THIS INTERPERSONAL FREQUENCY LLC SOFTWARE AS A SERVICE AGREEMENT (this “Agreement”), by and between INTERPERSONAL FREQUENCY LLC (I.F.) and the Client identified in the MSA or SOW (as defined below) is executed by and between such entities as of the effective date of such SOW or MSA (“Effective Date”) for the products and services described herein and therein;

RECITALS

WHEREAS, the Parties have negotiated the terms of an I.F. Master Services Agreement, other named I.F. services agreement or a Client form of services agreement (collectively, the “MSA”) by which I.F. will perform and provide certain products or professional services to Client (collectively, “Professional Services”); and

WHEREAS, in connection with the performance and delivery of the Professional Services and any and all other materials and work product covered by the MSA and/or this Agreement (collectively “Deliverables”), the Client desires to have access to I.F.’s Software platform tools and functions (the “Software as a Service” or the “SaaS Services”) and any other products or services set forth in any exhibit hereto on the terms and conditions hereof and thereof.

AGREEMENT

NOW, THEREFORE, in consideration of the mutual covenants, terms, and conditions set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties do hereby agree as follows:

1. Definitions.

As used in this Agreement, the following capitalized terms shall mean and be interpreted as follows:

(a) “Aggregated Statistics” means data and information related to Client’s use of the Software and the SaaS Services (but which do not personally identify or profile Client or its Authorized Users) that are collected or received by I.F. in an aggregated and anonymized manner, including to compile statistical and performance information relating to the SaaS Services and data regarding Client’s and its Authorized Users’ use of the SaaS Services and the web site on which the SaaS Services are hosted or by which I.F.’s services are accessed or delivered.

(b) “Authorized User” means Client’s employees, consultants, contractors, agents, web site visitors or other permitted users who or which are authorized by Client to access and use the SaaS Services under the rights granted to Client hereunder.

(c) “Client Data” means, other than Aggregated Statistics, information, data and other content, in any form or medium, that is submitted, posted, transmitted or otherwise provided by or on behalf of Client or an Authorized User in the Software or through the SaaS Services.

(d) “Documentation” means I.F.’s user manuals, handbooks and guides relating to the SaaS Services provided to Client hereunder, either electronically or in hard copy form, and any and all other Client or end user documentation relating to the SaaS Services.

(e) “Cloud or Hosting Provider” means the provider of Cloud or Hosting Services which, as of the Effective Date hereof, is Amazon Web Services (“AWS”), but such term includes any and all successors or additional hosting providers thereto.

(f) “Cloud Services” means the provision of on-demand online access to the SaaS Services and all hardware, software, computing power and resources relating thereto.

(g) “I.F. Intellectual Property” or “I.F. IP” means the SaaS Services, the Documentation and any and all other intellectual property provided to Client or any Authorized User in connection with the foregoing. For the avoidance of doubt, I.F. IP includes Aggregated Statistics and any and all other information, data or other content derived from I.F.’s monitoring of Client’s or an Authorized User’s access to or use of the SaaS Services, but does not include Client Data.

(h) “Service Level Agreement” or “SLA” means the agreement attached as Exhibit B, and all amendments or revisions thereto which shall automatically be incorporated into and made a part of this Agreement.

(i) “Statement of Work” or “SOW” means the document attached as Exhibit A, which may take the form of a “Quote & Order Form for Services or Software Subscription” (or other form), and all amendments or revisions thereto which shall automatically be incorporated into and made a part of this Agreement.

(j) “Software” the source code and object code and any and all other software tools, functionalities and information necessary to use, operate and maintain the SaaS Services.

(k) “SaaS Services” means the software-as-a-service offering described in Exhibit B and includes, if selected and paid for by Client, access to and use of I.F.’s proprietary software data analytics tools or products known as “Fulcrum” and/or “Voice of Patron®,” and/or “Voice of Citizen®,” as modified from time to time, and any other I.F. tools, functions or capabilities.

(l) “Third-Party Products” means any third-party products described in Exhibit A or Exhibit B provided with or incorporated into the Software or SaaS Services.

2. Access and Use.

(a) Provision of Access. Subject to and conditioned upon Client’s payment of all Fees associated with the Deliverables provided to Client under the MSA, this Agreement and any other agreement or understanding between the Parties, and compliance with all other terms and conditions hereof and thereof, I.F. hereby grants to Client a non-exclusive, non-transferable (except in compliance with Section 12(g)) right to access and use the SaaS Services during the Term, solely for use by Authorized Users in accordance with the terms and conditions hereof. Such use is limited to Client’s internal business use and operations. I.F. shall provide to Client the necessary passwords and network links or connections to allow Client to access the SaaS Services. The number of Authorized Users is not expressly limited unless so indicated in the SOW, but concurrent use of the SaaS Services shall be subject to the technical capabilities of the I.F. infrastructure and the devices and connectivity of the Authorized Users.

(b) Documentation License. Subject to the terms and conditions contained in this Agreement, I.F. hereby grants to Client a non-exclusive, non-transferable (except in compliance with Section 12(g))

license to use the Documentation during the Term solely for Client's internal business purposes in connection with its use of the SaaS Services.

(c) **Use Restrictions.** Client shall not use the SaaS Services or the Documentation, in whole or in part, including any integrated I.F. products or Third Party Products, for any purposes beyond the scope of the rights of access granted in this Agreement. Client shall not at any time, directly or indirectly, and shall not permit any Authorized Users to: (i) copy, modify, or create derivative works of the SaaS Services, the Software or the Documentation, in whole or in part; (ii) rent, lease, lend, sell, license, sublicense, assign, distribute, publish, transfer, or otherwise make available the SaaS Services or the Documentation; (iii) reverse engineer, disassemble, decompile, decode, adapt or otherwise attempt to derive or gain access to the Software or any other element of the SaaS Services, in whole or in part; (iv) remove any proprietary notices from the SaaS Services or Documentation; or (v) use the SaaS Services or Documentation in any manner or for any purpose that infringes, misappropriates or otherwise violates any intellectual property right or other right of any person or that violates any applicable law or regulation.

(d) **Reservation of Rights.** I.F. reserves all rights and interests not expressly granted to Client in this Agreement. Except for the limited rights and licenses expressly granted under this Agreement, nothing in this Agreement grants, by implication, waiver, estoppel or otherwise, to Client, to any Authorized Users or to any third party any intellectual property rights or other right, title or interest in or to the I.F. IP, the Software, the Documentation or the SaaS Services.

(e) **Suspension or Termination of SaaS Services.** Notwithstanding anything to the contrary in this Agreement, I.F. may, at its option, temporarily suspend Client's and/or any Authorized User's access to any portion or all of the SaaS Services, without termination of this Agreement, or terminate this Agreement and all of Client's and its Authorized User's access to SaaS Services in the event that:

(i) I.F. reasonably determines that (A) there is a threat or attack on any of the I.F. IP or any Cloud Provider's I.P.; (B) Client's or any Authorized User's use of the I.F. IP disrupts or poses a security risk to the I.F. IP, to Cloud Provider's I.P. or to any other customer or vendor of I.F.; (C) Client or any Authorized User is using the I.F. IP for fraudulent or illegal activities or in violation of I.F.'s or the Cloud Provider's acceptable use policy or any other policies; (D) subject to applicable law, Client has ceased to continue its business in the ordinary course, made an assignment for the benefit of creditors or similar disposition of its assets, or become the subject of any bankruptcy, reorganization, liquidation, dissolution, or similar proceeding; or (E) I.F.'s provision of the SaaS Services to Client or to any Authorized User is prohibited by applicable law;

(ii) any vendor of I.F., including but not limited to, the Cloud Provider, has suspended or terminated I.F.'s access to or use of any third-party services or products required to enable Client to access the Services; or

(iii) in accordance with Section 5(a)(iii) (any such suspension or termination described in sub-paragraph (i), (ii), or (iii) above, a "Services Suspension" or a "Services Termination" as applicable).

(iv) I.F. shall use commercially reasonable efforts to provide written notice of any Services Suspension or Services Termination to Client and to provide updates regarding resumption of access to the Services following any Service Suspension. I.F. shall use

commercially reasonable efforts to resume providing access to the SaaS Services as soon as reasonably practicable after the event giving rise to a Services Suspension is cured. I.F. WILL HAVE NO LIABILITY FOR ANY DAMAGES, LIABILITIES, LOSSES (INCLUDING ANY LOSS OF DATA OR PROFITS), OR ANY OTHER CONSEQUENCES THAT CLIENT OR ANY AUTHORIZED USER MAY INCUR AS A RESULT OF A SERVICES SUSPENSION OR SERVICES TERMINATION.

