All-

Please see email from Mark Klaas, CSEPP/EMA Branch Manager.

Also, he and FEMA are requesting someone in Grants create a profile in WebCA, the official grants management system. Please provide a name and I'll submit it to the WebCA administrator who will then provide you with a log-in ID and set-up directions.

Thank you!

Jennifer/Jessica,

Can one of you reply all to this email that CSEPP FY19 Administration Line 455 has been increased to \$213,694. Please.

Our County government is requiring a statement directly from the State as you can see in the email chain.

Thank you!
Lanni

Do we have something from them showing this has been approved? This document still just says Request for Funding.

Charlie

All-

Please find attached the updated FY19 CSEPP grant funding. Line 455 has been increased by FEMA to cover the contract with Management Registry.

Please let me know if you have questions.

Thank you!
