Agency Explanation

19-KY-FAY-000012-This line covers 100% of the actual cost of the copier lease (multifuntion unit) for 1 machine located in the EOC.

19-KY-FAY-000063-This line covers estimated office supplies (\$3500), actual cell phone costs (\$3540), estimated cost for bonding financial personnel (\$6000) and other office related equipment to support CSEPP activities. Cell phones are paid as follows: 100% for CSEPP Mgr, 100% for Admin support, 100% for Planner/WebEOC contract, and 50% for PIO.

19-KY-FAY-000076- This line covers estimated travel costs for Fayette County EM office program employees, other EM employees who support CSEPP activations, Planner/WebEOC contract position, other employees of response agencies, EOC coordinators who work with the CSEP program, and volunteers who are involved in the CSEP program. Travel dollars to cover both in-state and out of state travel and to include any travel expenses for training, conference, CSEPP IPT, and other related events. A portion of this line will be used for the Planner/WebEOC contract position for travel to other CSEPP counties for training and data setup for the WEBEOC system. Reimbursement will be in accordance with Fayette County local travel policy. Total estimate is based on prior year expenses for travel which included: 20 Lexington Fire department employees cost to attend TCTC, 2 hospital employees to attend TCTC, cost for travel expenses to evaluate the Pueblo exercise, costs to attend WebEOC conference, and costs to attend various CSEPP sponsored training courses and meetings. Money to cover travel expenses for the contractor in charge of the LEP CSEPP program-wide project has been included. Estimated cost of travel for the LEP contractor is \$10000.

19-KY-FAY-000455 - This line covers a full-time contract Planner/WebEOC position that is paid with 100% CSEPP funds. This line covers 100% of the actual cost for contract support for a full-time Planner/WebEOC position as well as the cost of training courses and conference to stay proficient in the software program. This contract position will be responsible for the WebEOC administration, development, research, training and exercise coordination for the 10 county CSEP program. Additionally this position will be expected to be proficient in the Webpuff program and assist with the in-house training courses. The contract

planning support position will provide planning development and updates for the CSEPP ISP, ESF plans, PAZ plans, reception center plans, and other related documents. This position will also assist schools, Long-term care, and other agencies with plan development and updates. This position will also assist the CSEPP manager with closeout tasks as needed. This request will be reviewed each year to assess the program's need for the funding of this contract position. Current cost estimate is based on current contract price with vendor who was awarded the contract as the lowest bidder for 12 months. The estimated cost is \$93000. This line additionally includes the cost to hire a contractor to research and develop materials for LEP issues across the entire CSEPP footprint (all 10 counties). This position would be funded by an annual contract that would be reviewed annually for need. This estimated cost is \$60,000. Additional justification has been developed and submitted to recipients via email.

19-KY-FAY-471 Deleted and combined with KY-FAY-455

19-KY-FAY-000061 was decreased by (\$3,424.00)

19-KY-FAY-000455 was increased by \$3,424.00

19-KY-FAY-000455 This line covers a full-time contract Exercise Administrative Support position. This individual will perform a variety of highly skilled office, administrative and clerical duties, including:

Prepares, implements and coordinates projects; presents recommendations and/or alternative solutions relative to project development and changes; makes recommendations to supervisor. Coordinates the annual CSEPP exercise; Assisting with exercise administration issues such as: recruiting exercise volunteers, assembling volunteer packets, updating and collecting exercise documents, ordering exercise supplies, exercise design, coordinating exercise plans with participating agencies and any other miscellaneous coordination issues, Develops After Action Review (AAR) documents from CAIRA and annual exercises, Ensures AAR items from the Final exercise report, hot wash notes, and exercise controller notes, are entered into Divisions of Emergency Management (DEM) AAR database and that items assigned to this position are completed. Additionally, this position is key personnel in assisting CSEPP Manager with Close-out activities; including but not limited to inventory disposition, and recording. Other duties as assigned. Total contract cost for this position is \$60,694.40 annually paid 100% with CSEPP funds.

This line also covers a full-time contract Planner/WebEOC position that is paid with 100% CSEPP funds. This line covers 100% of the actual cost for contract support for a full-time Planner/WebEOC position as well as the cost of training courses and conference to stay proficient in the software program. This contract position will be responsible for the WebEOC administration, development, research, training and exercise coordination for the 10 county CSEP program. Additionally this position will be expected to be proficient in the Webpuff program and assist with the in-house training courses. The contract planning support position will provide planning development and updates for the CSEPP ISP, ESF plans, PAZ plans, reception center plans, and other related documents. This position will also assist schools, Long-term care, and other agencies with plan development and updates. This position will also assist the CSEPP manager with closeout tasks as needed. This request will be reviewed each year to assess the program's need for the funding of this contract position. Current cost estimate is based on current contract price with vendor who was awarded the contract as the lowest bidder for 12 months. The estimated cost is \$93000. This line additionally includes the cost to hire a contractor to research and develop materials for LEP issues across the entire CSEPP footprint (all 10 counties). This position would be funded by an annual contract that would be reviewed annually for need. This estimated cost is \$60,000. Totals :				\$72,700.00	\$58,700.00	\$58,700.00	\$72,700.00			

Agency Explanation

19-KY-FAY-000065-This line covers 50% share of the cost to send AM radio messages to Alexa type devices (estimate cost of \$200).