(f) Aggregated Statistics. Notwithstanding anything to the contrary in this Agreement, I.F. may electronically log and monitor Client's and any and all Authorized User's use of the SaaS Services and collect and compile Aggregated Statistics. As between I.F. and Client, all right, title, and interest in Aggregated Statistics, and all intellectual property rights therein, belong to and are granted and retained solely by I.F. and such rights are hereby waived and released by Client. Client acknowledges that I.F. may compile Aggregated Statistics based on Client Data input into the SaaS Services. Client agrees that I.F. may (i) make Aggregated Statistics publicly available in compliance with applicable law, and (ii) use Aggregated Statistics to the extent and in the manner permitted under applicable law; provided that the publication, release or transfer of such Aggregated Statistics do not identify personally Client or its Authorized users or disclose Client's Confidential Information.

(g) Cloud Services. I.F. has contracted with the Cloud Provider to make Cloud Services available to Client and any and all Authorized Users. Any SaaS Services-related issues that are caused or contributed to by outages or other problems with the Cloud Services should be promptly referred to I.F. for handling. Client acknowledges and agrees, on its own behalf and on behalf of all Authorized Users that the Cloud Services are provided by the Cloud Provider and the Cloud Provider, which retains the unlimited right to service, make modifications and/or enhancements to and manage the Cloud Services at any time in its discretion. Client and Authorized Users shall at all times have online access to the applicable terms of service, service level agreements and acceptable use policies of the Cloud Provider which are hereby integrated into and made a part of this Agreement in Section 3 below. Execution of this Agreement constitutes Client's approval of such terms and conditions, on its own behalf and on behalf of all Authorized Users.

3. Service Levels & Support; Cloud Provider Terms.

(a) Modifications to SaaS Services or Software. Client hereby acknowledges and agrees that I.F. may, at any time without prior notice, change, modify, enhance or alter any features, functions or capabilities of the SaaS Services or the Software, in its sole discretion, without affecting any term or condition of this Agreement (including Fees) so long as such changes do not materially and adversely affect Client's overall user experience or efficiency.

(b) Service Levels. Subject to the terms and conditions of this Agreement, I.F. shall use commercially reasonable efforts to make the SaaS Services available in accordance with the service levels set out in the attached Exhibit B, which is hereby incorporated herein.

(c) Support. The access rights granted hereunder entitles Client to the SaaS support services described on Exhibit B for ongoing and continuous one year periods following the Effective Date hereof, if and to the extent that Client purchases such support services at the Fees applicable thereto.

(d) Cloud Provider; Cloud Services. Client hereby acknowledges and agrees that the Cloud Services are made available to Client and to Authorized Users in accordance with the following Cloud

Provider terms and conditions, as amended from time to time (and automatically incorporated herein as and when so amended), and any and all other Cloud Provider terms and conditions applicable to the Cloud Services:

- (i) The AWS Online Subscription Agreement is found at <https://aws.amazon.com/agreement/>.
- (ii) The AWS Online Services Terms is found at <https://aws.amazon.com/service-terms/>.
- (iii) The AWS Online Service Level Agreements, found at <https://aws.amazon.com/legal/service-level-agreements/>.

(d) Disclaimers. The Client, on its own behalf and on behalf of all Authorized Users, hereby acknowledges and agrees that the foregoing Cloud Provider terms and conditions describe, restrict, limit and disclaim certain rights, obligations, damages and liabilities of or available to I.F. as its prime contractor and by extension to Client and to any and all of its Authorized Users. Client, on its own behalf and on behalf of all Authorized Users, hereby acknowledges and agrees that (i) nothing in this Agreement is intended to nor shall be deemed to create any duty, obligation or liability of, by or against I.F. regarding the Cloud Services that are excluded or disclaimed by Cloud Provider, (ii) that the foregoing Cloud Provider terms of use and subscription agreement shall govern any conflicting terms herein as to the Cloud Services, and (iii) CLIENT AND ALL AUTHORIZED USERS HEREBY AGREE TO LOOK SOLELY TO THE CLOUD PROVIDER (AND HEREBY WAIVE AND RELEASE I.F. FROM) ANY AND ALL DUTIES, RESPONSIBILITIES, DAMAGES AND LIABILITIES ARISING OR RESULTING FROM ANY FAILURE OR DEFECT IN THE CLOUD SERVICES WITHIN THE CLOUD PROVIDER'S CONTROL AND/OR OUTSIDE I.F.'S CONTROL.

(e) Client Data Recovery & Retention. During the Term hereof, Client shall have the right to access, download and use all Client Data, included all Authorized User data, in its discretion and as permitted by applicable law, the obligations of which shall be Client's sole responsibility. Notwithstanding the foregoing, Client must recover any and all Client Data that it desires to receive and retain not later than ninety (90) days after termination of this Agreement, regardless of cause (the "Data Recovery Period"). After expiration of the Data Recovery Period, I.F. may destroy or delete all Client Data from all I.F. computers, services and cloud instances.

4. Client Responsibilities.

(a) General. Without prejudice to any and all duties and obligations of Client hereunder under any other agreement, Client is responsible and liable for all uses of the SaaS Services and Documentation resulting from any access provided or permitted by Client, directly or indirectly, whether such access or use is permitted by or in violation of this Agreement. Without limiting the generality of the foregoing, Client is responsible for all acts and omissions of Authorized Users, and any act or omission by an Authorized User that would constitute a breach of this Agreement if taken by Client will be deemed a breach of this Agreement by Client. Client shall make all Authorized Users aware of their duties and obligations hereunder as applicable to their respective use of the SaaS Services and shall cause Authorized Users to comply with all such requirements.

(b) **Third-Party Products.** I.F. may from time to time, upon request by Client or otherwise, make Third-Party Products available to Customer independently of the SaaS Services by separate agreement or as an element hereof. For purposes of this Agreement, such Third-Party Products are subject to their own terms and conditions (wherever memorialized) and, only if hosted or supported by I.F., will be subject to any applicable flow through provisions referred to in Exhibit A or Exhibit B as applicable. If Client does not agree to abide by the applicable terms for any such Third-Party Products, then Client should not install or use such Third-Party Products.

5. Fees and Payment.

(a) **Fees.** Client shall pay I.F. the fees ("Fees") as set forth in the Statement of Work without offset or deduction. Client shall make all payments hereunder in U.S. dollars on such date as to be received by I.F. on or before the due date set forth in Exhibit A. If Client fails to make any payment when due, without limiting I.F.'s other rights and remedies: (i) Client shall reimburse I.F. for all reasonable costs incurred by I.F. in collecting any late payments or interest, including , court costs, and collection agency fees; and (ii) if such failure continues for fourteen (14) days or more, I.F. may suspend Client's and its Authorized Users' access to any portion or all of the SaaS Services (without terminating this Agreement so that further Fees may accrue) until all such amounts are paid in full.

(b) **Taxes.** All Fees and other amounts payable by Client under this Agreement are exclusive of taxes assessments or other charges by governmental authorities. Unless otherwise exempt from payment of taxes, Client is responsible for all sales, use, and excise taxes, and any other similar taxes, duties, and charges of any kind imposed by any federal, state, or local governmental or regulatory authority on any amounts payable by Client hereunder, other than any taxes imposed on I.F.'s income.

(c) **Auditing Rights; Retention of Records.** Client agrees to maintain complete and accurate records during the Term and for a minimum period of two (2) years after the termination or expiration of this Agreement with respect to matters necessary for accurately determining amounts due hereunder. I.F. may, at its own expense, on reasonable prior notice, periodically inspect and audit Client's records with respect to matters covered by this Agreement, provided that if such inspection and audit reveals that Client has underpaid I.F. with respect to any amounts due and payable during the Term, Client shall promptly pay the amounts necessary to rectify such underpayment, together with interest in accordance with Section 5(a). Client shall pay for the costs of the audit if the audit determines that Client's underpayment equals or exceeds five percent (5%) for any quarter. Such inspection and auditing rights will extend throughout the Term of this Agreement and for a period of two (2) years after the termination or expiration of this Agreement.

