Dear LFUCG Division of Central Purchasing and Division of Environmental Services:

For the last several years, Geomancer Permaculture LLC has been engaged in building the largest public food forest in Kentucky at Lexington's Kilrush Drive greenway. This project has brought together numerous partners across City government, local NGOs, neighbors, and is now even attracting regional interest as a model for the green infrastructure of the future. We are grateful for the invitation to submit on **Bid #78-2025 Greenway Maintenance** and hope to achieve prequalification as a step towards securing a dedicated maintenance contract for the Kilrush greenway.

First founded and licensed as a business in Fayette County in 2019, Geomancer has completed numerous projects across Lexington in the field of **ecological design** and is primarily involved in providing **landscape installation and maintenance services** such as forest management and tree maintenance, invasive species identification and removal, installation of green infrastructure and native landscaping, and the general maintenance of naturalized areas. Unique among environmental services contractors, we prioritize the creation of agriculturally productive spaces with the collaborative involvement of local residents over the long term.

We are confident that the work we have completed so far is just a prelude to the kind of visionary partnerships we can foster in the future. Although Geomancer may not be a conventional landscaping company, we have a proven record of notable achievement when given the opportunity to develop the kind of projects we are overseeing at Kilrush Food Forest. We look forward to further developing these new models of green infrastructure with the City of Lexington as a regional leader in this emerging field.

Yours sincerely,

Leandro "Nachie" Braga

STATEMENT OF INTENT

Fig 4. Kilrush Food Forest, June 2025

The kind of work we do at Geomancer may not always look like conventional greenways maintenance, and as a small company we are realistic about the kinds of contracts that would be appropriate for our expertise. But when it comes to the integration of agroforestry and social ecology with the development of greenways into urban infrastructure and neighborhood amenities, Geomancer is a leader in the field and stands ready to help strengthen Lexington.

- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
