7. Organization represents that it has filed all federal, state and local income tax returns required by law in the legally prescribed time and manner. This Agreement shall not become effective unless and until copies of all of the executed originals of the aforementioned tax returns filed for the Organization have been registered for the current tax year by the Organization in the office of the Sponsor, and the Organization shall not be compensated unless and until such registration has taken place.

Inspection and monitoring of the work by these authorities shall in no manner be presumed to relieve in any degree the

responsibility or obligations of Organization, nor to constitute the Organization as an agent of the Government.

11. Organization shall provide equal opportunity in employment for all qualified persons, shall prohibit discrimination in employment because of race, color, creed, national origin, sex or age, and shall cause each of its subcontracting agencies to do so. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

The trust department may utilize its regular short-term one hundred percent (100%) US Treasury Fund for daily funds investment.

The election of option 1 or 2 should be made consistent with the relative cost incurred and in the case of option 2 the cost shall be competitive among local trust departments.

C. Investment Policies - - Safety and Prudence.

(1) Short-term liquidity funds shall be invested in “riskless” investment, i.e., deposits in Kentucky commercial banks or savings and loan associations that are fully federally insured or deposits collateralized by U.S. Treasury securities with a current market value of at least one hundred percent (100%), or in direct obligations of U.S. Treasury securities.

Laws and Regulations

All applicable state laws, municipal ordinances and regulations of all authorities having jurisdiction over the project shall apply to the contract, and shall be deemed to be incorporated herein by reference.

Equal Employment Opportunity

The Entity (regardless of whether construction contractor, non-construction contractor or supplier) agrees to provide equal opportunity in employment for all qualified persons, to prohibit discrimination in employment because of race, color, religion, sex (including pregnancy, sexual orientation or gender identity), national origin, disability, age, genetic information, political affiliation, or veteran status, and to promote equal employment through a positive, continuing program from itself and each of its sub-contracting agents. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

Kentucky Equal Employment Opportunity Act

The Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any "county, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly publicly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin;
- (2) The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin;
- (3) The contractor will post notices in conspicuous places, available to employees and applicants for employment, setting forth the provision of the nondiscrimination clauses required by this section; and
- (4) The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding advising the labor union or workers'

representative of the contractor's commitments under the nondiscrimination clauses."

The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

(1) For the length of the contract, each contractor shall hire minorities from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetables.

(2) Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.

KRS 45.620. Action against contractor -- Hiring of minority contractor or subcontractor

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or subcontract covered under KRS 45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of KRS 45.560 to 45.640, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.

KRS 45.630 Termination of existing employee not required, when

Any provision of KRS 45.560 to 45.640 notwithstanding, no contractor shall be required to terminate an existing employee upon proof that employee was employed prior to the date of the contract.

KRS 45.640 Minimum skills

Nothing in KRS 45.560 to 45.640 shall require a contractor to hire anyone who fails to demonstrate the minimum skills required to perform a particular job."

It is recommended that all of the provisions above quoted be included as special conditions in each contract. In the case of a contract exceeding \$250,000, the contractor is required to furnish evidence that his workforce in Kentucky is representative of the available work-force in the area from which he draws employees, or to supply an Affirmative Action plan which will achieve such representation during the life of the contract.

LFUCG Non-Appropriation Clause

Contractor acknowledges that the LFUCG is a governmental entity, and the contract validity is based upon the availability of public funding under the authority of its statutory mandate.

