7. Organization represents that it has filed all federal, state and local income tax returns required by law in the legally prescribed time and manner. This Agreement shall not become effective unless and until copies of all of the executed originals of the aforementioned tax returns filed for the Organization have been registered for the current tax year by the Organization in the office of the Sponsor, and the Organization shall not be compensated unless and until such registration has taken place.

Any examination shall be at the expense of the Government.

10. Government may designate such persons as may be necessary to monitor and evaluate the services rendered by the Organization. The Government, its agents and employees, shall, at all times, have unrestricted access to all places where or in which the services required hereunder are being carried on and conducted. Inspection and monitoring of the work by these authorities shall in no manner be presumed to relieve in any degree the

responsibility or obligations of Organization, nor to constitute the Organization as an agent of the Government.

11. Organization shall provide equal opportunity in employment for all qualified persons, shall prohibit discrimination in employment because of race, color, creed, national origin, sex or age, and shall cause each of its subcontracting agencies to do so. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

The trust department may utilize its regular short-term one hundred percent (100%) US Treasury Fund for daily funds investment.

The election of option 1 or 2 should be made consistent with the relative cost incurred and in the case of option 2 the cost shall be competitive among local trust departments.

C. Investment Policies - - Safety and Prudence.

(1) Short-term liquidity funds shall be invested in "riskless" investment, i.e., deposits in Kentucky commercial banks or savings and loan associations that are fully federally insured or deposits collateralized by U.S. Treasury securities with a current market value of at least one hundred percent (100%), or in direct obligations of U.S. Treasury securities.

Investments shall be diversified according to maturity in order to meet projected cash flow needs.

(3) All investments shall be reviewed monthly by a finance or investment committee of the agency.

(4) Local brokerage firms may hold and invest funds provided that investments are located within Kentucky and are full insured.

Laws and Regulations

All applicable state laws, municipal ordinances and regulations of all authorities having jurisdiction over the project shall apply to the contract, and shall be deemed to be incorporated herein by reference.

Equal Employment Opportunity

The Entity (regardless of whether construction contractor, non-construction contractor or supplier) agrees to provide equal opportunity in employment for all qualified persons, to prohibit discrimination in employment because of race, color, religion, sex (including pregnancy, sexual orientation or gender identity), national origin, disability, age, genetic information, political affiliation, or veteran status, and to promote equal employment through a positive, continuing program from itself and each of its sub-contracting agents. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

Kentucky Equal Employment Opportunity Act

The Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any "county, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly publicly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin;
- (2) The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin;
- (3) The contractor will post notices in conspicuous places, available to employees and applicants for employment, setting forth the provision of the nondiscrimination clauses required by this section; and
- (4) The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding advising the labor union or workers'

representative of the contractor's commitments under the nondiscrimination clauses."

The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

(1) For the length of the contract, each contractor shall hire minorities from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetables.

(2) Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.

KRS 45.620. Action against contractor -- Hiring of minority contractor or subcontractor

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or subcontract covered under KRS 45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of KRS 45.560 to 45.640, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.

KRS 45.630 Termination of existing employee not required, when

Any provision of KRS 45.560 to 45.640 notwithstanding, no contractor shall be required to terminate an existing employee upon proof that employee was employed prior to the date of the contract.

KRS 45.640 Minimum skills

Nothing in KRS 45.560 to 45.640 shall require a contractor to hire anyone who fails to demonstrate the minimum skills required to perform a particular job."

It is recommended that all of the provisions above quoted be included as special conditions in each contract. In the case of a contract exceeding \$250,000, the contractor is required to furnish evidence that his workforce in Kentucky is representative of the available work-force in the area from which he draws employees, or to supply an Affirmative Action plan which will achieve such representation during the life of the contract.

LFUCG Non-Appropriation Clause

Contractor acknowledges that the LFUCG is a governmental entity, and the contract validity is based upon the availability of public funding under the authority of its statutory mandate.