19-KY-FAY-000454- This line covers the cost share of the annual maintenance for the new Alert and Notification system (\$40,000). CSEPP is paying 44% of the annual cost. It also covers any maintenance cost (estimate of \$1000) related to the siren at the Reception Center and any related maintenance to A/N benchmark. It also includes money to cover 26% of the annual AM radio maintenance costs for the AM radio system (estimate of \$1000). It covers the Alertus beacon system annual maintenance cost. The CSEPP cost share of this system is 33% and is approximately \$1000. It covers 50% of the Deaflink annual maintenance cost which is \$14000.

19-KY-FAY-000473. There is \$500 included in this budget to cover the cost of weather radios for the Fayette PAZ area.

19-KY-FAY-479 This line covers the cost of AM radio signs to instruct relocated citizens to tune to 1620 for emergency information. Estimated cost of \$14000 to fabricate and install signs. A detailed explanation has been developed and sent via email.

Totals :				\$63,000.00	\$63,000.00	\$63,000.00	\$63,000.00			

Agency Explanation

19-KY-FAY-000465- Due to local budgeting issues, Fayette County requires ADP money in their own budget. This request includes money for the annual VDA licenses cost for our virtual EOC system (estimate \$2600); the annual cost for VMware subscription (estimate of \$2000), and the cost of tech support for the software maintenance on the EOC virtual servers (estimate \$13200). This cost has increased due to changes in the amount of service provided by our LFUCG IT department. This also includes an estimate for the replacement of the 5 CSEPP field computers (shelter, reception center, and PIO) and accessories on a 3 year replacement cycle. Estimate for this cost is \$10000. Line also includes cost to replace 5 galaxy tablets that are used at our reception center and shelter for reunification. Estimate of the cost is \$3500 and is 100% CSEPP. It also covers 100% of the cost for Creative Cloud licenses for the JIC machines at a cost of \$3000. Additionally, money is included to upgrade the storage capacity of our servers for our EOC thin clients. This is 100% CSEPP funded. (estimate of \$28000). A detailed justification has been developed and sent via email.

19-KY-FAY-000465- \$3000 to update Combined Impacted Infrastructure Client WebEOC boards to utilize Maps functionality and Maps Add-on functionality on the Special Events Calendar Client.
This replaces the Creative Cloud licenses.

Totals :				\$80,000.00	\$60,000.00	\$60,000.00	\$80,000.00			

Agency Explanation

19-KY-FAY-000451-This line covers the cost of various supplies to add to or supplement our current capabilities in our EOC. The building systems are still evolving and items/issues are being discovered at least quarterly. These funds are to cover those costs. This line also includes 25K to deal with technical issues that have arisen in the EOC after a surge occurred this year. Issues to address have been recommended by Jim Krebs. A detailed explanation of costs has been distributed via email.

19-KY-FAY-000458. This line includes the cost share of the WebEOC hosting sites, cost share of WebEOC maintenance, and other related items as needed. This includes CSEPP 50% cost share of the WebEOC hosting cost (estimate of \$3600) for one site. LFUCG pays 100% of the hosting cost for the second site. It also includes the CSEPP 46% cost share of the WebEOC maintenance cost (estimate of \$9000). This line also covers 50% of the AV maintenance expense (CSEPP share is \$7000). This line also covers 50% cost share of the EOC recording device system (CSEPP share is \$2600). This line also covers 50% cost share of the generator at the PSOC (CSEPP share is \$5100). This line also covers 50% cost share of the conferencing system annual cost (CSEPP share is \$1800). It also includes 50% of the net clock annual maintenance (CSEPP share is \$495). It also covers 50% cost of UPS batteries that support the EOC, AV and DEM computers (CSEPP share is \$4600).

Grantee Remarks

19-KY-FAY-000451-State Concurs to support \$25,000 for Surge issues, the \$20,000 for EOC enhancements, no quotes were provided or breakout of cost. KYEM considers this a UFER pending review of specific projects.

Totals :				\$153,000.00	\$153,000.00	\$153,000.00	\$157,276.00			

Agency Explanation

19-KY-FAY-000061. This line covers the cost of salary and burdens/benefits for a total of 1.75 FTE for the CSEPP program. The FTE split is proposed as follows: 0.75 FTE CSEPP Manager, 0.50 FTE Public Information Officer, and .50 FTE Admin Support positions. The cost includes a 2% COLA raise for the CSEPP Manager, Public Information Officer, and the Admin Support. The annual estimate for 1.75 FTE positions' salary is \$103,000. An additional 5K of salary costs have been added to this line to address a personnel budget shortfall in CSEPP_2018. Fayette requested additional funds from KYEM to cover the CSEPP_2018 shortfall and we were instructed by KYEM to add the shortfall to the FY19 budge request.

