SUBJ: Change Order # 1

TO: LFUCG, Purchasing

RE: #103-2011, Warfield Place Entrance Wall

Due to the wall width and the average useable size of the stone, additional work of splitting and cutting was necessary before laying/placement into the wall. The following cost is based on man hours (extra time needed to prep stone for wall) as follows:

Four (4) men and the necessary equipment needed (a gas powered masonry saw with a diamond blade and stone splitter). From start to finish, man hours and equipment use total 16 hours @ \$150.00 per hour.

I request the amount of \$2400.00 be added to the above referenced contract.

Respectfully Submitted,

By: BURDETTE CONSTRUCTION COMPANY

SUBJ: Change Order #2

TO: LFUCG, Purchasing

RE: #103-2011, Warfield Place Entrance Wall

In addition to the 8 tons of stone that was included in the original contract amount with weight ticket is attached. There was 7.01 tons added to the above mentioned 8 tons with weight ticket attached.

Due to the allowable waste and unusable stone, I am billing for 6 tons that was needed to complete the above mentioned project:

6 tons of stone @ \$500.00 per ton - \$3000.00

I request the amount of \$3000.00 be added to the above referenced project.

SUBJ: Change Order #3

TO: LFUCG, Purchasing

RE: #103-2011, Warfield Place Entrance Wall

Due to the city's provided stone being dirty and the additional stone provided being lighter in color and cleaner, washing of the dirty stone was necessary to blend in the two piles that were stored in different conditions. Washing was on-going during the laying of the stone on a daily basis as needed for color matching/blending purposes.

Cost is based on per hour estimated wash time of 8 hours @ \$100.00 per hour which covers 3-4 men labor costs.

I request the amount of \$ 800.00 be added to the above referenced project.

Respectfully Submitted,

By: BURDETTE CONSTRUCTION COMPANY
