SUBJECT: Travel Time Analytics Platform Agreement with INRIX, Inc.

**Request**

Authorization to enter into a data license agreement with INRIX, Inc to provide an online travel time analytics platform on roadways within Fayette and Jessamine Counties.

**Why are you requesting?**

The Division of Traffic Engineering along with the Division of Planning and the Lexington Area MPO are tasked with planning for the short and long term impacts of traffic congestion. This Travel Time Analytics Platform will give employees a powerful new tool in identifying troublesome areas, determine solutions, measure impacts, and plan for future needs. This product will be available online and its analytics portion will cover all major roadways within Fayette and Jessamine Counties. The initial cost includes historical travel time data from January 1, 2016 to present.

**What is the cost in this budget year and future budget years?**

The cost for this FY is: \$111,000

The cost for future FY is: \$75,000 per year for up to five years

**Are the funds budgeted?**

Yes. Budget amendment being processed.