6. Confidential Information.

From time to time during the Term, either Party may disclose or make available to the other Party information about its business affairs, products, intellectual property, trade secrets, non-public and proprietary third-party information and other sensitive or proprietary information, whether orally or in written, electronic or other form or media, whether or not marked, designated or otherwise identified as "confidential" (collectively, "Confidential Information"). Confidential Information does not include information that, at the time of disclosure is: (a) in the public domain; (b) known to the receiving Party at the time of disclosure; (c) rightfully obtained by the receiving Party on a non-confidential basis from a third party; or (d) independently developed by the receiving Party without access to or use of the proprietary data or material. The receiving Party shall not disclose the disclosing Party's Confidential Information to any person or entity, except to the receiving Party's employees who have a need to know the Confidential

Information for the receiving Party to exercise its rights or perform its obligations hereunder. Notwithstanding the foregoing, each Party may disclose Confidential Information to the limited extent required (i) in order to comply with the order of a court or other governmental body, or as otherwise necessary to comply with applicable law; provided that the Party making the disclosure pursuant to the order shall first have given written notice to the other Party and made a reasonable effort to obtain a protective order; or (ii) to establish a Party's rights under this Agreement, including to make required court filings. On the expiration or termination of the Agreement, the receiving Party shall promptly return to the disclosing Party all copies, whether in written, electronic, or other form or media, of the disclosing Party's Confidential Information, or destroy all such copies and certify in writing to the disclosing Party that such Confidential Information has been destroyed. Each Party's obligations of non-disclosure with regard to Confidential Information are effective as of the Effective Date and will expire five (5) years from the date first disclosed to the receiving Party; provided, however, that, with respect to any Confidential Information that constitutes a patentable invention or trade secret (as determined under applicable law), such obligations of non-disclosure will survive the termination or expiration of this Agreement for as long as such Confidential Information remains subject to patent or trade secret protection under applicable law.

7. Intellectual Property Ownership; Feedback.

(c) Feedback. If Client or any of its employees, contractors, agents or Authorized Users sends or transmits any communications or materials to I.F. by mail, email, telephone or otherwise, suggesting or recommending changes to the I.F. IP, including without limitation, the addition of new features or functionalities relating thereto, or any comments, questions, suggestions or the like relating thereto (collectively, "Feedback"), I.F. is free to use such Feedback irrespective of any other obligation or limitation between the Parties governing such Feedback. Client hereby assigns to I.F., on Client's behalf and on behalf of its employees, contractors, agents and/or Authorized Users, all right, title, and interest in and to such Feedback, and I.F. is free to use, without any attribution or compensation to any party, any ideas, know-how, concepts, techniques, or other intellectual property rights contained in the Feedback, for any purpose whatsoever, although I.F. is not required to make any use of any Feedback.

10. Indemnification.

(a) I.F. Indemnification.

(i) I.F. shall indemnify and hold Client harmless from and against any and all losses, fines, damages, liabilities and costs (including reasonable attorneys' fees) (collectively, "Losses") incurred by Client resulting from any third-party claim, suit, action, or proceeding (collectively, "Third-Party Claim") that the SaaS Services, or any use of the SaaS Services in accordance with this Agreement, infringes or misappropriates such third party's U.S. intellectual property rights (including U.S. patents, copyrights or trade secrets), provided that Client promptly notifies I.F. in writing of the claim, cooperates with I.F. and allows I.F. sole authority to control the defense and settlement of such claim.

(ii) If such a claim is made or appears to be possible of assertion, Client agrees to permit I.F., at I.F.'s sole discretion, to (A) modify or replace the SaaS Services, or any component or part thereof, as necessary to make the SaaS Services non-infringing, or (B) obtain the right for Client to continue use of the SaaS Services in any acceptable form. This shall not be deemed a waiver of Sovereign Immunity or any other third party defense.

(c) Sole Remedy. THIS SECTION 9 SETS FORTH CLIENT'S SOLE REMEDIES AND INTERPERSONAL FREQUENCY'S SOLE LIABILITY AND OBLIGATION FOR ANY ACTUAL, THREATENED, OR ALLEGED CLAIMS THAT THE SAAS SERVICES INFRINGE, MISAPPROPRIATE OR OTHERWISE VIOLATE ANY INTELLECTUAL PROPERTY RIGHTS OF ANY THIRD PARTY. IN NO EVENT WILL INTERPERSONAL FREQUENCY BE LIABLE FOR DIRECT DAMAGES UNDER THIS SECTION 9 IN EXCESS OF THE LIMITATION OF LIABILITY AMOUNT SET FORTH IN SECTION 10 BELOW.

11. Limitations of Liability.

IN NO EVENT WILL INTERPERSONAL FREQUENCY BE LIABLE UNDER OR IN CONNECTION WITH THIS AGREEMENT UNDER ANY LEGAL OR EQUITABLE THEORY, INCLUDING BREACH OF CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY AND/OR OTHERWISE, FOR ANY: (a) CONSEQUENTIAL, INCIDENTAL, INDIRECT, EXEMPLARY, SPECIAL, ENHANCED, OR PUNITIVE DAMAGES; (b) INCREASED COSTS, DIMINUTION IN VALUE OR LOST BUSINESS, PRODUCTION, REVENUES, OR PROFITS; (c) LOSS OF GOODWILL OR REPUTATION; (d) USE, INABILITY TO USE, LOSS, INTERRUPTION, DELAY OR RECOVERY OF ANY DATA OR BREACH OF DATA OR SYSTEM SECURITY; OR (e) COST OF

REPLACEMENT GOODS OR SERVICES, IN EACH CASE REGARDLESS OF WHETHER INTERPERSONAL FREQUENCY WAS ADVISED OF THE POSSIBILITY OF SUCH LOSSES OR DAMAGES OR SUCH LOSSES OR DAMAGES WERE OTHERWISE FORESEEABLE. IN NO EVENT WILL INTERPERSONAL FREQUENCY'S AGGREGATE LIABILITY ARISING OUT OF OR RELATED TO THIS AGREEMENT UNDER ANY LEGAL OR EQUITABLE THEORY, INCLUDING BREACH OF CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY AND/OR OTHERWISE EXCEED THE TOTAL AMOUNTS PAID TO INTERPERSONAL FREQUENCY BY CLIENT UNDER THIS AGREEMENT DURING THE TWELVE (12) MONTH PERIOD PRECEDING THE EVENT GIVING RISE TO SUCH CLAIM(S).

12. Term and Termination.

(a) **Term.** The initial term of this Agreement begins on the Effective Date and, unless terminated earlier pursuant to this Agreement's provisions, will continue in effect until the one-year anniversary of such date (the "Initial Term"). This Agreement will automatically renew for an unlimited number of additional successive one-year terms unless earlier terminated pursuant to this Agreement's provisions or unless and until either Party gives the other Party written notice of non-renewal at least ninety (90) days prior to the expiration of the then-current term (each a "Renewal Term" and together with the Initial Term, the "Term"). For the avoidance of doubt, neither Party has the right of termination of this Agreement for convenience and I.F. shall be entitled to all Fees and charges accruing throughout the Term hereof.

(b) **Termination.** In addition to any other termination right set forth in this Agreement:

(i) I.F. may terminate this Agreement, effective on written notice to Client, if Client: (A) fails to pay any Fees or other amounts when due hereunder, and such failure continues for more than fourteen (14) days after I.F.'s delivery of written notice thereof; or (B) Client or any Authorized User breaches any of its respective obligations under Section 2(c), Section 2(e) or Section 6;

(ii) Either Party may terminate this Agreement, effective on written notice to the other Party, if the other Party materially breaches this Agreement, and such breach: (A) is incapable of cure; or (B) being capable of cure, remains uncured for thirty (30) days after the non-breaching Party provides the breaching Party with written notice of such breach; or

(iii) Either Party may terminate this Agreement, effective immediately upon written notice to the other Party, if the other Party: (A) becomes insolvent or is generally unable to pay, or fails to pay, its debts as they become due; (B) files or has filed against it, a petition for voluntary or involuntary bankruptcy or otherwise becomes subject, voluntarily or involuntarily, to any proceeding under any domestic or foreign bankruptcy or insolvency law; (C) makes or seeks to make a general assignment for the benefit of its creditors; or (D) applies for or has appointed a receiver, trustee, custodian, or similar agent appointed by order of any court of competent jurisdiction to take charge of or sell any material portion of its property or business.

(c) **Effect of Expiration or Termination.** Upon expiration or earlier termination of this Agreement, Client and all Authorized Users shall immediately discontinue any and all use of the I.F. IP and, without limiting Client's obligations under Section 6, Client shall delete, destroy, or return all copies of the I.F. IP and certify in writing to the I.F. that the I.F. IP has been deleted or destroyed. No expiration or termination will affect Client's obligation to pay all Fees or other amounts that may have become due before such expiration or termination, or entitle Client to any refund thereof or thereto.