In the event that public funds are unavailable and not appropriated for the performance of the LFUCG's obligations under this contract, then this contract shall automatically expire without penalty to the LFUCG thirty (30) days after written notice to Contractor of the unavailability and non-appropriation of public funds. It is expressly agreed that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

EQUAL OPPORTUNITY AGREEMENT

Standard Title VI Assurance

The Lexington Fayette-Urban County Government, (hereinafter referred to as the "Recipient") hereby agrees that as a condition to receiving any Federal financial assistance from the U.S. Department of Transportation, it will comply with Title VI of the Civil Rights Act of 1964, 78Stat.252, 42 U.S.C. 2000d-4 (hereinafter referred to as the "Act"), and all requirements imposed by or pursuant to Title 49, Code of Federal Regulations, U.S. Department of Transportation, Subtitle A, Office of the Secretary, (49 CFR, Part 21) Nondiscrimination in Federally Assisted Program of the Department of Transportation – Effectuation of Title VI of the Civil Rights Act of 1964 (hereinafter referred to as the "Regulations") and other pertinent directives, no person in the United States shall, on the grounds of race, color, national origin, sex, age (over 40), religion, sexual orientation, gender identity, veteran status, or disability be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the Recipient receives Federal financial assistance from the U.S. Department of Transportation, including the Federal Highway Administration, and hereby gives assurance that will promptly take any necessary measures to effectuate this agreement. This assurance is required by subsection 21.7(a) (1) of the Regulations.

The Law

- Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for an employer to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.
- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- Section 503 of the Rehabilitation Act of 1973 states:

The Contractor will not discriminate against any employee or applicant for employment because of physical or mental handicap.

- Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.
- Section 206(A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:

The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.

1.0 **GENERAL INFORMATION & SCOPE**

1.1 **Background**

Each fiscal year the Mayor and Urban County Council allocate funds for use by selected 501(c)(3) non-profit partner agencies through the Department of Social Services' Extended Social Resource (ESR) Program.

This grant cycle shall cover Fiscal Years 2025 and 2026 (July 1, 2024 – June 30, 2026), and will award grants between the four Funding Priorities, which each have separate required Proposal Submittals and criteria, and awarded on an approximate scale, listed below.

Funding Priority Area: Food Insecurity & Nutritional Access

Projected funding is approximately \$633,500 of the total ESR Grant Program Community Based Initiatives Award. This amount is subject to change upon Council ratification of the Fiscal Year 2025 Budget.

LFUCG seeks to strengthen and enhance **Food Insecurity and Nutritional Access** by supporting programs and services for the provision of addressing having reliable access to a sufficient quantity of affordable, nutritious food and providing nutritional services. LFUCG intends to award grants for priority-rated programs and services based on documentation of marginalized client populations and articulated individual and community outcomes. The program should utilize best practices and evidence-based models when engaging, assessing, intervening, and terminating services with underserved population groups.

2.0 **GENERAL PROVISIONS**

2.1 **Purpose**

The LFUCG is accepting applications from qualified non-governmental, non-profit agencies with current **501(c)3** tax exempt status and with a physical business or program site location in Fayette County (hereinafter, referred to as "Applicant") for ESR funding for FY2025 & 2026 (July 1, 2024 – June 30, 2026). This funding is intended to support agency **programs** which respond to the **funding priorities** established herein. **THIS FUNDING IS NOT INTENDED TO SUPPORT GENERAL AGENCY OPERATIONS, other than overhead required to support the subject program.**

2.2 **Funding Period**

The funding period is from July 1, 2024 through June 30, 2026.

2.3 **ESR Grant Informational Workshop**

Proposal submissions containing significant omissions of required information will be considered non-responsive and removed from the RFP funding process on the application deadline date (April 25th, 2024). Significant missing responses to questions constitute an incomplete application. The final decision regarding application completeness and penalties will be determined by the LFUCG Division of

Procurement in consultation with the Commissioner of Social Services. **All proposals must be written in a clear and concise manner, as there will be no follow-up or clarifications to proposer's Proposal Submittal Form once the evaluation process begins.**

Do not include additional documents or attachments with the Proposal Submittal Form, such as brochures or letters of support. These will be discarded.

In evaluating whether to ultimately award funding to an agency, the Lexington-Fayette Urban County Government may consider how much funding, if any, an agency has previously received from LFUCG during the same funding cycle, and reserves the right to not fund, or to reduce the amount of funding that an agency might otherwise receive, based upon such an evaluation.

