Lexington, KY 40507

RE: Safe Communities Application

Dear Mayor Gray:

On behalf of Columbia Gas of Kentucky, Inc., I am pleased to confirm that Columbia Gas will donate and pay the \$1,500.00 fee to the National Safety Council for Lexington's application to be designated as a Safe Community.

Being named a Safe Community means that the leaders and citizens of Lexington-Fayette County are recognized internationally as working together for continuous improvement to make our community, businesses, homes and families a safer place.

Columbia Gas is proud to have been an early partner with many others in this important effort and we support the work that the National Safety Council is doing to improve our lives. Safety for our employees, our customers and our communities is a core value for us.

Our appreciation goes out to you and the many Teams who have brought us this far with the goal of being a Safe Community.

Respectfully,

Herbert A. Miller, Jr.

cc: Commissioner Ronnie Bastin
