To Whom It May Concern:

ThermoFisher Scientific is sole source for the Gemini, FirstDefender RM & RMX, TruDefender FT & FTX and TruNarc product lines for the State of Kentucky. This includes any trade-ins on older FTIR or Raman chem ID tools.

We do not have any resellers that can respond to any solicitations. Any bid responses or Request For Quotations that submitted that are non-ThermoFisher Scientific will not be honored as none have any agreements that state otherwise.

If you have any further questions, please do not hesitate to contact me at 979.777.2874. Thank you and stay safe.

Sincerely,
