ADDENDUM No. 2

GRANT AGREEMENT UNDER THE
CONSOLIDATED APPROPRIATIONS ACT, 2016
(PUB. L. 114-113, DECEMBER 18, 2015)
FOR THE NATIONAL INFRASTRUCTURE INVESTMENTS
DISCRETIONARY GRANT PROGRAM
(FY 2016 TIGER DISCRETIONARY GRANTS)

LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT

TOWN BRANCH COMMONS CORRIDOR

FHWA FY 2016 TIGER Grant No. 7

SECTION 1. PURPOSE OF ADDENDUM

- a) The purpose of this addendum, Addendum No. 2 (the "Addendum") to FHWA FY 2016 TIGER Grant No. 7 "Grant Agreement"), is to recognize and accept modifications to the statement of work, schedule, and budget for the Town Branch Commons Corridor Project ("Project").
- b) This Addendum will constitute a formal amendment to the Grant Agreement which was executed by the U.S. Department of Transportation, the Federal Highway Administration (the "Government" or "FHWA") and the Lexington-Fayette Urban County Government (the "Recipient") (collectively the "Parties"). Except as modified, changed and supplemented by this Addendum, all terms and conditions of the original Grant Agreement shall continue in full force and effect.
- c) The following sets out the amendments to the referenced sections of the Grant Agreement:

SECTION 2. AMENDED ARTICLE 2 OF THE GRANT AGREEMENT

Article 2.2 of the Grant Agreement is amended and restated in its entirety and will read as follows:

2.2 **Summary of Project's Estimated Schedule.** (See Attachment B for additional details).

Actual Completion of NEPA (Zone 6): September 15, 2017 Actual Completion of NEPA (Zones 3, 4, and 7): November 1, 2017

Actual Start ROW Acquisition (All Zones): February 15, 2018
Actual End ROW Acquisition (All Zones): July 31, 2019

Actual Start Utility Relocation (All Zones): April 15, 2018
Actual End Utility Relocation (All Zones): July 31, 2019

Actual Completion of Final Design (All Zones): August 15, 2019

Actual PS&E Approval (All Zones): September 18, 2019

Actual Construction Start Date (All Zones): February 20, 2020

Planned Construction Substantial Completion

and Open to Traffic Date: October 1, 2021

Period of Performance End Date: May 1, 2022

Planned Project Closeout Date: March 1, 2023

SECTION 3. AMENDED ATTACHMENT A OF THE GRANT AGREEMENT

Attachment A of the Grant Agreement is amended and restated in its entirety and will read as follows:

ATTACHMENT A STATEMENT OF WORK

The Project will construct a multimodal greenway through downtown Lexington, including a mixed-use trail, enhanced streetscaping, ADA enhancements to sidewalks and intersections, and safety enhancements, such as upgraded pedestrian signals, access control and mid-block crossing improvements.

The Project will consist of:

- i. a **Base Phase** for right-of-way (ROW) acquisition and utility relocation for all Zones for eligible costs reimbursable under Title 23 of the United States Code, and
- ii. an **Option Phase** for all Zones (3,4,6,7) for eligible construction costs reimbursable under Title 23 of the United States Code.

The following activities will be completed as part of this project:

Zone 6 activities:

Zone 6 includes right-of-way acquisition, utility relocation, and the construction of a multi-use asphalt trail, and on-street bike and pedestrian facilities. Other project elements include improved bike and pedestrian crossings, a bridge over Town Branch Creek, and reconstruction of a Town Branch Creek structure.

Design – Professional services for design and engineering of improvements.

Right-of-way Acquisition – Includes total take acquisition of ten parcels and minor easement acquisition for trail.

Utility – Includes the relocation of overhead utilities, including electric distribution and telecommunication facilities along KY 1681 to proposed right-of-way. It also includes the relocation of underground utilities for Town Branch Creek Structure Replacement, including sanitary sewer, gas distribution, water main, and telecommunications duct bank.

Paving – This encompasses all the work associated with the construction of the pavement including asphalt surface, asphalt base, leveling and wedging, milling and texturing, dense graded aggregate (DGA) and crushed stone base (CSB).

Roadway - This encompasses all the work associated with the construction of the roadway components including curb and gutter, pavement/sidewalk removal, earthwork, new sidewalks, bike paths, Maintenance of Traffic (MOT), erosion control, staking and pavers.

Drainage - This encompasses all the work associated with the construction of the pavement including asphalt surface, asphalt base, leveling and wedging, milling and texturing, DGA and CSB.

Bridge - This encompasses all the work associated with the construction of new structures including bridges and retaining walls.

Sewer - This encompasses all the work associated with the construction of the bio swales, rain gardens and sanitary sewer.

Signage - This encompasses all the work associated with the construction of the project roadway and wayfinding signage.

