DATE: May 4, 2017

SUBJECT: Windstream Agreement – Redundant Network Path

---

Request:

The Division of Enhanced 911 is requesting a resolution authorizing the Mayor to approve a new 100.0 Mbps Ethernet Internet connection to the Public Safety Operations Center (PSOC).

Why are you requesting?

The Division of Enhanced 911 needs this service to provide a redundant network path for the Lexington Public Safety Network (LEXPUBSFTY). An additional path helps ensure uptime for the center so that a fiber or carrier outage on the primary path does not affect 9-1-1's connection to the LEXPUBSFTY computer network.

What are the costs in this budget year and future budget years?

FY17 \$1,145 (Billing may start in June.)  
FY18 \$13,740

Are the funds budgeted?

Yes.  
Accounts 4204-505602-0001-72202 and 4204-505602-0001-72204