If your agency is submitting a proposal for the funding of more than one program in a single priority area, please note that they must be included in a single Proposal Submittal completed and submitted for that priority area RFP. Only one Proposal Submittal per agency per priority area will be accepted. Agencies/Organizations may submit only ONE Proposal Submittal per proposed program in all priority areas.

Submitted Proposal shall be comprised of the attached PDF formatted Proposal Submittal form. This form must be submitted in the original PDF form, and NOT be a scanned version of the original form.

Funding Priority Area: Food Insecurity and Nutritional Access

Projected funding is \$633,500 of ESR Grant Program – Community Based Initiatives

LFUCG seeks to strengthen and enhance **Food Insecurity and Nutritional Access** by supporting programs and services for the provision of addressing having reliable access to a sufficient quantity of affordable, nutritious food and providing nutritional services. LFUCG intends to award grants for priority-rated programs and services based on documentation of marginalized client populations and articulated individual and community outcomes. The program should utilize best practices and evidence-based models when engaging, assessing, intervening, and terminating services with underserved population groups.

Food security is a situation that exists when all people, at all times, have physical, social and economic access to sufficient, safe and nutritious food that meets their dietary needs and food

preferences for an active and healthy life. Nutrition includes management for congregate and home delivered meals, delivering quality meals to nutrition sites and homebound clients so clients have nutritionally sound meals.

USDA Definitions:

- **High food security:** no reported indications of food-access problems or limitations.
- **Marginal food security:** one or two reported indications—typically of anxiety over food sufficiency or shortage of food in the house. Little or no indication of changes in diets or food intake.
- **Low food security:** reports of reduced quality, variety, or desirability of diet. Little or no indication of reduced food intake.
- **Very low food security:** Reports of multiple indications of disrupted eating patterns and reduced food intake.

The term “client” is used throughout this proposal; however we understand that within the context of your work “client” may not mean an individual. For some agencies it may be helpful to think of “client” as whole system (such as a school) or as a neighborhood, group, or community.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement **15 Points**

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

5.1.2 Service Delivery Model **15 Points**

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each “unit of service” you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

5.1.3 Client Eligibility and Requirements **5 Points**

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

5.1.4 Evidence-Based/Best Practice **10 Points**

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are proposing is best-practice.

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes **10 Points**

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define “successful” completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also **be specific regarding sampling size and frequency of evaluation.**

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community's comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency, including a language access plan; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community? How does your proposal support or enhance the recommendations made by the Mayor's Commission on Racial Justice & Equality?

6.0 Program Budget Summary Form

Proposal Submittal shall be considered incomplete and shall be rejected without completed Budget Summary Form. (which will be the total amount of FY25 ESR grant request)

Budget Form will be for Fiscal Year 2025 ESR Request only. Funds awarded for Fiscal Year 2026 shall be the same amount as awarded for Fiscal Year 2025, and contingent on Council approval of the Fiscal Year 2026 budget.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement

15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

Locally, Map the Meal Gap data (MapTheMealGap.org) notes that one in ten people or around 33,000 residents (including over 8,000 children and teens) of Fayette County are food insecure, lacking consistent access to enough nutritious food for a healthy, active life. This means that food insecurity is not an isolated problem, but a county-wide public health issue.

Food insecurity can be part of a temporary setback such as a loss of job or natural disaster, but often systemic issues such as poverty, unemployment, historic discrimination, and chronic health conditions play a major role. Whether a one-time or ongoing need for food, the Fayette County Pantry Program (FCPP) exists to fill this need, offering five food pantries strategically placed throughout Lexington in areas of high need to decrease barriers of transportation and food access for our most underserved neighbors.

Although God's Pantry Food Bank (GPFB) is not the only organization offering services to those experiencing food insecurity in our city, to our knowledge we are the largest in scale and scope. We also partner with 200+ local agencies including the Community Action Council, The Nest, Lexington Rescue Mission, Family Resource and Youth Services Centers in the public schools, and other social services agencies. With this coordination, we can handle a family's need for food while giving them access to other services.

