

TO: Mayor Jim Gray  
Urban County Council

FROM:   
Charles H. Martin, Director  
Division of Water Quality

DATE: February 13, 2018

SUBJECT: Temporary Flow Monitoring – Division of Water Quality  
Change Order #1 – Hydromax USA LLC

---

Request

The purpose of this memorandum is to request a resolution approving a change order, in the amount of \$7,100, to Hydromax USA for providing two (2) additional temporary sanitary sewer flow monitoring sites for the Division of Water Quality.

Purpose of Request

This contract was previously approved by Resolution No. 12-2018 in the amount of \$262,050. Since that time, additional monitoring sites have been identified where the data collected during the four month 2018 monitoring period would be beneficial for future Remedial Measures capital project planning. Annual, temporary flow monitoring of the sanitary sewer system is a requirement and essential component of the EPA approved sanitary sewer Capacity Assurance Program (CAP).

Project Cost in FY18 - \$7,100

Are Funds Budgeted

Funds for these services are budgeted: #4003-303410 -3471-71205 \_CAPASSE

File Number: Resolution #12-2018 / Contract 178-2017

Director/Commissioner: Martin / Hoskins-Squier
