (-\$3,600), and reducing the overall thickness of trench drain covers (-\$1,500). The total of all credits equal (-\$9,460). From the credit savings, Police has requested the resizing of a 3'-0" door to 4'-0" to allow canine food to be transported on pallets to the food storage room. The cost to resize the door is \$610. The total financial impact of change order #1 is an add \$29,910. The contractor is also requesting a time extension of a total of 30 calendar days. 25 of the 30 days are weather days that have been documented and verified through the time period of January 21, 2019 – June 14, 2019. The remaining 5 days are required for fabrication of additional steel reinforcing at the trench drains. Part of reducing the trench drains by 50% was to eliminate expansion joints within the actual canine kennels as expansion joints in these areas would cause additional ongoing maintenance.
2. Is proposed change an alternate bid? ___ Yes X No
3. Will proposed change alter the physical size of the project? ___ Yes X No
If "Yes", explain.
4. Effect of this change on other prime contractors: N/A
5. Has consent of surety been obtained? ___ Yes X Not Necessary
6. Will this change affect expiration or extent of insurance coverage? ___ Yes X No
If "Yes", will the policies be extended? ___ Yes ___ No
7. Effect on operation and maintenance costs: N/A
8. Effect on contract completion date: An additional 30 Calendar Days

Work Order Change Proposal #1

Project: LFUCG Canine Facility

Date: May 20 2019

Scope of work:

Per architectural documents Door E04 to be 4' wide.

Materials cost difference: \$410.00

Labor cost difference: \$200.00

Total Amount: \$610.00

Work Order Change0

DATE: June 16, 2019

Eliminate 2 middle trench drains from original design per PR03 and its covers.

Cover cost \$1500 each / \$3000 total

Labor cost \$500 each / \$1000 total

4 cubic yards of concrete (slab will be reduced in eliminated trench sections from 14" to 8", 6" deep 5' wide 45' long, tapered edges) \$800

Install 2 tranches per drawings provided with additional rebar and supports.

Materials/rebar/accessories: \$600.00

Labor/overhead/profit: \$600.00

5 days is needed for fabrication of new z-shaped rebar.

Credit to owner: (\$4800-\$1200) \$3600.00

Credit to owner

DATE: June 18, 2019

Trench Drain Covers:

We can install 1/8" thick plate covers instead of 1/4" thick metal trench covers.

Credit \$750.00 each / \$1500 total

Credit to owner: \$1500.00

Subject: New Police Canine Facility -- Change Order Request Revised - Weather Delays

Mr. Gillett

Please accept this request for adjustment to the schedule due to weather related delays. In accordance with the General Conditions paragraph 11.2 (Justification for Time Extensions), cited in the solicitation documents, our organization hereby submits a request to adjust the project schedule caused by the abnormal weather conditions. Per our records, since 21 January, 2019 and until 14 June 2019, we have had 25 days where adverse weather delay prevented work on critical path activities for 50 percent or more of the scheduled work for that date; 19 of those days were caused by rain delays, and 6 were caused by excessive mud at the worksite. As required by the contract and the conditions cited therein, our organization followed the Special Conditions paragraph 4 (Weather Related Delays) regulations to account for the weather delay days.

Furthermore, this hereby is considered a written Change Order request, in the format required by the General Conditions paragraph 11.1, and it is, under the timeline cited therein, a timely request.

Thank you for your considerations.

KEY

TO: Mayor Linda Gorton
Urban County Council

FROM: 
Geoffrey Reed, Commissioner, General Services

CC: Jamshid Baradaran, Director, Facilities and Fleet Management
Chris Litton, Project Program Manager, General Services
Teresa Grider, Administrative Officer, General Services

DATE: June 28, 2019

SUBJECT: Request a Resolution authorizing the Mayor, on behalf of the Urban County Government, to execute Change Order #1 with Fuelband, LLC, increasing the contract price in the amount of \$29,910.00 from \$1,048,888.00 to \$1,078,798.00 with a Thirty (30) calendar day change to the construction schedule.

Request

Authorization to: Execute Change Order #1 with Fuelband, LLC, in the amount of \$29,910.00 with a Thirty (30) calendar day extension to the construction schedule for the new Police Canine Facility, Contract #293-2018. The new contract amount including change order number one is \$1,078,798.00.

Why are you requesting?

Necessity for change: The base bid for the project included a 500 cubic yard allowance for subsurface rock removal with a unit cost of \$200 per cubic yard for rock removal beyond the allowance. A total of 693.8 cubic yards of rock was encountered by the contractor, leaving 193.8 cubic yards of rock removal outside of the allowance. The quantity of rock removal has been verified by a third party special inspector. 193.8 cubic yards multiplied by \$200/cubic yard equals \$38,760. The additional rock removal is necessary to complete utility trenching. The contractor has offered several credits that have been evaluated by all parties, and determined to be acceptable without compromising the original design intent. The credits include downsizing a water meter vault (-\$4,060), removing an island countertop (-\$300), reducing the number of trench drains by 50% (-\$3,600), and reducing the overall thickness of trench drain covers (-\$1,500). The total of all credits equal (-\$9,460). From the credit savings, Police has requested the resizing of a 3'-0" door to 4'-0" to allow canine food to be transported on pallets to the food storage room. The cost to resize the door is \$610. The total financial impact of change order #1 is an add \$29,910. The contractor is also requesting a time extension of a total of 30 calendar days. 25 of the 30 days are weather days that have been documented and verified through the time period of January 21, 2019 – June 14, 2019. The remaining 5 days are required for fabrication of additional steel reinforcing at the trench drains. Part of reducing the trench drains by 50% was to eliminate expansion joints

within the actual canine kennels as expansion joints in these areas would cause additional ongoing maintenance.

Department needs this action completed: To adjust the contract as required for the completion of necessary work.

What is the cost in this budget year and future budget years?

The cost for this FY is: \$29,910.00

The cost for future FY is: N/A

The funds are budgeted or a budget amendment is in process: Budgeted
