The interest component of the Lease Rental Payments shall not exceed the applicable Maximum Rate. The Lease Rental Payments during the Lease Term will be absolute and unconditional in all events; provided that, no Lease Rental Payments will be due from the Lessee so long as, at least three Business Days prior to the applicable Payment Date, the amount required to pay Debt Service Charges on the Outstanding Obligations is on deposit in the Debt Service Payment Account of the Debt Service Fund, other than as a result of (i) the transfer of an amount from the Debt Service Reserve Fund that causes the amount in the Debt Service Reserve Fund to be less than the Debt Service Reserve Requirement or (ii) a draw on a Debt Service Reserve Fund Credit Instrument. Each payment shall be applied first to payment of the interest component of the Lease Rental Payment to which it relates; provided, however, Lessee may make advance payments of principal components of Lease Rental

Payments. Such Lease Rental Payments shall correspond to the payments due with respect to the Debt Service Charges on the Outstanding Obligations.

(c) As further provided in the 2023 Credit Facility, the outstanding principal amount of the Note (as a component of the Outstanding Obligations) shall be equal to the aggregate principal amount of all Credit Facility Advances made by the Credit Support Provider and shown on the books and records thereof, less any principal payments made by the Lessor and shown on such books and records.

(b) Lessee represents and covenants that it will not use the 2023A Project, or permit the 2023A Project to be used, in such a manner as would result in the loss of the exclusion from gross income for federal income tax purposes afforded under Section 103(a) of the Code of the portion of the Lease Rental Payments designated as the interest component on *Exhibit B*, which is allocable to any 2023A Project Credit Facility Advances.

(c) The Lessor and Lessee each covenant to take all action required to maintain exclusion from gross income for federal income tax purposes afforded under Section 103(a) of the Code, of the portion of the Lease Rental Payments designated as the interest component on *Exhibit B* hereto which is allocable to any 2023A Project Credit Facility Advances.

This Ninth Supplemental Lease shall be construed in accordance with and governed by the laws of the Commonwealth.

SECTION 10. Delivery of Related Documents.

Lessee will execute or provide, as requested by Lessor, such other documents and information as are reasonably necessary with respect to the transaction contemplated by this Ninth Supplemental Lease.

Lessor and Lessee agree that this Ninth Supplemental Lease or any other appropriate documents may be filed or recorded to evidence the parties' respective interests in the Project and this Ninth Supplemental Lease.

SECTION 11. Entire Agreement; Amendment; Severability.

(a) This Ninth Supplemental Lease, together with attachments and exhibits, and other documents or instruments executed by Lessee and Lessor in connection with this Ninth Supplemental Lease, including the Series 2023A Ordinance, constitute the entire agreement between the parties with respect to the lease of the Project.

(b) This Ninth Supplemental Lease may not be modified, amended, altered or changed except with the written consent of the Lessee and the Lessor.

(c) If any provision of, or any covenant, obligation or agreement contained in this Ninth Supplemental Lease is determined by a court to be invalid or unenforceable, that determination shall not affect any other provision, covenant, obligation or agreement, each of which shall be

construed and enforced as if the invalid or unenforceable portion were not contained in this Ninth Supplemental Lease. EXHIBIT A

PROJECT DESCRIPTION

1994 PROJECT DESCRIPTION

Proceeds from the 1994 Series B Bonds were used to refund certain outstanding short-term debt, reimburse the Board for certain owner's costs incurred in completing various improvements to the Airport including an employee parking lot and to purchase a new chiller for the Airport's Terminal building HVAC system.

1998 PROJECT DESCRIPTION

Proceeds from the 1998 Bonds were used to pay the cost of constructing a multi-level automobile parking deck adjacent to the Terminal building. At the time of issuance, it was anticipated that the parking deck would be used primarily for public parking, but that rental car companies doing business on the Airport would use the remaining portion of the parking deck for rental car ready/return functions. Accordingly, the proceeds from the 1998 Series A Bonds were used to pay that portion of the construction cost attributable to the public parking portion of the parking deck and the 1998 Series B Bonds were used to pay the rental car portion of the parking deck. As of the date of this Report, no portion of the parking deck has been used for any rental car related purpose. Proceeds of the 1998 Series C Bonds were used to refund an outstanding bank note.

2003 PROJECT DESCRIPTION

Proceeds from the 2003 Series A Bonds were used to pay in part various airfield, Terminal concourse additions and other Terminal area related improvements. Proceeds of the 2003 B Bonds were used to fund, in part, the costs of constructing a rental car ready/return automobile parking facility. Part of the cost of the ready/return facility was to relocate an air freight building located on the site of the ready/return facility.
