GENERAL WARRANTY:

Fire-Dex, LLC warrant its protective clothing products to be free from defects in workmanship for the serviceable life of the products when used by appropriately trained personnel following proper firefighting procedures and when the product's warning, use and care instructions are followed. Inasmuch as Fire-Dex has no control over the manner or way in which our product is used after it leaves our plant, Fire-Dex cannot be responsible by warranty or otherwise, for results or effect of its use. Each user should make their own tests (preferably by a qualified safety engineer) to determine the suitability of our product for his particular application.

FIRE-DEX FOOTWEAR WARRANTY:

Fire-Dex warrants its protective footwear to be free from defects in materials and workmanship for a period of one (1) year from the date of purchase when properly used and cared for. Products believed to be defective should be returned to Fire-Dex at owner's expense for complete analysis and inspection. At the sole discretion of Fire-Dex, if deemed defective, the product will be either repaired or replaced. Any replacement will be for the same model, standard, and size.

This warranty explicitly covers Fire-Dex footwear used for the purpose for which it was designed, by trained personnel, following proper procedures in accordance with the product's warning, use, inspection, care/maintenance, and storage instructions. Events specifically excluded from this warranty include but are not limited to: normal wear and tear, accidental damage (chemical exposure, nail tears, etc.), intentional or unintentional abuse or where evidence of disregard for care instructions. It is recommended that the user frequently inspect and properly maintain these products as failure to properly care for footwear will lead to a reduction in the serviceable life of the product.

For purpose of this warranty, "Defects in Materials" refers to flaws caused by irregularities in their manufacture. "Defects in Workmanship" refers to improperly manufactured seams, stitching, or other construction methods.

FIRE-DEX HELMET WARRANTY:

The helmet manufacturer shall warrant the original purchaser that the entire helmet, excluding any eye protection, shall be free of defects in material and workmanship, under normal use and service, for a period of at least two (2) years from the date of manufacture.

The helmet shell shall have a warranty of 10 years from defects in material and workmanship under normal use and service.

LFUCG STATEMENT OF GOOD FAITH EFFORTS

Bid/RFP/Quote # 7-2022

By the signature below of an authorized company representative, we certify that we have utilized the following Good Faith Efforts to obtain the maximum participation by MWDBE and Veteran-Owned business enterprises on the project and can supply the appropriate documentation.

_____ Advertised opportunities to participate in the contract in at least two (2) publications of general circulation media; trade and professional association publications; small and minority business or trade publications; and publications or trades targeting minority, women and disadvantaged businesses not less than fifteen (15) days prior to the deadline for submission of bids to allow MWDBE firms and Veteran-Owned businesses to participate.

_____ Included documentation of advertising in the above publications with the bidders good faith efforts package

_____ Attended LFUCG Central Purchasing Economic Inclusion Outreach event

_____ Attended pre-bid meetings that were scheduled by LFUCG to inform MWDBEs and/or Veteran-Owned Businesses of subcontracting opportunities

_____ Sponsored Economic Inclusion event to provide networking opportunities for prime contractors and MWDBE firms and Veteran-Owned businesses

_____ Requested a list of MWDBE and/or Veteran subcontractors or suppliers from LFUCG and showed evidence of contacting the companies on the list(s).

_____ Contacted organizations that work with MWDBE companies for assistance in finding certified MWBDE firms and Veteran-Owned businesses to work on this project. Those contacted and their responses should be a part of the bidder's good faith efforts documentation.

_____ Sent written notices, by certified mail, email or facsimile, to qualified, certified MWDBEs soliciting their participation in the contract not less than seven (7) days prior to the deadline for submission of bids to allow them to participate effectively.

_____ Followed up initial solicitations by contacting MWDBEs and Veteran-Owned businesses to determine their level of interest.

_____ Provided the interested MWBDE firm and/or Veteran-Owned business with adequate and timely information about the plans, specifications, and requirements of the contract.

_____ Selected portions of the work to be performed by MWDBE firms and/or Veteran-Owned businesses in order to increase the likelihood of meeting the contract goals. This includes, where appropriate, breaking out contract work items into economically feasible units to facilitate MWDBE and Veteran participation, even when the prime contractor may otherwise perform these work items with its own workforce

_____ Negotiated in good faith with interested MWDBE firms and Veteran-Owned businesses not rejecting them as unqualified without sound reasons based on a thorough investigation of their capabilities. Any rejection should be so noted in writing with a description as to why an agreement could not be reached.

_____ Included documentation of quotations received from interested MWDBE firms and Veteran-Owned businesses which were not used due to uncompetitive pricing or were rejected as unacceptable and/or copies of responses from firms indicating that they would not be submitting a bid.

_____ Bidder has to submit sound reasons why the quotations were considered unacceptable. The fact that the bidder has the ability and/or desire to perform the contract work with its own forces will not be considered a sound reason for rejecting a MWDBE and/or Veteran-Owned business's quote. Nothing in this provision shall be construed to require the bidder to accept unreasonable quotes in order to satisfy MWDBE and Veteran goals.

_____ Made an effort to offer assistance to or refer interested MWDBE firms and Veteran-Owned businesses to obtain the necessary equipment, supplies, materials, insurance and/or bonding to satisfy the work requirements of the bid proposal

_____ Made efforts to expand the search for MWBE firms and Veteran-Owned businesses beyond the usual geographic boundaries.

_____ Other--any other evidence that the bidder submits which may show that the bidder has made reasonable good faith efforts to include MWDBE and Veteran participation.

NOTE: Failure to submit any of the documentation requested in this section may be cause for rejection of bid. Bidders may include any other documentation deemed relevant to this requirement which is subject to approval by the MBE Liaison. Documentation of Good Faith Efforts must be submitted with the Bid, if the participation Goal is not met.

The undersigned acknowledges that all information is accurate. Any misrepresentations may result in termination of the contract and/or be subject to applicable Federal and State laws concerning false statements and claims.
