# AGREEMENT FOR ALLOCATION OF FUNDING FOR GARDENSIDE RESTORATION AND ART MURAL PROJECT

## APPENDIX A

### **Project Description:**

Art in Motion is spearheading a project to restore the 1950s-era bus stop and sign located on Alexandria Drive in front of the Gardenside Shopping Center. This project meets the important community need of revitalizing an older neighborhood and aging shopping center through public art, while highlighting an historic feature that has been overlooked for decades. A project like this can provide the spark that leads to other revitalization efforts in a neighborhood. As this project is located on a major thoroughfare and a historically important shopping center, citizens of the entire Gardenside area will benefit.

The Gardenside Restoration and Art Mural project includes the following specific labor and materials:

1. cleaning the brick sign column and remove peeling paint where the brick portion of the shelter has been painted
2. Repairing, cleaning and/or repainting the concrete portion of the shelter
3. Replacing the current bench with seating of modern design that will complement the mid-century modern architecture and prevent lying down on the bench.
4. Restoring the stainless steel lettering and repairing the vintage stainless steel light fixture on top of the sign column.
5. Replacing all broken neon lights (high energy consuming) behind lettering and light fixture with low wattage LED light fixtures.
6. Holding a public design contest in partnership with LexArts to commission a glass and ceramic mosaic art mural for the inside back wall of the shelter.
