SUBJ: Vehicle Donation to Bluegrass Community and Technical College

In recognition of the importance of developing a sustainable technical workforce, the Division of Fleet Management would like to recommend donating the remains of a LFUCG vehicle involved in an accident to the Automotive Technology program at Bluegrass Community and Technical College. The BCTC Automotive Program is always in need of late model vehicles to use as training subjects for their students and this is an excellent opportunity for us to show our support for local vocational training.

The donation vehicle is a 2014 Ford Explorer, VIN 1FM5K8D86EGA28829, for which a full recovery was made from insurance funds when the vehicle was declared a total loss. This donation has no budgetary impact.

Geoff Reed,
Commissioner, Dept. of General Services
