This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

Kentucky Equal Employment Opportunity Act

The Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any "county, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly publicly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin;
- (2) The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin;
- (3) The contractor will post notices in conspicuous places, available to employees and applicants for employment, setting forth the provision of the nondiscrimination clauses required by this section; and
- (4) The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding advising the labor union or workers' representative of the contractor's commitments under the nondiscrimination clauses."

The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

- (1) For the length of the contract, each contractor shall hire minorities from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetables.

(2) Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.

KRS 45.620. Action against contractor -- Hiring of minority contractor or subcontractor

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or subcontract covered under KRS 45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of KRS 45.560 to 45.640, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.

KRS 45.630 Termination of existing employee not required, when

Any provision of KRS 45.560 to 45.640 notwithstanding, no contractor shall be required to terminate an existing employee upon proof that employee was employed prior to the date of the contract.

KRS 45.640 Minimum skills

Nothing in KRS 45.560 to 45.640 shall require a contractor to hire anyone who fails to demonstrate the minimum skills required to perform a particular job."

It is recommended that all of the provisions above quoted be included as special conditions in each contract. In the case of a contract exceeding \$250,000, the contractor is required to furnish evidence that his workforce in Kentucky is representative of the available work-force in the area from which he draws employees, or to supply an Affirmative Action plan which will achieve such representation during the life of the contract.

LFUCG Non-Appropriation Clause

It is expressly agreed that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

This assurance is required by subsection 21.7(a) (1) of the Regulations.

The Law

- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- Section 503 of the Rehabilitation Act of 1973 states:

The Contractor will not discriminate against any employee or applicant for employment because of physical or mental handicap.

- Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.
- Section 206(A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:

The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.

SCOPE OF SERVICES

This solicitation seeks proposals from qualified vendors to provide for Interim and Backup Hauling, Processing and Marketing of the Single Stream Recyclables from the Materials Recovery Facility (MRF) for the Lexington-Fayette Urban County Government (LFUCG). The MRF is located at 360 Thompson Road, Lexington, KY 40508.

Background

LFUCG owns and operates the MRF at 360 Thompson Road. LFUCG services 71,415 households with once-per-week curbside pickup of recyclables – over 14 routes. LFUCG also serves 6,759 commercial customers with curbside pickup (12 routes), plus another 510 commercial recycling dumpsters (8 routes). The MRF serves as a regional recycling center, with roughly 42% of the incoming tonnages coming from sources outside of LFUCG's direct service base. The LFUCG has a Memorandum of Agreement (MOA) with each entity sending materials to the MRF. LFUCG estimates roughly 100 tons per day of recyclables are tipped during operational days Monday through Friday. This includes LFUCG and outside source recyclables. Respondents should estimate a range of 50-100 tons on operational days Monday through Friday for this proposal. Typically, the MRF operates from 7am till 4pm.

LFUCG is scheduled for equipment upgrades December 13, 2021, through March 14, 2022. This is the period for which interim hauling, processing, and marketing services are required for LFUCG single stream recyclables.

For more information about the Division of Waste Management and its programs, see the latest 5-year solid waste management plan and annual update at the following link:

Proposals for all or any portion of the services will be considered.

The scale and recyclables tipping floor operation must have electronic reporting capabilities for as needed to meet the electronic format reporting requirements of the Contract and be designed to accommodate tipping of material at a rate such that LFUCG loads are able to enter the site, weigh in, tip all materials and depart the site.

The Contract will provide for liquidated damages beginning the third day should the Respondent fail to accept LFUCG recyclable materials at any time during the term of the Contract. Amount of liquidated damages will be \$5000 per day.

A site plan showing the scale and recyclables tipping floor layout as well as supporting features (access roads, gatehouse, security, etc.) is required as part of this RFP response.

5: Processing of Single Stream Recyclables and Residue Levels

The Respondent must provide processing services using a facility and equipment layout that can provide sufficient operating capacity to process the type and

quantity of LFUCG's Single Stream Recyclables. The Respondent is obligated to process the LFUCG Single Stream Recyclables in a manner that maintains process quality and achieves residue levels of less than 15%. In meeting this residue requirement out-throws from the incoming material, before it begins to be processed, will not be considered as residual materials, allowing the Respondent from time to time to process loads of substandard materials without penalty.

A floor plan showing the equipment layout for all recyclables processing as well as supporting features (tipping areas, shipping docks, etc.) is required as part of this RFP response.

The Respondent's proposed approach for addressing off specification loads of Single Stream Recyclables is required as part of the RFP response.

- Monthly calculations, with supporting data (e.g. market indices documentation) as required for any revenue sharing arrangement formulas (e.g. calculation of a weighted average commodity revenue).

Term of Service

LFUCG seeks to enter into a minimum three-month agreement with the successful Respondent, with an option to renew the agreement for no more than two successive one-month terms.

The successful Respondent will begin work on **December 13, 2021**.

Payments

LFUCG will enter into a contractual agreement with the successful Respondent. LFUCG anticipates that payments by LFUCG to the Respondent will be based upon the Respondent's proposed per ton fee structure and reflect the value per ton of Single Stream Recyclables as the loads are removed from the MRF site by the successful Respondent.