(d) Survival. This Section 11(d) and Sections 1, 5, 6, 7, 8(b), 9, 10 & 12 survive any termination or expiration of this Agreement. No other provisions of this Agreement survive the expiration or earlier termination of this Agreement.

13. Miscellaneous.

(a) Entire Agreement. This Agreement, together with the MSA and any and all other Exhibits and documents incorporated herein by reference, constitute the sole and integrated agreement of the Parties with respect to the subject matter hereof and supersedes all prior and contemporaneous understandings, agreements, and representations and warranties, both written and oral, with respect to such subject matter. In the event of any conflict or inconsistency between the terms of this Agreement, the MSA, the related Exhibits, and any other documents incorporated herein by reference, the following order of precedence shall govern such conflict or inconsistency: (i) first, the MSA; (ii) second, this Agreement, excluding its Exhibits; (iii) third, the Exhibits to this Agreement (unless and to the extent they expressly override any provisions of the MSA or this Agreement); and (iv) fourth, any other documents incorporated herein by reference (unless and to the extent they expressly override any provisions of the MSA or this Agreement).

(b) Notices. All notices, requests, consents, claims, demands, waivers and other communications hereunder (each, a "Notice") must be in writing and addressed to the Parties at the addresses set forth on the first page of this Agreement (or to such other address that may be designated by the Party giving Notice from time to time in accordance with this Section). All Notices must be delivered by personal delivery, nationally recognized overnight courier (with all fees prepaid), facsimile or by email (with confirmation of transmission) or certified or registered mail (in each case, return receipt requested, postage prepaid). Except as otherwise provided in this Agreement, a Notice is effective only: (i) upon receipt by the receiving Party; and (ii) if the Party giving the Notice has complied with the requirements of this Section.

(c) Force Majeure. In no event shall either party or any Authorized User be liable, or be deemed to have breached this Agreement, for any failure or delay in performing its obligations under this Agreement (except for any obligations to make payments), if and to the extent such failure or delay is caused by any circumstances beyond either party's reasonable control, including but not limited to acts of God, flood, fire, earthquake, explosion, war, terrorism, invasion, riot or other civil unrest, strikes, labor stoppages or slowdowns or other industrial disturbances, or passage of law or any action taken by a governmental or public authority, including imposing an embargo.

(d) Amendment and Modification; Waiver. No amendment to or modification of this Agreement is effective unless it is in writing and signed by an authorized representative of each Party. No waiver by any Party of any of the provisions hereof will be effective unless explicitly set forth in writing and signed by the Party so waiving. Except as otherwise set forth in this Agreement, (i) no failure to exercise, or delay in exercising, any rights, remedy, power or privilege arising from this Agreement will operate or be construed as a waiver thereof, and (ii) no single or partial exercise of any right, remedy, power, or privilege hereunder will preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege.

(e) Severability. If any provision of this Agreement is invalid, illegal, or unenforceable in any jurisdiction, such invalidity, illegality, or unenforceability will not affect any other term or provision of

this Agreement or invalidate or render unenforceable such term or provision in any other jurisdiction. Upon such determination that any term or other provision is invalid, illegal, or unenforceable, the Parties shall negotiate in good faith to modify this Agreement so as to effectuate their original intent as closely as possible in a mutually acceptable manner in order that the transactions contemplated hereby be consummated as originally contemplated to the greatest extent possible.

(f) **Governing Law; Submission to Jurisdiction.** This Agreement is governed by and construed in accordance with the internal laws of the Commonwealth of Kentucky without giving effect to any choice or conflict of law provision or rule that would require or permit the application of the laws of any jurisdiction other than those of the Commonwealth of Kentucky. Any legal suit, action, or proceeding arising out of or related to this Agreement or the licenses granted hereunder shall be instituted exclusively in the federal courts of the United States or the courts of the Commonwealth of Kentucky in each case located in the city of Lexington, Kentucky and the County of Fayette, and each Party irrevocably submits to the exclusive jurisdiction of such courts in any such suit, action, or proceeding. If this Section should conflict with or be inconsistent with the governing law, jurisdiction and venue clause of the MSA, the provisions of the MSA shall govern.

(g) **Assignment.** Client may not assign any of its rights or delegate any of its obligations hereunder, whether voluntarily, involuntarily, by operation of law or otherwise, without the prior written consent of I.F. Any purported assignment or delegation in violation of this Section will be null and void. No permitted assignment or delegation will relieve the assigning or delegating Party of any of its obligations hereunder. This Agreement is binding upon and inures to the benefit of the Parties and to the benefit of their respective permitted successors and assigns.

(h) **Export Regulation.** The SaaS Services utilize software and technology that may be subject to U.S. export control laws, including the U.S. Export Administration Act and its associated regulations. Client shall not, directly or indirectly, export, re-export or release the SaaS Services or the underlying software or technology to, or make the SaaS Services or the underlying software or technology accessible from, any jurisdiction or country to which export, re-export or release is prohibited by law, policy, rule or regulation. Client shall comply with all applicable federal laws, regulations, and rules, and complete all required undertakings (including obtaining any necessary export license or other governmental approval), prior to exporting, re-exporting, releasing, or otherwise making the SaaS Services or the underlying Software or technology available outside the U.S.

(i) **U.S. Government Rights.** The Software and Documentation tools, components or functionalities comprising the SaaS Services constitute a “commercial item” as defined at 48 C.F.R. § 2.101, consisting of “commercial computer software” and “commercial computer software documentation” under 48 C.F.R. § 12.212. Accordingly, if Client is an agency of the U.S. Government or any contractor therefore, Client only receives those rights with respect to the SaaS Services and Documentation as are granted to all other end users in accordance with (a) 48 C.F.R. § 227.7201 through 48 C.F.R. § 227.7204, with respect to the Department of Defense and their contractors, or (b) 48 C.F.R. § 12.212, with respect to all other U.S. Government agencies, users and their contractors.

(k) **Counterparts; Electronic Execution.** This Agreement may be executed in counterparts, each of which is deemed an original, but all of which together are deemed to be one and the same agreement. This Agreement may be executed in electronic form (or signed and scanned into electronic form) and shall be just as valid and enforceable as any original wet-ink signed version thereof.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement as of the Effective Date.

EXHIBIT A: STATEMENT OF WORK

To be added

EXHIBIT B: PREMIER SERVICE LEVEL AGREEMENT; SUPPORT & MAINTENANCE TERMS

This Service Level Agreement is integrated into and made a part of the Agreement and outlines the level of service that I.F. will provide in the event of outages, standard maintenance, scheduled maintenance and other issues with Client's hosted website.

Interpersonal Frequency (I.F.) will provide Client with our Fulcrum cloud server based SaaS hosting, managed Drupal (version 7, 9, or 10) CMS, necessary technical and support infrastructure, and the service levels detailed on the following pages, for a single website (or websites defined in Exhibit A). Domain Name Services (DNS), domain name registration fees, and security certificates for encrypted communication are not included (with the exception of certificates provisioned by I.F.). Additional websites or sub-domains not specified in Exhibit A are excluded and will be removed or suspended if detected unless previously authorized by I.F. in writing.

Fulcrum Cloud Services: Managed Hosting with Drupal CMS Care

The following sections cover Standard Maintenance, Scheduled Maintenance and Emergency Maintenance of the SaaS Services. With certain exceptions described below, each of these forms of maintenance are included with your Fulcrum SaaS subscription over the period specified.

Standard Maintenance

This is routine and necessary maintenance that is done in a way that does not interfere with Client's normal web server operations. This type of maintenance is done on a regular basis. I.F. prioritizes such maintenance based on Client's needs each month and may include:

- examining and rotating server and web log files
- checking automated backups, both of the site & database(s)
- applying standard operating system security patches
- applying standard operating system bug fixes
- applying infrastructure layer patches (PHP, cache, db, etc.)
- applying standard Drupal core CMS security updates
- applying standard Drupal module security updates
- disabling unused accounts, such as those unused for more than 60 days.

In the event there are critical patches that affect our operational security, either at the operating system level or at the Drupal CMS level, I.F. may elect to patch those components through our standard maintenance process at any time in our discretion. However, these are typically part of our Scheduled Maintenance (see below). Standard maintenance covers application and database issues. Backups are done automatically, with a typical minimum of one backup per day.

I.F. follows best practices for installing maintenance updates regularly on the test/staging server first before "pushing" these updates to the live servers. I.F. may request Client to review updates on the testing environment prior to going live. We reserve the right to deploy these types of patches without Client review.

