FROM: Todd Slatin  
Todd Slatin, Director  
Division of Central Purchasing  
DATE: December 27, 2018  
SUBJECT: Bid 171-2018 Vehicle Undercoating and Rustproofing

Bids for Vehicle Undercoating and Rustproofing for the Division of Fleet Services were received in the Division of Central Purchasing on December 26, 2018.

Ionwave notified one hundred and eighteen (118) vendors with five (5) vendors viewing the document. Three (3) bids were received. I recommend Wildcat Window Tinting, LLC as meeting all bid specs for undercoating LFUCG vehicles. They are also the closest at 6.5 miles. Their turnaround is 24 hours or less, even though we asked for 72 hours, it is the quickest turnaround for all bidders.

Line-X of Kentucky did not submit warranty information as required. They are also in Nicholasville at 12.8 miles out. Line-X of Kentucky was cheaper on SUVs and medium duty trucks, however the distance to deliver and pickup offset any savings there may be. LFUCG is responsible for delivery and pickup.

Bluegrass International Trucks, Inc. was out of the 15 mile radius stated in bid specs, they are 20.7 miles out.