In the event that public funds are unavailable and not appropriated for the performance of the LFUCG's obligations under this contract, then this contract shall automatically expire without penalty to the LFUCG thirty (30) days after written notice to Contractor of the unavailability and non-appropriation of public funds. It is expressly agreed that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

EQUAL OPPORTUNITY AGREEMENT

Standard Title VI Assurance

The Lexington Fayette–Urban County Government, (hereinafter referred to as the “Recipient”) hereby agrees that as a condition to receiving any Federal financial assistance from the U.S. Department of Transportation, it will comply with Title VI of the Civil Rights Act of 1964, 78Stat.252, 42 U.S.C. 2000d-4 (hereinafter referred to as the “Act”), and all requirements imposed by or pursuant to Title 49, Code of Federal Regulations, U.S. Department of Transportation, Subtitle A, Office of the Secretary, (49 CFR, Part 21) Nondiscrimination in Federally Assisted Program of the Department of Transportation – Effectuation of Title VI of the Civil Rights Act of 1964 (hereinafter referred to as the “Regulations”) and other pertinent directives, no person in the United States shall, on the grounds of race, color, national origin, sex, age (over 40), religion, sexual orientation, gender identity, veteran status, or disability be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the Recipient receives Federal financial assistance from the U.S. Department of Transportation, including the Federal Highway Administration, and hereby gives assurance that will promptly take any necessary measures to effectuate this agreement. This assurance is required by subsection 21.7(a) (1) of the Regulations.

The Law

- Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for an employer to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.
- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- Section 503 of the Rehabilitation Act of 1973 states:

The Contractor will not discriminate against any employee or applicant for employment because of physical or mental handicap.

- Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.
- Section 206(A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:

The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.

1.0 GENERAL INFORMATION & SCOPE

1.1 **Background**

Each fiscal year the Mayor and Urban County Council allocate funds for use by selected 501(c)(3) non-profit partner agencies through the Department of Social Services' Extended Social Resource (ESR) Program.

This grant cycle shall cover Fiscal Years 2025 and 2026 (July 1, 2024 – June 30, 2026), and will award grants between the four Funding Priorities, which each have separate required Proposal Submittals and criteria, and awarded on an approximate scale, listed below.

Funding Priority Area: Food Insecurity & Nutritional Access

Projected funding is approximately \$633,500 of the total ESR Grant Program Community Based Initiatives Award. This amount is subject to change upon Council ratification of the Fiscal Year 2025 Budget.

LFUCG seeks to strengthen and enhance **Food Insecurity and Nutritional Access** by supporting programs and services for the provision of addressing having reliable access to a sufficient quantity of affordable, nutritious food and providing nutritional services. LFUCG intends to award grants for priority-rated programs and services based on documentation of marginalized client populations and articulated individual and community outcomes. The program should utilize best practices and evidence-based models when engaging, assessing, intervening, and terminating services with underserved population groups.

2.0 GENERAL PROVISIONS

2.1 **Purpose**

The LFUCG is accepting applications from qualified non-governmental, non-profit agencies with current **501(c)3** tax exempt status and with a physical business or program site location in Fayette County (hereinafter, referred to as "Applicant") for ESR funding for FY2025 & 2026 (July 1, 2024 – June 30, 2026). This funding is intended to support agency **programs** which respond to the **funding priorities** established herein. **THIS FUNDING IS NOT INTENDED TO SUPPORT GENERAL AGENCY OPERATIONS, other than overhead required to support the subject program.**

2.2 **Funding Period**

The funding period is from July 1, 2024 through June 30, 2026.

2.3 **ESR Grant Informational Workshop**

Proposal submissions containing significant omissions of required information will be considered non-responsive and removed from the RFP funding process on the application deadline date (April 25th, 2024). Significant missing responses to questions constitute an incomplete application. The final decision regarding application completeness and penalties will be determined by the LFUCG Division of

Procurement in consultation with the Commissioner of Social Services. **All proposals must be written in a clear and concise manner, as there will be no follow-up or clarifications to proposer's Proposal Submittal Form once the evaluation process begins.**

Do not include additional documents or attachments with the Proposal Submittal Form, such as brochures or letters of support. These will be discarded.

