As I am sure you are aware, New World Systems merged with Tyler Technologies on November 16, 2015.

In connection with your recently executed contract with New World Systems (copy attached), I am sending an addendum which needs to be signed to "bridge the gap" between Tyler Technologies and New World Systems.

This addendum has been signed on behalf of Tyler Technologies by Greg Sebastian, President of the Public Safety Division. Please have the document signed on behalf of your organization by an authorized signer and return one fully executed copy to my attention at the address above.

Please feel free to contact me if you have any questions. I can be reached at 248-269-1000, ext. 1104.

Thank you,

A handwritten signature in black ink, appearing to read "Ruth Ann Hines".
