

TO: Linda Gorton, Mayor

FROM:   
Todd Slatin, Director  
Division of Central Purchasing

DATE: August 9, 2021

SUBJECT: Bid 45-2021 School Zone Flashing Beacon

Bids for School Zone Flashing Beacon for the Division of Traffic Engineering were received in the Division of Central Purchasing on May 13, 2021.

Ionwave notified five hundred and seven (507) vendors with ten (10) vendors viewing the document. Three (3) bids were received. The lowest bidder was K&K with an alternate product. K&K installed a demonstration product for us in the field for us to evaluate, but we found that it did not meet our specifications. The K&K product was not able to send alerts for bulbs or battery and also did not monitor bulbs at all. We also had trouble maintaining communication with one of the units.

The bid from Applied Information, Inc. meets the bid specifications and is within budgetary constraints; therefore, I recommend Applied Information, Inc.