In evaluating whether to ultimately award funding to an agency, the Lexington-Fayette Urban County Government may consider how much funding, if any, an agency has previously received from LFUCG during the same funding cycle, and reserves the right to not fund, or to reduce the amount of funding that an agency might otherwise receive, based upon such an evaluation.

If your agency is submitting a proposal for the funding of more than one program in a single priority area, please note that they must be included in a single Proposal Submittal completed and submitted for that priority area RFP. Only one Proposal Submittal per agency per priority area will be accepted. Agencies/Organizations may submit only ONE Proposal Submittal per proposed program in all priority areas.

Submitted Proposal shall be comprised of the attached PDF formatted Proposal Submittal form. This form must be submitted in the original PDF form, and NOT be a scanned version of the original form.

Funding Priority Area: Food Insecurity and Nutritional Access

Projected funding is \$633,500 of ESR Grant Program – Community Based Initiatives

LFUCG seeks to strengthen and enhance **Food Insecurity and Nutritional Access** by supporting programs and services for the provision of addressing having reliable access to a sufficient quantity of affordable, nutritious food and providing nutritional services. LFUCG intends to award grants for priority-rated programs and services based on documentation of marginalized client populations and articulated individual and community outcomes. The program should utilize best practices and evidence-based models when engaging, assessing, intervening, and terminating services with underserved population groups.

Food security is a situation that exists when all people, at all times, have physical, social and economic access to sufficient, safe and nutritious food that meets their dietary needs and food

preferences for an active and healthy life. Nutrition includes management for congregate and home delivered meals, delivering quality meals to nutrition sites and homebound clients so clients have nutritionally sound meals.

USDA Definitions:

- **High food security:** no reported indications of food-access problems or limitations.
- **Marginal food security:** one or two reported indications—typically of anxiety over food sufficiency or shortage of food in the house. Little or no indication of changes in diets or food intake.
- **Low food security:** reports of reduced quality, variety, or desirability of diet. Little or no indication of reduced food intake.
- **Very low food security:** Reports of multiple indications of disrupted eating patterns and reduced food intake.

The term “client” is used throughout this proposal; however we understand that within the context of your work “client” may not mean an individual. For some agencies it may be helpful to think of “client” as whole system (such as a school) or as a neighborhood, group, or community.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement **15 Points**

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

5.1.2 Service Delivery Model **15 Points**

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each “unit of service” you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

5.1.3 Client Eligibility and Requirements **5 Points**

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

5.1.4 Evidence-Based/Best Practice **10 Points**

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are proposing is best-practice.

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes **10 Points**

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define “successful” completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also **be specific regarding sampling size and frequency of evaluation.**

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community's comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency, including a language access plan; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community? How does your proposal support or enhance the recommendations made by the Mayor's Commission on Racial Justice & Equality?

6.0 Program Budget Summary Form

Proposal Submittal shall be considered incomplete and shall be rejected without completed Budget Summary Form. (which will be the total amount of FY25 ESR grant request)

Budget Form will be for Fiscal Year 2025 ESR Request only. Funds awarded for Fiscal Year 2026 shall be the same amount as awarded for Fiscal Year 2025, and contingent on Council approval of the Fiscal Year 2026 budget.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement

15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

The People's Market targets food insecure low- and moderate-income LGBTQIA+ people of all ages throughout Fayette County. This population is at-risk and under-served, where 34% of the Kentucky LGBT population is food insecure, as opposed to 17% of the non-LGBT population (The Williams Institute: National Estimates of Food Insecurity, April 2020). Lexington Pride Center completed an LGBTQIA+ survey for Kentucky in 2021, in which 430 LGBTQIA+ residents of Fayette County responded. Statewide, 33% of respondents indicated food insecurity was their top concern; for Fayette County, food insecurity was ranked third as the top concern, more so than housing, violence, and education. This data supports the increase in demand we've experienced; between 2020 and 2022, during the height of COVID-19, we saw growth of 590%, going from serving an average of 10 families weekly to 69 families. Post pandemic, households are still experiencing food insecurity due to higher food costs and the end of government pandemic relief. The People's Market currently serves an average of 60 households per week, consisting of approximately 163 individuals. Despite increased risk for food insecurity, there are no other LGBTQIA+ targeted food resources in Fayette County.

