6. PROJECT SUMMARY

Provide a brief explanation of the proposed activity:

Lexington-Fayette Urban County Government Division of Waste Management proposes to conduct a one-day household hazardous waste collection event for residents of Fayette County. The material collected will include traditional household chemicals and other hazardous materials to be kept out of the regular landfill-bound waste stream. The event provides an easy method for encouraging proper, safe disposal. The collected materials are recycled and/or reused by approved vendors whenever possible. The county does not have a permanent hazardous waste collection facility and therefore conducts periodic one-day events to allow for convenient residential disposal opportunities. The goal of holding a one-day event is to keep hazardous waste from entering city collection vehicles, potentially harming employees or the environment. The county would support the project by providing 25% matching funds, widely advertise to all county residents, and dedicate necessary city personnel to assist at a collection event.

7. AUTHORIZED SIGNATURE

I hereby certify that the submission of this application has been duly authorized by the governing body of the entity, and that I am legally authorized to sign the application. For regional and joint recycling projects, signature by the governing body of each participating entity shall be required.

Printed Name _____	Signature _____	Date _____
