SUBJ: Sole Source Parts and Services-Whayne Supply Company

The Division of Fleet Services is requesting sole source status for Whayne Supply Company for the purpose of performing out-of-warranty repairs and providing replacement parts. Whayne Supply is the only authorized Caterpillar repair center in the area with the next closest being 70 miles away in Louisville.

The Lexington-Fayette Urban County Government has in their inventory 1 forklift, 3 backhoes, 2 wheel loaders, 1 knuckle boom truck and several generators scattered throughout government manufactured by Caterpillar. To insure the availability of these vehicles and pieces of equipment, the Division of Fleet Services and the other divisions owning generators utilize Whayne Supply Company for certain repair and maintenance activities as dictated by our internal workload.