Feeding America states that 22% of LGBTQ+ adults live in poverty and are disproportionately affected by food insecurity. A fact that makes this community twice as likely as others to face hunger. While God's Pantry is the leading agency addressing food insecurity in Fayette County by distributing food through 32 organizations, of these only 66% are faith-based and only 7 organizations serve the public without restrictions and are not faith-based. This is problematic because many LGBTQIA+ individuals have been harmed by religious institutions, creating barriers of discrimination and fear of stigmatization when accessing food. By distributing food in ways that are accessible for the LGBTQIA+ community, The People's Market is able to help solve the problem of food insecurity for this under-served population.

5.1.2 Service Delivery Model

15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each "unit of service" you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

The People's Market addresses the problem of food insecurity for the LGBTQIA+ community in Fayette County by distributing one free 25-50 lb package of nutritious groceries to each household weekly, year-round. Food packages include a variety of choices, taking into account household size, nutritional needs, and preferences. Based on growth and demand over the last couple years, we project to annually serve an average of 75 households per week by, serving approximately 175 unique individuals.

Clients have reported that transportation was the greatest barrier to participation, and in order for transportation to not be a barrier for services, our program currently offers both pick-up and delivery for food boxes. Over 60% of participants rely on deliveries, with our staff and volunteer drivers distributing food packages to their homes. Expanding delivery options allows us to reach clients who lack transportation, clients who have disabilities preventing them from accessing our facility, and/or clients with compromised immune systems.

At initial meetings with clients, staff evaluate food needs and preferences and other needs. They then follow up weekly with each household through the client's preference of a call, text, or email for updates. Ongoing contact ensures clients are connected and have access to appropriate resources. Staff may assist clients in filling out SNAP and/or other applications, refer them to other Lexington Pride Center resources, or help them find resources with outside agencies. Printed information that covers methods of combining and preparing foods for nutritional and economical purposes is included in the weekly food packages, in addition to documentation providing ways individuals can access other community resources.

5.1.3 Client Eligibility and Requirements

5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

To begin receiving food services, individuals must first complete a program application. Required information includes name, county, address, phone number, email address, household size, and any food allergies, requirements or preferences. Potential clients must also indicate that they have a need for food that is not being addressed by other resources. Households receive help as often as it is needed, whether it be a one-time assistance or a periodic or ongoing need. The application also asks for optional demographic questions to help us evaluate populations using the program.

In order to receive food assistance on an ongoing basis, clients must respond to weekly communication from Pride Center staff to confirm ongoing need and whether they want pick-up or delivery. If staff have not heard from clients by the day before food pickups begin, they can not participate for the week. Any client who confirms that they want food for the week and fails to pick-up or to be home more than twice may be suspended from the program. Clients are limited to one visit per week to pick up staples and groceries. However, they may drop in for prepared foods such as wrapped sandwiches and snacks as we have them available.

Clients are asked to respond to an anonymous feedback request once each quarter, but responses are not required to continue receiving services.

People's Market clients must follow Lexington Pride Center's Code of Conduct which includes treating others with respect, not damaging the property, no violence, no firearms, and respecting confidentiality of other clients and visitors.

5.1.4 Evidence-Based/Best Practice

10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are doing is best-practice.

Our practices and policies have been influenced by and based on the "LGBTQ Hunger Free Communities" workshop presented at the 2020 Hunger Free Community Summit and by Frank J. Bewkes' report "Intersecting Injustice: Addressing LGBTQ Poverty and Economic Justice for All." Both sources detailed similar recommendations for providing promising practices for LGBTQ food pantries, as explained more in depth below.

