RE: Resolution Request Granting Marathon Pipe Line LLC a Right of Entry and Right to Utilize Pond Water for Pipeline Testing at West Hickman Wastewater Treatment Plant

The purpose of this memorandum is to request approval of an agreement between Marathon Pipe Line LLC and the Lexington-Fayette Urban County Government for the purpose of allowing Marathon's contractors to unload construction equipment needed to supply an adjacent Marathon pipeline project and utilize non-potable water from the pond at West Hickman to pressure test the completed pipeline.

Through this agreement, Marathon agrees to complete necessary site restoration work at West Hickman, including resurfacing the access road from Ashgrove Pike to the plant. All work associated with this agreement is to be complete by September 15, 2013 and completed at no cost to LFUCG.

Questions regarding this agreement should be directed to Charles Martin at 425-2455 or Ed Gardner at 258-3500.

pc: James Worten, Superintendent, West Hickman WWTP
