FROM: Robert Stack, Director  
Lexington Enhanced 911

DATE: April 21, 2021

SUBJECT: Sole Source Resolution – M3 Technology Group Inc.

---

Request:

A resolution recognizing M3 Technology Group Inc. as the sole source provider of preventive maintenance and repair parts/service for audio and video (A/V) equipment in use by E911 and other divisions.

Why are you requesting?

M3 Technology Group installed Crestron A/V control equipment new in the Public Safety Operations Center in 2016 and has performed preventive maintenance and repair ever since for multiple divisions. Two local vendors authorized to service Crestron A/V equipment declined to provide competitive quotes for preventive maintenance, because they were not familiar with the original installation and consider the equipment to be nearing the end of its technical life.

What are the costs in this budget year and future budget years?

Total amount TBD.

Are the funds budgeted?

E911 budgets preventive maintenance in 4204-505602-5622-76101, but other divisions will be able to use this Sole Source vendor for A/V hardware.

File Number: 0432-21

cc: Ken Armstrong, Commissioner of Public Safety