Successful programs create visible safe and affirming spaces for LGBTQIA+ people. Community members must feel safe before even accessing services. Founded in 1977, the Lexington Pride Center is the oldest LGBTQIA+ organization in Kentucky, and people in the community are already familiar with our space and comfortable accessing services with us. We make it clear and evident that we are an LGBTQIA+ organization, a safe and inclusive space, making this particular population more likely to come to us for food rather than going to other sources. Another promising practice for LGBTQIA+ food programs is to increase access to nutritionally and culturally healthy food. By gathering detailed information on food needs and preferences from our clients and diversifying our food sources, we are able address specific food needs that may be more common for members of our community such as those on gender-affirming hormone replacement therapy, with HIV/AIDS, or having survived cancer.

There is evidence that both LGBTQIA+ and traditional food banks are more effective when they provide wrap-around services and a social safety net. The People's Market is located in an LGBTQIA+ community center, where individuals can be referred and connected to other like-minded affirming agencies and programs for additional services. Weekly communication with staff and options to participate in our support and social groups provides this social safety net.

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define "successful" completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

We hope to help 175 clients achieve improved physical and mental health by giving them access to the quantity of nutritious foods they need to lessen or eliminate food insecurity. In order to help these clients achieve such, staff set unique, individualized goals with clients to attempt to decrease food insecurity and to improve their quality of life. This looks different for each client, as each person's needs are unique to them. Examples of such goals include: identifying eligibility for and applying for additional support resources; finding and securing employment to increase income available for food and other needs; and increasing community connection by participating in Lex Pride Center events.

Our service philosophy is a holistic approach to meeting the needs of LGBTQIA+ people and their families, friends, and allies. We recognize that providing access to food is only one piece of ending hunger. Providing a safe space, individual and community connection, and access to other programs and resources while providing food will allow us to have a greater impact on those we serve.

For The People's Market, a "successful" completion of services means that a client is no longer struggling with food insecurity. For some individuals, that will mean they achieve greater financial stability and no longer need to access our food programs. For others, it will mean that they continue to access our services but have their food needs met and feel like a valued member of our community. Over the last year, 87% of program participants met the criteria for success.

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

The People's Market helps meet the essential needs of low- and moderate-income LGBTQIA+ individuals and their families, friends, and allies. Having access to nutritious food in a safe and inclusive environment, with minimal barriers, improves the physical and mental health of those served. It also frees participants from the stress of worrying about how they will eat. In our latest People's Market client survey, we found over 88% of respondents indicated that participating in the program had a positive impact on their physical and/or mental health.

We find that many clients who participate in our food programs end up volunteering, participating in social events at the Center, or finding other ways to give back. Time and energy that would have been consumed by hunger or trying to figure out how to access food can be used to participate in other meaningful activities, including community and civic engagement. Better health and mental health for clients may result in less resources used by community health providers.

One of our clients shared that they were able to come out after accessing the pantry program. They started picking up food bags weekly, and over time felt more comfortable asking questions about themselves. They also accessed books from the library in the Center that helped them have those difficult conversations. This individual is now out, in a happy queer relationship, and a volunteer.

Based on client surveys, only about 50% of those we serve identify as LGBTQIA+. The transient population in our community who use our food services have expressed that The People's Market is the only pantry that gives them products they can use (i.e. products that don't need to be cooked, prepared, and/or refrigerated).

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also **be specific regarding sampling size and frequency of evaluation.**

We know if our services have been effective when a minimum of 85% of program participants responding to satisfaction surveys have had positive outcomes as a result of having used The People's Market. We survey all program participants every 3 months by phone, email, or letter to assess how participating in the program has impacted their lives. Questions include objective ratings on a numbered scale for status of health, status of mental health, feeling of connection to the community, interaction with the community, and level of access to needed food both before and after accessing the program. We also include more subjective open-ended questions, asking participants how the program has impacted them and to provide suggestions on improvements that could be made. We use feedback from our client satisfaction surveys to make changes to improve the effectiveness of the program. For example, in past surveys, we discovered that transportation was a critical barrier to many in accessing the food pantry. As a result, we focused on expanding delivery services, which has allowed us to expand our impact. We also kept receiving participant comments about how critical it is for them to have foods they can eat with chronic issues and medical conditions, which led us to expand our resources to offer more gluten-free and high-protein foods and fresh fruits and vegetables.

