Addendum

Agency: Children's Law Center

Priority Area: Childhood & Youth Development

Program Name: Homeless & Education Law Program (HELP)

LFUCG Extended Social Resource Grant Program FY18 & FY19 Funding: \$46,000 (\$23,000 per FY)

Program Summary: Provides legal counsel for youth in poverty and experiencing homelessness to fill an existing gap for services. As the legal advocate, we provide direct legal services while ensuring that the child and family are linked to other services and organizations.

Desired Outcomes for Clients: The Children's Law Center measures positive outcomes in four main areas: economic opportunity, stable and supportive living situations, safety and well-being, and self-advocacy. Specific education goals or outcomes include enrollment in school or college, employment, job training or assistance programs, graduation, GED, improved educational supports, grade promotion, and improvement in school attendance. For stable and supportive living situations these goals include participation in meaningful decisions about their future, involvement in the community, creating multiple supportive relationships, and obtaining stable housing. Safety and well-being is measured by whether the child has a sense of physical and emotional safety, whether there is little or no state involvement at the close of the case, and whether they are receiving treatment and/or services. For self-advocacy, we look at whether the child advocates for needs and services, expresses optimism about the future, expresses sense of having some control over what happens in life, or knows how to plan ahead and make decisions. For each client receiving services, we will help them identify their goals, create a case plan to achieve those goals, and provide services or referrals to other agencies/organizations to assist in obtaining identified goals and outcomes.
