To whom it may concern,

The Scott Co. Sheriff's Office was looking to purchase gas masks for protecting and supporting our deputies on a day to day basis. I recently was told that the Lexington Metro Police Dept. had some used gas masks that could be available for our agency. The Scott Co. Sheriff's Office would greatly appreciate it if you considered donating these gas masks to protect our deputies from any airborne pollutants or toxic gases.

Respectfully,

Lt. Josh Hudnall
