Re: Second Renewal of the Memorandum of Understanding (MOU) with the Lexington-Fayette County Health Department for Fats, Oils and Grease (FOG) Training Services to be Included in the Health Department's Food Manager Certification Classes

Budget Impact: \$1,200.00

Accounting: 4003 303401 3425 71205 FOGPROG_2013 CONSENT_DE.

The purpose of this memorandum is to request the renewal of the Memorandum of Understanding between Lexington-Fayette Urban County Government and the Lexington-Fayette County Health Department for Fats, Oils and Grease (FOG) training services to continue to be included in the Health Department's Food Manager Certification classes for the next year. Resolution 233-2012 authorized the original MOU which provided for up to four renewals, and this would be the second renewal.

In an effort to improve public education, the Division of Water Quality created a video outlining how FOG from Food Services Establishments causes serious problems in our sanitary sewer system, and how Food Service Establishments can help prevent these problems by following Best Management Practices.

To maximize outreach, the Health Department agreed to show the video and distribute FOG information (provided by LFUCG) to all participants in the Food Manager Certification classes. In addition, the Health Department will provide the Division of Water Quality with a copy of the Food Manager Certification class agenda that includes FOG as a subject matter, as well as dated copies of the class rosters showing all persons who viewed the video for the Division of Water Quality to include in quarterly and annual Consent Decree reporting.

This annual project cost is \$1,200, and funding for FOG initiatives is budgeted in 4003 303401 3425 71205 FOGPROG_2013 CONSENT_DE.

Questions regarding this renewal should be directed to Charles Martin at 859-425-2455 or Richard Lamey at 859-425-2412.

Pc: David L. Holmes, Commissioner, Department of Environmental Quality & Public Works
Rice C. Leach, Lexington-Fayette County Health Department