Signalization - This encompasses all the work associated with the construction of the new traffic and pedestrian signals on the project.

Lighting - This encompasses all the work associated with the construction of the roadway lighting items.

Landscaping - This encompasses all the work associated with the construction of the landscaping plans such as trees, plantings, planters, etc.

Miscellaneous - This encompasses all the work associated with miscellaneous items such as streetscape furniture, trash receptacles, benches, building removal, etc.

Mobilization/Demobilization - This encompasses all the work associated with the mobilization (activation of contractor's resources to the project site) and demobilization (removal of equipment and deactivation of resources) of the contractor on the project site.

Construction Management and Inspection – This encompasses all services required to provide construction oversight, inspection, monitoring and testing.

Contingency - This encompasses all the work associated with contingency items which will cover bid units not currently known. It will be modified as the plans become more detailed.

Zones 3, 4, and 7 activities:

Zones 3 and 4 include construction of an urban streetscape providing separated and protected bike and pedestrian facilities. Project elements include improved bike and pedestrian crossings, new traffic signal locations, pedestrian activated traffic signals, green stormwater infrastructure, lighting, and landscaping.

Zone 7 includes the construction of a multi-use asphalt trail. Project elements include improved bike and pedestrian crossings, and improved rail signals.

Design – Professional services for design and engineering of improvements.

Right-of-way Acquisition – Includes minor easement, scope of acquisition dependent on alternative analysis in design phase.

Utility – Will involve valve adjustments and/or minor relocations to the following:

Zone 3 and 4:

- 16" Water line (Kentucky American Water)
- 24" Sanitary Sewer (LFUCG)
- Gas distribution line (Columbia Gas)
- Buried Electric Distribution (Kentucky Utilities)
- Buried Telephone (Windstream)

Zone 7: Will involve valve adjustments and/or minor relocations to the following:

- 12" Water line (Kentucky American Water)
- Sanitary Sewer (LFUCG)
- Gas distribution line (Columbia Gas)
- Overhead Electric Distribution (Kentucky Utilities)
- Buried Telephone (Windstream)

Paving – This encompasses all the work associated with the construction of the pavement including asphalt surface, asphalt base, leveling and wedging, milling and texturing, DGA and CSB

Roadway - This encompasses all the work associated with the construction of the roadway components including curb and gutter, pavement/sidewalk removal, earthwork, new sidewalks, bike paths, MOT, erosion control, staking and pavers.

Drainage - This encompasses all the work associated with the construction of the pavement including asphalt surface, asphalt base, leveling and wedging, milling and texturing, DGA and CSB.

Sewer - This encompasses all the work associated with the construction of the bio swales, rain gardens and sanitary sewer.

Signage - This encompasses all the work associated with the construction of the project roadway and wayfinding signage.

Signalization - This encompasses all the work associated with the construction of the new traffic and pedestrian signals on the project.

Lighting - This encompasses all the work associated with the construction of the roadway lighting items.

Landscaping - This encompasses all the work associated with the construction of the landscaping plans such as trees, plantings, planters, etc.

Miscellaneous - This encompasses all the work associated with miscellaneous items such as streetscape furniture, trash receptacles, benches, building removal, etc.

Mobilization/Demobilization - This encompasses all the work associated with the mobilization (activation of contractor's resources to the project site) and demobilization (removal of equipment and deactivation of resources) of the contractor on the project site.

Construction Management and Inspection – This encompasses all services required to provide construction oversight, inspection, monitoring and testing.

Contingency - This encompasses all the work associated with contingency items which will cover bid units not currently known. It will be modified as the plans become more detailed.

SECTION 4. AMENDED ATTACHMENT B OF THE GRANT AGREEMENT

Attachment B of the Grant Agreement is amended and restated in its entirety and will read as follows:

SECTION 6. EXECUTION OF ADDENDUM

There are four (4) identical counterparts of this Addendum in typewritten hard copy; each counterpart is to be fully signed in writing by the parties and each counterpart is deemed to be an original having identical legal effect. When signed and dated by the authorized official of the Government, this instrument will constitute a formal amendment to the Grant Agreement. Except as modified, changed, and supplemented by this Addendum, all terms of the original Grant Agreement shall continue in full force and effect. Upon full execution of this Addendum by the Parties, the effective date will be the date the Government executes this Addendum as set forth below.

EXECUTION BY THE USDOT

Executed this	day of	, 2020.	
	Todd Jeter		
	Division Admini	strator	
	FHWA Kentucky	y Division	

EXECUTION BY LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT

Executed this	day of	, 2020.	
	Linda Gorton		
	Mayor		
	City of Lexington		

EXECUTION BY KENTUCKY TRANSPORTATION CABINET

Executed this	day of, 2020.			
	Jim Gray