19-KY-FAY-000062-This line covers the cost of salary and burdens/benefits for CSEPP personnel listed in line 19-KY-FAY-000061. There is an increase in this line due the increased contributions for the pension benefit. An additional \$9000 has been added to this line to address a budget shortfall in CSEPP_2018. Fayette requested additional funds to cover this shortfall and was instructed to add additional funds to the CSEPP_2019 budget.

19-KY-FAY-000061 was decreased by (\$3,424.00)
19-KY-FAY-000455 was increased by \$3,424.00

19-KY-FAY-000061. This line covers the cost of salary and burdens/benefits for a total of 1.50 FTE for the CSEPP program. The FTE split is proposed as follows: 1 FTE CSEPP Manager, 0.50 FTE Public Information Officer. The cost includes a 2% COLA raise for the CSEPP Manager, Public Information Officer. The annual estimate for 1.50 FTE positions' salary is \$146,689.40. An additional 5K of salary costs have been added to this line to address a personnel budget shortfall in CSEPP_2018. Fayette requested additional funds from KYEM to cover the CSEPP_2018 shortfall and we were instructed by KYEM to add the shortfall to the FY19 budge request.

19-KY-FAY-000062-This line covers the cost of salary and burdens/benefits for CSEPP personnel listed in line 19-KY-FAY-000061. There is an increase in this line due the increased contributions for the pension benefit and, to cover the FTE CSEPP Manager's benefits. An additional \$9000 has been added to this line to address a budget shortfall in CSEPP_2018. Fayette requested additional funds to cover this shortfall and was instructed to add additional funds to the CSEPP_2019 budget. 19-KY-FAY-000061

Agency Explanation

19-KY-FAY-000452. This line covers the cost of supplies to support decontamination and other protective action activities. The purchase of hospital PPE kits (estimate of \$12,000), replacement ID decon kits, replacement of Lexington Police Department respirators for screening (estimate of \$25000), heat and air for the recently purchased rehab tent for LFD (estimate of \$7000), and \$3000 for other incidental needs that may arise.

19-KY-FAY-000456. This line covers the cost of supplies and activities associated with reception and support of evacuees at our Reception Center and other locations that support evacuee functions. Specifically this line covers the cost of signs and supplies for our reception agencies, a vehicle for Animal Care and Control to pull trailers for use in animal sheltering (estimated cost of \$39000), and a tent for animal sheltering (estimated cost of \$32000), as well as muzzels for decon (estimate of \$500). See detailed explanation for these projects that were sent via email.

19- KY-FAY-478 This line covers the cost to replace the tree that had to be removed at Jacobson Park when the meteorological tower was installed. The tree was removed out of concern for potential interference.

KY-FAY-470 This line covers the cost to replace the prime mover (estimate of \$80000).

19-KY-FAY-456 (estimate of \$500) to include shelter and decon supplies for animal care and control field operations

Grantee Remarks

19-KY-FAY-000452-State reduced to \$15,000. Lexington Police respirators for screening \$25,000 and the heat and air for rehab tent \$7000 is considered a UFER and will need to re-evaluated in the FY2020 budget. Note: Fayette County is receiving new decon zumro replacement.

19-KY-FAY-000456-State reduced to \$1,500. All request in reference the Animal Shelter is considered a UFER. KYEM approved the pet shelter trailer with the understanding this was a one time purchase and Fayette County would maintain and deploy as part of the cost share.

19-KY-FAY-000470-State concurs-KYEM will review county specification's for requested 2 replacement prime movers, this is to insure they will meet the minimal requirements to safely deploy and safely return CSEPP equipment. This is to be done prior to County purchase. Once reviewed, KYEM will give final approval for purchase.

19-KY-FAY-000478-This will be considered a UFER.

19-KY-FAY-456 (estimate of \$500) to include shelter and decon supplies for animal care and control field operations-State Concur 11/01/20219 JNP

Totals :				\$130,000.00	\$50,000.00	\$50,000.00	\$50,000.00			

Agency Explanation

19-KY-FAY-000453-This line includes the costs for development, printing and copying of CSEPP related informational materials, and preparedness/educational items, public outreach events and general media campaign projects. Items to be used for public outreach for at risk zone in Fayette and in general preparedness event that include CSEPP information. Examples of items we will promote includes: promotion of our App, LexAlerts, Deaflink, Family plan, kit, calendar mailing, etc. These promotions will occur through the use of transit, theaters, newspapers, local magazines, ball park banners, brochures, kids activity book printing, traffic box art, promotional items, etc.
This line also includes funds (estimate of 30K)to cover the cost to develop materials for distribution across the CSEPP footprint to address LEP issues. These materials will be developed by the LEP contractor being funded in line KY-FAY-455. See detailed explanation about LEP project sent via email.

Grantee Remarks

19-KY-FAY-000453-Reduced to \$50,000. Based upon historical data for public outreach KYEM will support \$20,000 and pending final approval on the position, KYEM will support \$30,000 for the LEP materials.

Region Remarks

19-KY-FAY-000453: FEMA R-IV Concurs with State. \$20,000 based on historical cost and \$30,000 for LEP messaging & Materials. (KW).