Scheduled Maintenance: Covered by Separate I.F. Evolution and Support Plan

Scheduled Maintenance is a higher level of maintenance, where I.F. engineers make preventive or corrective modifications to the configuration of the server or web applications (e.g., Drupal CMS). SCHEDULED MAINTENANCE AS DESCRIBED BELOW IS NOT INCLUDED IN OUR FULCRUM SAAS SUBSCRIPTION. Scheduled maintenance is often part of an (optional) I.F. support plan. In any event, YOU ARE REQUIRED TO PERFORM (OR ALLOW TO BE PERFORMED) SCHEDULED MAINTENANCE, including but not limited to the tasks below. Failure to do so means we may suspend your service to ensure overall system integrity or security.

Tasks include, but are not limited to:

- applying Drupal CMS module updates
- applying Drupal minor version upgrades (e.g., Drupal 9.1 to Drupal 9.2)
- applying Drupal major version upgrades (e.g., Drupal 9.xx to Drupal 10.x)
- applying patches to custom software / applications, including custom Drupal Modules and third-party applications
- upgrading server software packages, including major “dot releases” (e.g., significant PHP version upgrades)
- major modifications to cloud server configuration (e.g., adding RAM/memory)
- major modifications to the operating system

Because such maintenance tasks are inherently riskier, these tasks are normally scheduled to occur outside of regular operating hours (see below). I.F. normally provides at least two days’ notice to affected clients for Scheduled Maintenance. Such maintenance down time does not count against our uptime guarantee. This policy exists to protect our client’s interests and the integrity of the software and hardware installation. A client may request that scheduled maintenance occur during business hours if the maintenance is specific to the client or on a Fulcrum dedicated subscription; if this is requested, we require our clients to submit a notice via our support intake system to confirm, as this is outside of I.F.’s policy. I.F. reserves the right to conduct scheduled maintenance at any time, in its discretion, should overall system stability be threatened.

Emergency Maintenance

Emergency Maintenance is performed by I.F. engineers in the event of a “Critical-High-Urgent” emergency, see definition under [Response Time Goals](#) section below. There are two types of emergencies: controllable and uncontrollable.

- Controllable emergencies are emergencies where our client commits an error that is largely preventable. Examples of such errors include but are not limited to bypassing restrictions of the CMS; client engineers performing code updates that were not tested and/or not operating from the Clients Who Code instructions; uploading very large files that are not optimized for the web; DNS changes made without at least two (2) advance day notification to I.F.; or denying the installation of a required security patch; errors caused by third-party APIs.
- Uncontrollable emergencies are emergencies that are largely out of the control of either the client or I.F., such as a break in internet connectivity or Distributed Denial-of-Service condition.

Both types of emergencies are covered by I.F. SLA response times (see below).

Hours of Operation

Interpersonal Frequency uses servers and resources solely in the continental United States of America,

except for any Content Delivery Network (CDN) we may provide. The client is required to contact I.F. via authorized means for the response time commitments to apply: via the support intake system or toll-free phone number with a logged ticket. See our response time goals below. Business hours for I.F. are Monday - Friday, excluding Federal holidays, 9am ET - 5pm ET for our U.S. clients based in the Eastern or Central time zones, and 9am - 5pm PT for customers in the Mountain or Pacific time zones.

Getting Support for Fulcrum SaaS or for I.F. Support Plans

In order to obtain support, an authorized contact must request support via the support intake system (preferred) or, in an emergency, call toll-free 844-311-iFiF. You must always first make use of our dedicated toll-free telephone number and/or support intake system prior to calling any individual I.F. employees for our SLA commitments to apply. We make use of ticket tracking software to assist in tracking service requests. I.F. will release information and perform work requested to only to designated, pre-authorized individuals at each client. It is the client's responsibility to update I.F. with the correct authorized users, to include email address and mobile numbers, by having an existing authorized contact email I.F. support at the address above with any changes.

Uptime Commitment and Exclusions

Subject to the provisions of Section 3 (as to our Cloud Provider) and the other terms and conditions of the Agreement, our goal is for our SaaS hosting environment to provide an uptime of 99.9% for public (anonymous) site users and 99.9% for content editors/administrators on a rolling ninety-day basis. These guarantees exclude any Cloud Provider exclusions plus the following conditions:

- Scheduled maintenance;
- Issues caused by user error or by client-specific third-party integrations including controllable emergencies (see definition below);
- Denial-of-Service (DoS) conditions. DoS is defined as a condition where total inbound bandwidth to our CDN (if applicable) or Fulcrum origin servers unexpectedly (i.e., without notifying I.F. support 24 hours in advance) exceeds 120% of the previous 30-days' 90th percentile bandwidth, measured in Gbps;
- DoS-like conditions caused by a customer's unauthorized or inadvertent actions, including but not limited to penetration testing of Fulcrum systems ("pentesting") or other customer error such as excessive queries by an external service or insufficient operating limits of a Client-provided Third-Party service;
- External conditions which exceed normal and allocated operating limit;
- DNS (domain name server) issues, including customer DNS downtime;
- Previously unauthorized testing, scanning, port-scanning, and client security testing; you must notify I.F. through proper channels one week (5 business days) in advance to conduct such testing, and such testing is subject to I.F. Cloud Provider and I.F. approval at its sole discretion.

I.F. shall have the right, in its sole discretion, to ban IP addresses and/or restrict traffic in order to maintain system stability if any of the above are detected or if the Cloud Provider takes any other remedial actions permitted under its terms of service. Our uptime commitment is only in effect if payment(s) for hosting are up-to-date. Optional Apache Solr or Elasticsearch service which may be included in your Premier Fulcrum hosting are excluded from our uptime commitment.

Emergency Service Conditions

This Agreement includes the following levels of emergency service:

- **Uncontrollable emergencies:** Subject to any constraints or limitations imposed by our Cloud Provider, I.F. will work to mitigate or fix any issues caused by increased traffic, denial-of-service attack, or other server or network based issues as quickly as possible. There is no additional charge above the standard monthly fee agreement so long as these issues are not caused by any change from the client or its contractors who have been authorized to work on Fulcrum Cloud Services or-related third party systems.
- **Controllable emergencies:** Subject to any constraints or limitations imposed by our Cloud Provider, a controllable emergency is any issue that could be corrected through the regular management admin interface and related web based interfaces available to the client. This includes, but is not limited to, issues that could be corrected by un-publishing content due to formatting issues, poorly formatted database queries caused by non-I.F. engineers on database(s), programming errors introduced by the client or by third-party tools and APIs integrated with the clients' website, or site usage/bandwidth exceeding allocated amounts (defined below), and unavailability relating to malware, viruses, Trojan horses, and/or malicious code that was introduced by the client directly or indirectly, and client DNS outage or usage of the site as a file server.

I.F. technicians will respond to "Critical/High/Urgent" emergencies (see definitions under "[Response Time Goals](#)" section below) issues within 1 (one) hour during regular business hours. You must notify us if you detect an issue via the modes identified in the earlier "[Getting Support for Fulcrum SaaS or for I.F. Support Plans](#)" section for our response times to apply. I.F. strives to respond more quickly than these time frames; these are our minimum commitments. I.F. engineers will determine if an outage or issue is an uncontrollable or controllable emergency based on overall hosting system availability for all I.F. clients; if no other clients are experiencing related or similar issues, we will preliminarily judge the issue to be "controllable." In any case, our first priority is to resolve any critical or emergency issues. After resolution, I.F. will perform a "root cause" analysis, which will provide information on why the failure occurred and how to prevent it in the future. If necessary, the root cause analysis will also judge the critical or emergency issue as "controllable" or "uncontrollable."

Response Time Goals

Criticality	Description	Response Time	Resolution Time Objective
Critical - High - Urgent	The production environment is unavailable for a large number of anonymous users or authenticated users or the Client's business operations are severely impacted with no available workaround.	Within 1 hour	1 hour
Medium	The production environment is operating but an issue is causing disruption of business operations and any workarounds are insufficient; environments that are severely degraded affecting authenticated user access (e.g., content authors, developers).	1 hour during business hours; 8 hours otherwise	4 hour during business hours; 12 hours otherwise
Low	All environments are operating, but the issue is inconveniencing a minority of public or authenticated	2 hours during business hours;	5 business days

	users	next business morning otherwise	
--	-------	---------------------------------------	--

The above service response times and Resolution Time Objectives are our commitments, subject only to any constraints or limitations imposed by our Cloud Provider. I.F. makes every commercially reasonable effort to respond and resolve issues as quickly as possible. In general, we can respond to most Critical systems issues within five minutes.