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

The Food Programs Manager (FTE), Bryana Magee, manages the operations of The People's Market including maintaining inventory, coordinating food delivery and pick-up, planning content of distributions, overseeing preparation of food packages, training volunteers, implementing satisfaction surveys, making referrals, and conducting outreach. Bryana has served in this position for nearly 3 years and holds a Bachelor's Degree in Family Sciences from the University of Kentucky

The Office Manager (PTE) spends approximately 20% of his time assisting in The People's Market operation by taking calls, performing client intake, recruiting volunteers, assisting with outreach, making referrals, and helping with food pick-up and delivery as needed. This position is currently vacant, with hopes of it being filled as soon as possible.

The Development Manager (PTE), Catherine "Cat" Taylor, spends approximately 25% of their time fundraising and soliciting in-kind donations specifically for The People's Market.

In the absence of an Executive Director, the Board of Director's President, Wanda McCants is responsible for oversight and evaluation of all operations of the Lexington Pride Center, including The People's Market. She is also assisted by the Board's Vice President, Dustin Combs. Wanda has been active board member since 2016, giving her organizational knowledge and program understanding to provide the necessary supervision, outreach, and evaluation.

A team of approximately 8 volunteers is also used to assist with food pick-up, distribution, and delivery.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community’s comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

The People's Market ensures that LGBTQIA+ people, one of the most at-risk and under-served populations for food insecurity, have equitable access to food resources in our community by distributing free nutritious food in a way that eliminates barriers found in traditional approaches.

We're part of a strong local network of community organizations that shares referrals and resources. The People's Market is a distribution site for God's Pantry, utilizing their resources to supply food to our clients. We also work with UK's Agricultural Department and local farmers to distribute excess produce. We partner with Community Action, Moveable Feast, and NourishLex to share resources. If there are ever any extra donations at the end of each week, they are distributed to other nonprofits around Lexington; we try to eliminate as much food waste as possible.

Board members promote, advocate for, and raise money for The People's Market. We rely on volunteers to pick up food from multiple sources and to offer delivery to our clients. Donors often designate funds to be committed to the program and also host food drives. Kroger has repeatedly provided grant funding for this specific program, and Good Foods Coop has made a sizable donation to the program through their "Give Where You Live" community giving program.

The Lexington Pride Center raises operating funds annually from events, advertising, merchandise, and community education. A portion of these funds are allocated to the program. We are working to launch sustained and major giving programs this year.

5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency, including a language access plan; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community? How does your proposal support or enhance the recommendations made by the Mayor’s Commission on Racial Justice & Equality?

Lexington Pride Center has a membership with an online organization to provide on-call interpretation services in any language, and we maintain contacts with local interpreters to provide in-person services and to translate materials.

Program space is accessible to those with wheelchairs and other mobility tools, with additional accommodations as needed. Seventy-nine percent of our clients self-identify as having a disability, and we run a program for LGBTQIA+ people with disabilities and chronic illnesses and regularly partner with other organizations who serve the disability community to share resources and promote programming. We conduct outreach and collaborate with organizations that serve other minority communities including Foundation for Latin American and Latin Culture and Arts (FLACA), Bluegrass Black Pride, Kentucky Black Pride, SAGE of the Bluegrass for LGBT Elders, NAMI Lexington, and the VA Hospital, among others.

Lexington Pride Center has a non-discrimination policy that exceeds all state and federal requirements for programming, employment, and operations. Increasing diversity, equity, inclusion, and belonging is a priority of our strategic plan as is becoming an anti-racist organization, and increasing accessibility of our programs.

Our proposal directly addresses Recommendation #2 of the Health Disparities Subcommittee of the Mayor's Commission on Racial Justice & Equality, which is to improve food access and healthy food options. The subcommittee report lists transportation as one of the root causes of food insecurity, and The People's Market eliminates this barrier by delivering food directly to program participants.
