PLANNED MAINTENANCE AGREEMENT

<u>Customer Address</u>	<u>Customer Contact</u>	<u>Quote Information</u>
LEXINGTON DIV OF POLICE 150 EAST MAIN ST Lexington, KY 40507	Contact: Neal Umberger Phone: 859 258 3533 Fax: 859 233 1676 Cust Id: 499436	Quote Date: 06-FEB-14 Quote Expires: 06-MAY-14 Quote Num: 16869 Quoted By: Brian C Leis Quote Term: 3 Year(s)

The Major and Minor Services include an overall inspection of the diesel engine, lubricating system, cooling system, exhaust, air induction system, fuel system, electrical, and batteries. There is also operating check, transfer switch check, and a building load test (if permitted).

During the Major Service the lube oil, oil filters and fuel filters will be replaced and disposed of per EPA regulations.

TWO OR FOUR HOUR RESISTIVE LOAD BANK TEST SCOPE OF WORK

Cummins Crosspoint, LLC will furnish two technicians, cable and labor to connect a resistive load bank of adequate size to fully load test the equipment listed above. CCRPT will perform a two or four hour full load test with readings recorded every fifteen minutes for the duration of the test. CCRPT will then disconnect the test equipment and furnish a copy of the report to the OWNER. This load test is to be performed during the hours of 7AM to 5PM, Monday thru Friday. The cost of this program is included in your Total Agreement Price.

** Please note that Cummins Crosspoint does not offer Megger Testing to measure and record resistance readings of windings. **

Standard Agreement Amount \$25,514.07

Proposal Total \$25,514.07