During weekends, US Federal holidays, and evening hours, an emergency response fee of \$500 will be charged per incident and added to your hosting invoice should the incident be deemed a controllable emergency. This is in addition to any regular fees you pay for hosting. There is no charge (above the standard fee) for non-emergency issues responded to during normal business hours.

Escalation: In case of any kind of emergency issue that causes an outage, we automatically escalate to a supervising engineer after one hour (or faster if no relevant issues are seen). If the senior engineer cannot find the cause after one hour, it will be escalated to the network provider and, if necessary, the Cloud Provider.

Monitoring: I.F. uses commercially reasonable means to monitor our Cloud Services performance and Client site status. IT IS YOUR RESPONSIBILITY TO REPORT ISSUES TO I.F. VIA THE SUPPORT REQUEST WORKFLOW AND/OR PHONE NUMBER FOR OUR SERVICE COMMITMENTS TO APPLY. These systems automatically notify us of many possible issues. We reserve the right to deactivate or discontinue the use of any/all I.F. monitoring or alarms caused by intermittent issues unresolved by the Client, including Client DNS issues or API-limit issues causing throttling of Client-provided Third Party Services, at any time and suspend our uptime guarantee until such issues are remediated by the Client to the satisfaction of I.F. in its sole judgement.

Service Credit

I.F. strives to ensure that all the web properties we manage are accessible at all times. There are circumstances, both in and outside of our control that may cause interruptions of service. Our systems are monitored 24 hours a day through automated systems continuously, and our technicians are paged immediately upon any monitoring alerts. Should we be alerted to a problem, we will begin work during business hours and continue to work beyond regular business hours with no extra charge to Client. In the unlikely event that we are unable to meet our response time guarantee or our server uptime guarantee for reasons within our control (excluding those caused by Cloud Provider), I.F. will credit a pro rata amount. The amount of proration will be based on the formula: (Fulcrum Managed Cloud Hosting Yearly Fee) / 12 (i.e., number of months in a year) = amount of Service Credit. The Service Credit will exclude any fee paid for non-Fulcrum items (e.g., Drupal Support hours, if applicable, the pro rata bundled cost of a Voice of Citizen® subscription, CDN subscription). This service credit will be issued against a subsequent hosting invoice (e.g., the next quarter or year depending on your billing setup). If the issue is an uncontrollable emergency and we fail to respond in within our Response Time, we will also not assess any emergency response fee. We will measure the total time of failure using our internal monitoring system. One such service credit is available per each one-year subscription period.

Infrastructure, Scaling, and Redundancy

We provide redundancy through I.F. and the Cloud Provider's architecture, and both I.F. and the Cloud Provider each maintain automated tools to facilitate recovery where redundancy is not feasible. We engage Cloud Providers with a cloud server footprint in multiple data centers to facilitate restoration in the event of a datacenter-level failure. We urge you to use redundant providers for upstream services like DNS which Fulcrum Cloud Services rely upon.

Database and File size

Client website's (database and files) are limited in space (detailed in the Fulcrum hosting quote you will receive and/or in [Exhibit A](#) Statement of Work). Client will be notified if more space is required and billed for at then prevailing rates. The maximum file size permitted on our Fulcrum Cloud Services is 50MB; we recommend files no larger than 15MB hosted on our systems for optimal performance. Some clients will receive the (optional, extra fee) Fulcrum Large File Uploads feature; for such clients, the maximum file size permitted is 2GB.

Page Views & Bandwidth

Web hosting includes up to a defined maximum per month (see your Fulcrum hosting quote or [Exhibit A](#) Statement of Work), and consistent overage in page views will require additional hosting fees. In addition, total bandwidth transfer to Fulcrum origin servers is limited to 2TB (both inbound and outbound) each month. Our optional CDN/WAF/DDoS Third-Party service has virtually unlimited bandwidth for public / anonymous users included. We reserve the right to manage traffic across our upstream networks to protect our operations, including restricting traffic and/or IPs. **VIDEOS ARE NOT ALLOWED TO BE HOSTED DIRECTLY ON OUR FULCRUM ARCHITECTURE; WE REQUIRE OUR CLIENTS TO USE A THIRD PARTY SERVICE (E.G., YOUTUBE) FOR VIDEO FILES.** Should peak usage conditions require I.F. to horizontally or vertically scale origin server resources, I.F. will provision necessary resources to protect system integrity and invoice the Client at our cost + 20%.

Backups

Fulcrum automatically makes encrypted daily backups of content, files, and code repositories on production ("live") systems. Daily backups are stored for 7 days. After 7 days, the daily backups are compiled into a single weekly backup. Daily backups then resume for the next 7 days. Up to 4 weekly backups plus any additional existing daily backups are available at any given time. Excessive requests for backup files (more than one request per calendar month) will be billed at the then-prevalent DevOps engineering rate (rounded up to the nearest half hour). For an extra fee, clients may elect the Fulcrum 6 Month Backup Retention Feature. For these clients, weekly backups are available for the preceding 6 months, on a rolling basis.

Infrastructure

The collective infrastructure of I.F. and its Cloud Provider provides burst capacity to millions of anonymous users, which will be able to handle the typical traffic on the client's website. The hosting fee includes security updates for the Drupal CMS but not major/minor revision upgrades (e.g., Drupal version 9 to Drupal version 10). Such upgrades are handled via an optional I.F. support plan if desired. Our fee does include I.F. or Cloud Provider hosting infrastructure upgrades (e.g., hardware, operating system, etc.) as needed. I.F. reserves the right to adjust cache times (i.e., content publishing cache) to ensure client site operability.

Voice of Patron®/Voice of Citizen® SaaS analytics service

Premier SLA customers may receive a subscription to our Voice of Patron® (for public libraries) or Voice of Citizen® (for civic government) service, with semi-annual reporting (i.e., two (2) reports per year) and insights collection, included with their Fulcrum SaaS subscription. This technology collects analytics about your web users via an active (survey)-based system and passive (behavioral/clickstream) system. Please see related [Privacy Policy](#) and [Terms of Service](#).

Drupal Support from our Solutions Engineering Team

In addition to Drupal CMS Care, which is a part of our Fulcrum SaaS services, we may provide you with an I.F. Support contract. Support Contract hours are separate from Drupal CMS maintenance services. However, you will contact the I.F. Solutions Engineering Team through our support intake system as you would for Fulcrum-related questions. Drupal Support contract response times are different than Fulcrum cloud services response times and negotiated separately as part of your Support contract.

Updates to this Agreement

This Service Level Agreement (SLA) is subject to change at any time, in our discretion, and such changes or amendments will automatically apply to the Agreement and to this Exhibit B.

Disaster Recovery

I.F. provides superior service level guarantees on network uptime, infrastructure availability and server failure replacements, subject to the terms of use of our Cloud Provider. These high level service commitments are augmented with a high-availability backup placed in a separate data center of the Cloud Provider.

Network Outage Scenario

In the event of a prolonged network outage, if possible and at the Client's written request, I.F. will move the client web site/systems to another facility. The website and data will be recovered from the most recent available known-good backup of the site, and moved to a separate hosting provider once the new infrastructure has been made available to I.F. engineers. Migration to the new Cloud Provider or alternative facility will be billed at the then current I.F. billing rates (if an I.F. support plan is not already in place), and the hosting costs of the new servers are the responsibility of the client.

Severe Cloud Server or Infrastructure Failure Scenario

In the event of a severe server or infrastructure failure whereupon the client's website or applications are rendered unreachable, subject to any constraints or limitations imposed by our Cloud Provider, I.F. will restore the clients' website from the most recent "good" backup upon provisioning by I.F. of new servers. This will be done at no additional charge to the client so long as it is not the result of a controllable emergency issue, as defined above.

Data Center Disaster Scenario

In the unlikely event of a natural or man-made disaster that disables the entire data facility within which our clients' website(s) reside, subject to any constraints or limitations imposed by our Cloud Provider, I.F. will restore the client's web site, at the client's request, to an unaffected data center, assuming that the backup is recoverable from the affected data facility. Migration to a new Cloud Provider or Cloud Provider hosting facility will be billed at then-current I.F. billing rates, and the hosting costs of the new servers are

the responsibility of the client. The client's website may be restored from a backup to a secondary Cloud Provider site at no charge.

Security for Fulcrum Cloud Services & SaaS Services

Fulcrum is designed specifically as an enterprise government Drupal web platform and uses a security first approach. Subject to the terms of use of our Cloud Provider, Fulcrum provides a secure platform where I.F. customers may develop and maintain highly-available, secure websites. Subject to the terms of use of our Cloud Provider, I.F. manages, monitors, and secures the environment where our customer websites run including the operating system and LEMP (Linux, Nginx, MySQL, PHP) stack and network layers. Additionally, I.F. provides tools to manage this system.