The FCPP is our flagship program, in operation since 1955 to support residents of Fayette County in pursuit of our Food Bank's overall vision: a nourished life for every Kentuckian.

5.1.2 Service Delivery Model

15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each "unit of service" you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

To improve food security, we offer five food pantry locations in our Fayette County Pantry Program. So that each location has proper resources for all neighbors, we provide up to two visits per month for each household, with an average of 2,600 households served monthly. At least one of our five pantry sites are open between the hours of 10 a.m. and 7 p.m. All pantries are open Monday-Friday except for holiday or emergency closures. Current locations/addresses are:

- Cambridge Community Action Council (Fayette West), 1902 Cambridge Drive
- Central Christian Church, 219 East Short Street
- Northside Branch, Lexington Public Library, 1733 Russell Cave Road
- St. Luke Church, 2351 Alumni Drive
- The Pantry at 817 Winchester Road

In the first eight months of FY24, households received enough food to create 54 meals on average. The exact amount varies on household size, as those with larger households receive more food than smaller households.

We operate each FCPP location as a neighbor choice model, meaning that a household can select items from a variety of fresh, dry, and frozen options. Neighbor choice encourages people to choose food items that fit into their dietary habits and cultural food preferences, while taking into account any household allergies, available kitchen equipment, cooking skill, or any other individualized needs they might have. Simply put, we are making sure people have the food they like to cook and eat, constituting a successful unit of service.

5.1.3 Client Eligibility and Requirements

5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

To qualify for services, neighbors must be Fayette County residents. Neighbors can self-refer for a pantry appointment or may choose to work through a referring social services provider such as Community Action Council or a school's FRYSC but this is not a requirement.

Neighbors can call our referral line during its hours of operation (9 a.m.-noon and 1-3 p.m.). They are then given an appointment time based on availability and accessibility of a pantry site relative to their address. Having five pantries open Monday-Friday allows us to generally provide service within the same day. We also have one pantry (at the Northside Library) with on-site registration without a scheduled appointment. A household can visit up to two times per month and can receive USDA commodities once per month (per federal guidelines).

To streamline appointments, collect adequate household information, and generate monthly reports, we utilize software called Oasis Insight that was designed specifically for use at food banks and pantries. Each neighbor has a record in Oasis and we can even provide a barcoded key tag for easy check-in once a person has been registered. At a minimum, we ask for name, address, date of birth, household members, race/ethnicity, and gender identity for each person (neighbors can opt to not disclose the last two fields). Participants do not have to disclose other additional information, but when possible we record data on SNAP participation and income so we can connect them with our SNAP Outreach Team for assistance with SNAP applications.

5.1.4 Evidence-Based/Best Practice

10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are doing is best-practice.

As a partner food bank of Feeding America, the national network of food banks, we have access to many helpful, evidence-based resources. A prime example that guides our work with the Fayette County Pantry Program is the Model Pantry Standard endorsed by Feeding America, which gives us the following directives:

- Provide a space and culture that promotes respect and dignity
- Offer service five days per week while providing five to seven days' worth of food to neighbors
- Include items from all the following categories: dairy, protein, vegetables, fruits, and grains.
- Accurately record neighbor information and visits

We also utilize the client choice toolkit compiled by Feeding America. As mentioned previously, client (or neighbor) choice involves designing a food pantry to look and operate like a mini market. Shoppers are greeted with a variety of choices—dry goods, fresh produce, frozen foods, and refrigerated items—and can select items using our grocery carts. Instead of a check-out counter, we offer a bagging station where selections can be put into food bank-provided shopping bags or a neighbor's own reusable bags. Client choice provides the following benefits: promotes dignity, minimizes food waste, accounts for special diets, offers culturally preferred foods, and provides more time for staff or volunteers to interact with neighbors.

