**RECOMMENDATION OF THE**  
**URBAN COUNTY PLANNING COMMISSION**  
**OF LEXINGTON AND FAYETTE COUNTY, KENTUCKY**

**IN RE: PLN-ZOTA-24-00003: REGULATION OF SOLAR ENERGY SYSTEMS** – a text amendment to create a new article in the Zoning Ordinance to facilitate the siting, development, construction, installation, and decommissioning of solar energy systems.

Having considered the above matter on **September 26, 2024**, at a Public Hearing, and having voted **6-0** that this Recommendation be submitted to the Lexington-Fayette Urban County Council, the Urban County Planning Commission does hereby recommend **APPROVAL OF THE STAFF ALTERNATIVE TEXT** of this matter for the following reasons:

1. The proposed language will allow for increased utilization of solar energy systems within urban contexts, contributing to the community's efforts to reach net-zero emissions by 2050 (Theme E, Goal #1.c).
2. The decision on how to address ground mounted solar energy systems in our rural areas should be based on a larger, more robust process, with opportunities for stakeholder and community conversations that seek consensus (Theme E, Goal #2.a).

ATTEST: This 11<sup>th</sup> day of October, 2024.

Secretary, Jim Duncan