Subject to the terms of use of our Cloud Provider, I.F. will protect our customers' Drupal installation with secure infrastructure, appropriately configured access to resources, and industry-leading best practices around updates and managing data. Fulcrum provides:

- Docker-container based architecture, wherein every component is isolated and treated from a least-trust model where possible
- Denial of Service Protection via Third-Party product DDoS protection (optional), WAF (Web Access Firewall), and Amazon AWS load balancer/IP means
- Automated security monitoring on the Fulcrum origin servers
- HTTPS with End-to-end encryption (the client is responsible for providing security certificate(s) unless LetsEncrypt.org service is used, as recommended)
- IP-access control via Fulcrum Streamlined Access (FSA) and optional MFA (multi-factor access)
- Role-based permissions
- Automated encrypted backup and retention, including hourly backups of production environment database (Note: restoration requires a support ticket to I.F. support)
- Secure code and database access via version control and other means (Note: I.F. does not provide direct database access to Fulcrum SaaS Services)
- Secure Cloud Provider data centers that are SOC 2 Type II and/or ISO 27001 certified; (optional GovCloud FISMA/FedRamp environment available though not recommended for I.F. non-U.S. Government customers).

Security Monitoring & Network Intrusion Protection

I.F. runs a multitude of automated and other checks in real time of its Fulcrum cloud-hosted environment, made available to our DevOps team. These systems allow logging and auditing of activities via monitoring tools like New Relic. I.F. uses AWS security groups and public/private key as the only way a Fulcrum admin can access a server for administration level access (command line access). Traffic is tunneled to origin servers, preventing circumvention of request validation, filtering, and caching. At the container layer, our infrastructure detects and prevents unauthorized host access. Our logging infrastructure records the identity of blocked accounts for later investigation. Security logs from the servers are collected and analyzed.

Denial of Service Protection

I.F. works with Amazon (or other Cloud Provider) and Third-Party CDN/WAF/DDoS product (if selected) to provide management of denial-of-service attacks, filtering ongoing attacks and isolating traffic streams through Cloud Provider load balancers for each production (live) site and the production environment. Our CDN/WAF/DDoS services (which are optional) include BGP origin protection, making it challenging for

public users to uncover the Fulcrum origin IPs. Fulcrum is designed from the ground-up to mitigate malicious bot attacks. Our solution's optional CDN/WAF/DDoS provides significant protections against Botnet attacks (layer 3, 4, and 7 OSI-model attacks), as well as BGP origin protection. I.F. and its Cloud Provider defend, host and defend some of the largest government customers in the United States. We are confident of providing you a highly available platform should you select our Fulcrum with CDN/WAF/DDoS Cloud Services.

Data Center Security

I.F.'s primary data centers are with Amazon Web Services (AWS), which provides 24/7 direct support on any issue. Access to data centers is granted through both keycard and biometric scanning protocols, and protected by round-the-clock surveillance monitoring. Every AWS data center employee undergoes a thorough background security check before hiring. The I.F. team does not have access to physical servers except those that may be provided by a client at a DR facility should you so choose (which is not a standard part of Fulcrum Cloud Services).

I.F. Employee Administrative Access

We grant access according to least privilege. Authorized employees can interact with servers via a secure system without terminal access—and if they must, SSH-key based authentication is used (no direct SSH to Fulcrum SaaS is possible; a bastion server is used). All I.F. DevOps and Drupal engineering employees, including the core team and Drupal Solutions Engineers, have undergone rigorous background checks. Our team is chosen and trained specifically for the needs of security conscious U.S.-based government customers.

Releasing Patches and Updates

I.F. and its Cloud Provider manage each dedicated Fulcrum instance for large customers individually, including the patch and update schedule. I.F. and its Cloud Provider continually deploys new container and upgrades to the infrastructure in the background, including the latest supported kernel, OS, and packages. Containers are migrated to the updated instances automatically and the older systems are retired. Core CMS application updates and security patches are tested internally by the dedicated I.F. Drupal Solutions Engineering team before release to production. We and our Cloud Provider reserve the right to deploy system and application patches to protect the integrity of the system at will. If requested, we will make reasonable efforts to seek your approval prior to patch deployment.

Interpersonal Frequency Privacy Policy Effective: 9/1/2018

This Privacy Policy explains how information is collected, used and disclosed by Interpersonal Frequency (I.F.) with respect to the access and use of our systems and our SaaS services, including our Fulcrum Cloud Services and Voice of Citizen®/Voice of Patron® analytics and Aggregated Statistics. This Privacy Policy does not apply to any third-party websites, services or applications that you may access by or through our services and we advise you, as our Client, to review this Privacy Policy and implement any conforming changes in your own website Privacy Policy and/or user agreements.

FOR THE AVOIDANCE OF DOUBT, INTERPERSONAL FREQUENCY DISCLAIMS ANY AND ALL RESPONSIBILITY FOR THE TERMS AND CONDITIONS OF CLIENT'S PRIVACY, ONLINE COOKIE AND OTHER DATA PRIVACY AND PROTECTION POLICIES AND PROCEDURES (INCLUDING USER OPT-IN OR OPT-OUT FUNCTIONALITIES) APPLICABLE TO CLIENT'S WEB SITE AND/OR ANY OTHER PRODUCTS OR SERVICES, EVEN IF SUCH PRODUCTS OR SERVICES ARE ACCESSED OR USED BY OR THROUGH OUR SERVICES. WE ARE NOT IN A POSITION TO, AND OUR SERVICES DO NOT INCLUDE, ANY FORM OF PRIVACY IMPACT REPORT OR DATA PROTECTION IMPACT ASSESSMENT INVOLVING CLIENT'S BUSINESS, ITS OPERATIONS, ITS USER BASE AND/OR ITS MARKETING PRACTICES. NEVERTHELESS, I.F. WILL BE PLEASED TO COLLABORATE WITH CLIENT ON ANY OF THESE ISSUES OR CONSIDERATIONS ON SUCH TERMS AS MUTUALLY AGREED OUTSIDE THESE TERMS OR OUR AGREEMENT.

Information We Collect

Non-Personally-Identifying Information

Like most website operators, I.F. collects non-personally-identifying information of the sort that web browsers and servers typically make available, such as (but not limited to) the browser type, language preference, referring site, and the date and time of each visitor request. Depending on your service level (and specifically, if you are using the Voice of Citizen®/Patron® analytics platform), we may also collect information on behaviors of our clients' end users; for example, what links or pages they are visiting and how much time they spend on a page. The purpose in collecting non-personally identifying information is to better understand how our clients' web users utilize the website. We only collect such behavioral data with authorization from our client.

From time to time, I.F. may release non-personally-identifying information in the aggregate, e.g., by publishing a report on trends in the usage of its clients websites. You may choose to opt-out of participation in such aggregation. If you select to opt-out of participation in data-aggregation/benchmarking, and in fairness to our other clients, you will not be provided certain benchmark data about your website performance in comparison to others. I.F. also collects information like Internet Protocol (IP) addresses. I.F. does not use such information to identify its visitors, however, and does not disclose such information, other than under the circumstances described below.

Personally-Identifying Information

Certain visitors to I.F.'s websites choose to interact with I.F. Cloud Services & SaaS Services in ways that require I.F. to gather personally-identifying information (PII). The amount and type of information that I.F. gathers depends on the nature of the interaction. I.F. collects such information only insofar as is necessary or appropriate to fulfill the purpose of the visitor's interaction with I.F. or, more often, its Client's end users. I.F. does not disclose personally-identifying information other than as described below. Visitors can always refuse to supply personally-identifying information, with the caveat that it may prevent them from engaging in certain website-related activities. We do not knowingly collect personal information from children. If we learn that we have collected personal information of a child under 13, we will take steps to delete such information as soon as possible. We also provide our clients with methods to reduce the amount of PII collected; for example, through the use of an "exclude" tag in data submission or data display fields.

Information Collected for Others

Through our services our clients can collect information about how their end users use their websites and certain third-party applications, as well as how those websites and applications are performing. Our technology also provides diagnostic predictions based on sophisticated machine learning algorithms. Our clients determine the types of data and information that is sent to I.F. for collection and analysis. The collection of this data and information by our clients is subject to their own privacy policy.

