

## JUSTIFICATION FOR SOLE SOURCE CERTIFICATION

**Sole Source Purchases** are defined clearly, based upon a legitimate need, and are limited to a single supplier. Sole source purchases are normally not allowed except when based upon strong technological grounds such as operational compatibility with existing equipment and related parts or upon a clearly unique and/or cost effective feature requirement. The use of sole source purchases must be justified and shall be limited only to those specific instances in which compatibility or technical performance needs are being satisfied.

**Sole Source Services** are defined as a service provider providing technical expertise of such a unique nature that the service provider is clearly and justifiably the only practicable source available to provide the service. The justification shall be based on the uniqueness of the service, sole availability at the location required, or warranty or defect correction service obligations of the service provider.

## JUSTIFICATION FOR SOLE SOURCE CERTIFICATION

**STATEMENT OF NEED:** (Add additional pages as needed)

My division/department's recommendation for sole source is based upon an objective review of the product/service required and appears to be in the best interest of the LFUCG. I know of no conflict of interest on my part, and I have no personal involvement in any way with this request. No gratuities, favors, or compromising actions have taken place. Neither has my personal familiarity with particular brands, types of equipment, materials, persons or firms been a deciding influence on my request to sole source this purchase when there are other known suppliers to exist.

**1. Describe the product or service and list the necessary features this product provides that are not available from any other option.**

Fortune Collision is the only body shop that is willing to perform corrosion repair on the aluminum bodies of our fire apparatus. In agreement with the truck manufacturer, E-One Inc., Fortune Collision has been selected to perform the necessary repairs that are covered under warranty.

**2. Below are eligible reasons for sole source. Check one and describe.**

Licensed or patented product or service. No other vendor provides this. Warranty or defect correction service obligations to the consultant. Describe why it is mandatory to use this licensed or patented product or service.

Existing LFUCG equipment, inventory, custom-built information system, custom-built data inventory system, or similar products or programs. Describe. If product is off-the-shelf, list efforts to find other vendors (i.e. web site search, contacting the manufacturer to see if other dealers are available to service this region, etc.)

Uniqueness of the service. Describe.

The LFUCG has established a standard for this manufacturer, supplier, or provider and there is only one vendor. Attach documentation from manufacturer to confirm that only one dealer provides the product.

Factory-authorized warranty service available only from this single dealer. Sole availability at the location required. Describe. Fortune Collision is the factory authorized repair center for corrosion mitigation of E-One manufactured trucks..

Used item with bargain price (describe what a new item would cost). Describe.

Other – The above reasons are the most common and established causes for an eligible sole source. If you have a different reason, please describe:

## JUSTIFICATION FOR SOLE SOURCE CERTIFICATION

**3. Describe efforts to find other vendors or consultants (i.e. phone inquires, web site search, contacting the manufacturer to see if other dealers are available to service region, etc.).**

After requesting quotes for repair of corrosion from area vendors, Fortune Collision is the only center that agreed to perform the needed repairs. Keys Auto Body declined, as did Lexington Truck Sales. E-One found Fortune to be an acceptable repair center and as such has authorized them to perform corrosion mitigation on their apparatus.

**4. How was the price offered determined to be fair and reasonable?**

(Explain what the basis was for comparison and include cost analyses as applicable.)

Fortune Collision has always provided a fair market value for the performance of their services.

---

**5. Describe any cost savings realized or costs avoided by acquiring the goods/services from this supplier.**

This is a proprietary service that cannot be purchased elsewhere. There is no cost savings or avoidance.