Our program has evolved continually since its inception to best suit the needs of our community. Although we are confident our program employs many best practices now, we will always continue to seek out new ways to improve our service.

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define “successful” completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

God’s Pantry Food Bank gives neighbors visiting the Fayette County Pantry Program improved access to nutritious food. Our philosophy, based on the Feeding America network charter, is that there is enough food in Kentucky for everyone, and that people facing hunger should be at the center of the work.

Success looks like a neighbor connecting with our services and receiving food within 24 hours of that connection. We estimate that this is the case at least 90% of the time, with exceptions for holidays and weekends. We do not have restrictions on how long someone can receive our support, because each household is unique. Some may need short-term support (a family suffering from the loss of a job), while others may have an ongoing need each month (an older adult on a fixed income). Therefore, we do not set goals for an individual neighbor, but align our service philosophy with the following aims: supply at least five days’ worth of meals for a household, employ neighbor choice to provide food in a form that is desirable to each individual household, and to provide service up to twice per month.

People-centric design leads us to provide a complement of services at each pantry, which might include SNAP application assistance, library services, resource walls with relevant flyers, and more depending on the location visited. Together, this strategy aims to alleviate the financial, physical, and psychological burden created by food insecurity.

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

Our Hunger in Fayette County report (available on our website) noted over half the neighbors surveyed had to choose between paying for food or paying for fuel, utilities, or housing. Over one-third had to choose between paying for medical needs or food. In households with children, over half of the neighbors surveyed reported skipping meals so their children could have more food. (Of note, about one-third of the people supported by our program are kids and teens.)

Neighbors know that they can depend on our services. By providing groceries, we tremendously impact a household’s ability to stretch their budget, freeing up money to spend on other necessities, while also providing adequate nutrition and decreasing the psychological burden and stress caused by food insecurity. Visiting a pantry might mean a mom doesn’t have to skip dinner, or that an older adult can pay for their blood pressure medication and have meals for the week.

Here’s what one Lexington resident had to say: “When my food stamps run out, I can come to the food pantry to get extra food, which allows me to have three square meals. I may not look like I need help, but situations may not always be so obvious on the outside. When I was growing up, we didn’t used to have such programs, and I’m thankful to God’s Pantry Food Bank for understanding the needs of the community. My favorite part about going to the food pantry is the people who are nice and helpful.”

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also **be specific regarding sampling size and frequency of evaluation.**

We complete a neighbor study every two years for the FCPP. Beyond demographic information, we ask questions about preferred foods, transportation, participation in other safety net programs, and a myriad of other questions that help us better understand the neighbors we are here to support. In the past, this has included around 300 individuals, but we are still in the planning stages for our fall 2024 iteration. Previous versions of this survey have helped us determine the most popular foods to stock (fresh fruits and vegetables and fresh or frozen proteins are generally at the top of the list).

Because of our involvement with the food banking software Oasis Insight, we have regular access to demographic information, including number of households served. We also make daily food deliveries to each pantry that are recorded in our inventory software. All data is reviewed no less than monthly so we can see trends in service. We want to ensure that each household is receiving an adequate amount of food overall, and that they are also accessing nutrient dense selections like fresh produce to meet our outcome of improved food security.

For example, we have provided 17% of food by poundage in the form of fresh fruits and vegetables at the FCPP this fiscal year with an average household receiving 65 pounds of food (enough to make 54 meals based on the Feeding America standard of 1.2 pounds per meal).

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

The FCPP is a well-established program, but it still takes many hands to ensure it is coordinated and executed effectively so we can support the over 2,600 neighbors visiting our locations every month.

Mary Alice Daniels is our Fayette County Pantry Program Manager and is a licensed social worker with over ten years of experience in this role. She is joined by two program coordinators, Laura Anderson and Joley Helton. Laura has worked with various nonprofits and Joley has recently finished her Master of Public Health degree, making this a highly skilled team. Mary Alice, Laura, and Joley order food for pantries, ensure volunteers are trained and scheduled, build relationships with other community partners, ensure recordkeeping and compliance at each site, and much more.