Because our clients have discretion to determine what data and information is collected about or from their users, our Privacy Policy does not apply to any end user data that we may collect, obtain, or access in connection with operating our services on behalf of our clients. We ask that our clients abide by all applicable laws, rules and regulations, including laws relating to privacy and data collection and post an online privacy policy that provides users with clear notice of its practices regarding data collection, use, and disclosure, however, we have no control over our clients' activities or the disclosures they make in their privacy policy.

We may analyze end user data and information in the aggregate for purposes of internal research and/or to determine overall trends or metrics concerning how users are engaging with websites and may report such general trends publicly, without disclosing any specific end user data and information.

Cookies

Cookies are strings of information, generally a small text file that web browsers place on a web visitor's computer. I.F. makes use of cookies only for customers using our optional Voice of Citizen/Patron service. I.F. does not make use of cookies for its non Voice of Citizen/Patron web hosting customers unless it is necessary for client-initiated diagnostic test purposes. In the event of cookie usage, I.F. uses both session-based and persistent cookies. Session cookies exist only during one session, and disappear when you close your browser. Persistent cookies remain on your computer after you close your browser or turn off your computer. Most internet browsers automatically accept cookies. However, you can instruct your browser, by editing its options, to stop accepting cookies or to prompt you before accepting a cookie from the websites you visit.

How We Share the Information We Collect With Others

I.F. will not share personally-identifiable information about you to anyone, unless you instruct us to do so or if we notify you that the information you provide will be shared in a particular manner and you provide such information. If you are a Client of I.F. and have provided your email address, I.F. may occasionally send you an email to tell you about new features, solicit your feedback, or just keep you up to date with what's going on with I.F. and our products.

I.F. may disclose non-personally-identifying and personally-identifying information to its employees, contractors and affiliated organizations that (i) need to know that information in order to process it on I.F.'s behalf or to provide services available through I.F., and (ii) that have agreed not to disclose it to others. Some of those employees, contractors and affiliated organizations may be located outside of your home country; by using I.F.'s website and services, you consent to the transfer of such information to them.

Other than to its employees, contractors and affiliated organizations, as described above, I.F. discloses personally-identifying information only when (or if we believe we are) required to do so by law, or when I.F. believes in good faith that disclosure is reasonably necessary to protect the property or rights of I.F., third parties or the public at large. I.F. may also transfer and/or provide information about you in connection with an acquisition, sale of company assets, or other situation where customer and user information would be transferred as one of I.F. business assets.

We will share the data and information we collect for our clients with that organization. We do not share any specific end user data or information with individuals or with other companies, other than with the specific customer whose website transmitted the data and information to us. We may share information

about our clients and their end users in anonymous and/or aggregated form with third parties for industry analysis, demographic profiling, research, analysis and other similar purposes.

How to Access Your Information

Please contact the I.F. support via the I.F. support intake system to access your information or to contact an I.F. Research Analyst. Information will only be provided to Authorized Users.

Security Measures We Take to Protect Your Information

I.F. and its Cloud Provider employ administrative, physical and electronic measures designed to protect your information from unauthorized access, however, despite these efforts, no security measures are perfect or impenetrable and no method of data transmission can be guaranteed against any interception or other type of misuse. We and our Cloud Provider use standard industry practices to help prevent unauthorized use of, access to or alteration of visitor and user information and hosted data. These practices include the appropriate use of firewalls, HTTPS encryption, limiting storage of financial information to a PCI compliant third party provider (if applicable to you), system redundancies, and hosting at a 24/7 secured, controlled environment. In the event that your personal information is compromised as a result of a breach of security, we will promptly notify you if your personal information has been compromised, as required by applicable law.

Privacy Policy Is Subject to change

Any information that is collected is subject to our Privacy Policy in effect at the time such information is collected. I.F. may modify and revise its Privacy Policy from time to time. If we make any material changes to this policy, we will notify you of such changes by emailing a link to the updated privacy policy to the primary Authorized User on file for your account at least thirty (30) days prior to the change(s) taking effect. Your continued use of our services after any change in this Privacy Policy becomes effective will constitute your acceptance of such change(s).

- 4) Investment Pool Selection. Donor hereby requests that the Fund and any and all assets contributed to the Fund be invested as follows:
 - Cash Reserve Pool (0-3 years)
The primary investment objective of this Pool is stability of principal. This Pool will invest exclusively in cash and cash equivalents and will have no risk of loss of capital. Donors with immediate liquidity needs or no expectations of growth of capital should consider this strategy.

 - Conservatively Balanced Pool (3+ years)
The primary investment objective of this Pool is to provide preservation of principal. This Pool will invest in a combination of equities, fixed income,

cash and cash equivalent assets. This Pool is appropriate for donors who have a time horizon of more than three years.

□ **Balanced Pool (5+ years)**

The primary investment objective of this Pool is to provide a moderate level of risk and a balanced mixture of equities, fixed income, and an occasional allocation to cash. This Pool may experience moderate year to year volatility. This Pool is generally appropriate for donors with an intermediate time horizon of more than five years.

□ **Environmental Social Governance Pool (ESG):** Foundation also provides an opportunity to select a balanced pool using investment strategies with investment allocations sensitive to environmental, social and governance (ESG) issues.

□ **Long Term Growth Pool (7+ years)**

The primary investment objective of this Pool is long-term capital appreciation. There will be some inevitable volatility in principal value in this Pool, but it may offer the potential for higher returns over the long term. This Pool is appropriate for donors with a time horizon of more than seven years.

□ **Equity Pool (7+ years)**

This pool is generally appropriate for donors with a time horizon of more than seven years who desire long term capital growth. Due to the 100% allocation to equities, this Pool is only appropriate for donors willing to accept higher short and intermediate term volatility.

The Foundation shall have the right to make any and all investment decisions in the selected Pool regarding the Fund. All income and capital gains or losses will be allocated to the Fund on a monthly basis.

- 5) **Purposes.** The purpose of the Fund is to support the general maintenance of public art owned by the City of Lexington.
- 6) **Management.** Foundation hereby agrees to accept cash and other valuable property transferred to it by Donor and others who wish to participate in the Fund. The Fund is open-ended and can be added to at any time.
- 7) **Grant Distributions.** Distributions must be for charitable purposes and in accordance with the procedures for the administration and operation of such funds of Foundation as may be in effect from time to time.

Distributions from the Fund shall be made in the name of the Fund, unless otherwise directed in writing, solely to support the general maintenance of public art owned by the City of Lexington.

Upon recommendation by the Donor Contact, distributions shall be made to:

Lexington-Fayette Urban County Government
Mayor's Office
200 E. Main Street, #6
Lexington, KY 40507

This Fund is prohibited from making grants, compensation, or similar payments to Donor, advisor(s), or persons related to them. Donor may request distributions of any amount, up to 100% of Fund balance.

- 8) Compensation to Foundation. As compensation for its services, Foundation shall charge an annual community support fee according to the fee schedule in effect at the time of the Agreement and as amended from time to time by Foundation. Investment fees are charged separately.

Donor hereby acknowledges receipt of a current Fund Schedule in effect at the time of the signing of this Agreement.

- 9) Fundraising. Donor agrees not to perform any fundraising activity for this Fund or any other fund held by Foundation without receiving express written permission from Foundation for each fundraising event. Foundation understands that if such fundraising events are not approved by Foundation, Foundation will not be held liable for any monetary or insurance losses and Foundation reserves the right to refuse acceptance of any money raised from such fundraiser(s). Under federal law, Foundation may not reimburse donors or advisors for any expenses or liabilities incurred by them with respect to a fundraising event. As a result, Foundation must contract directly with third party providers for any approved expenses and services related to fundraising events. Foundation will not be responsible for any expenses incurred directly by donors or advisors.

- 10) Variance Power. Foundation shall use and apply said funds only in accordance with the expressed wishes of the donor, grantor or other transferor; provided, however, the Board of Directors shall have the power to modify any restriction or condition on the distribution of funds for any specified charitable purpose or to any specified organization if in the sole judgment of the Board of Directors such restriction or condition becomes, in effect, unnecessary, incapable of fulfillment or inconsistent with the

charitable needs of the community or area served. Upon such determination, the Board of Directors shall exercise its judgment to select a similar use for the funds that will most nearly fulfill the original charitable intent of the Fund and may re-direct the funds to those purposes most closely related to the donors, grantors or other transferor's original intent.

It is intended that nothing in this Agreement shall affect the status of Foundation as a 501(c)(3) organization, as defined in the Internal Revenue Code. This Agreement shall be interpreted in a manner consistent with the foregoing intention and so as to conform to the provisions of any and all applicable law or government regulation. Foundation shall have all the powers provided in its charter, Articles of Incorporation and Bylaws or otherwise by law in connection with its administration of the Fund.
