SUBJECT: Bid 54-2021 Universal Roll Carts

Bids for Universal Roll Carts for the Division of Waste Management were received in the Division of Central Purchasing on June 3, 2021.

Ionwave notified three hundred and forty eight (348) vendors with eight (8) vendors viewing the document. Six (6) bids were received. The bids from IPL, Inc. and Otto Environmental Systems North America, Inc. could not supply the vent and grate on the yard waste containers as needed. The cart proposed by Rehrig Pacific Company did not meet the weight requirement. Cascade Engineering, Inc. could only vent the yard waste containers, they could not supply the grate.

The bid from Schaefer Systems International, Inc. meets the bid specifications and is within budgetary constraints; therefore, I recommend Schaefer Systems International, Inc.