Our Transportation Team plays a pivotal role in the success of the program as well. To ensure each pantry location has an adequate complement of food, we make daily deliveries to all five locations. CDL drivers Nick Phillips, Jon Preston and Bradley Bush are responsible for these deliveries. Stan Meers, Transportation Director, who has over 40 years of experience in transportation and logistics, ensures that these drivers are on the road daily.

Other teams involved include Operations, responsible for ordering, receiving, and moving food throughout our warehouses, and Volunteer Services, ensuring we have adequate volunteer support for pantry locations and ensuring all food drive product has been sorted for quality and into categories of food acceptable for the FCPP.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community's comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

Alongside agreements with over 200 local social services partners, there are over 60 food pantries and meal programs in Fayette County that receive food from our organization at reduced or no cost when they partner with us. God's Pantry Food Bank also directly operates programs like BackPack, Mobile Market, and School Pantry, providing 5.4 million pounds of food (the equivalent of 4.5 million meals) in Fayette County over the last 12 months. This mix of programming and partnerships ensures cooperation and communication, leading to a comprehensive response to our community's need for enhanced food security and nutritional access.

Volunteers are a vital part of this and many other programs GPFB provides. Some volunteers come from corporate or civic groups, while others volunteer as individuals or families. Routine volunteer assistance is needed to:

- Stock shelves and register neighbors at all five pantry locations.
- Schedule appointments on our phone referral line.
- Sort donated food drive product for quality and by category at our Volunteer Center.

Providing the level of service in Fayette County that we have committed to requires support from a variety of sources. This fiscal year, that includes LFUCG, United Way of the Bluegrass, Erie Insurance, the Emergency Food and Shelter Program, and the Glick Family Foundation. Our budget, approved yearly by our Board of Directors, prioritizes the Fayette County Pantry Program so we can continue to provide this vital resource to our community. Any additional funding needed to continue the program is taken from general operating funds.

5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency, including a language access plan; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community? How does your proposal support or enhance the recommendations made by the Mayor's Commission on Racial Justice & Equality?

"Every community in this country experiences food insecurity, but we do not all experience it the same way," said Tom Summerfelt, PhD, Chief Research Officer of Feeding America. By recognizing the disparities facing our community, we can provide better support for our neighbors that experience food insecurity at a higher rate. Some of our strategies include:

- Locating pantries in under-resourced neighborhoods for increased accessibility & decreased transportation barriers.
- Providing evening hours of operation each week for working households.
- Having SNAP application assistance staff work directly at a pantry location.
- Offering over-the-phone SNAP application assistance for those who are not able to visit in-person.
- Making LanguageLine on-demand interpreter service available virtually and by phone at all FCPP locations.
- Training staff and volunteers on topics like trauma-informed care.
- Providing neighbor choice pantry locations instead of pre-boxed selections, allowing neighbors to select food based on their dietary, cultural, or religious food preferences and needs.
- Stocking culturally preferred foods at all pantry program locations based on neighbor feedback.
- Coordinating with other Fayette County social services organizations for referrals.

These tie directly to the Mayor's Commission on Racial Justice and Equality, specifically the recommendations to improve food access and healthy food options. We also operate the Mobile Market Program alongside Kroger and LFUCG as another way to increase food access throughout the city and we continue to look for new ways to improve our services so that we can be a benefit to our Fayette County neighbors.

6.0 Program Budget Summary Form Instructions

Proposal Submittal shall be considered incomplete and shall be rejected without completed Budget Summary Form. (Including total amount of ESR grant request for the first year of the cycle, Fiscal Year 2025.)

For organizations requesting funding for more than one program in this RFP, combine into a single Program Budget narrative for the proposal.

Please note that the Program Budget will be part of the grantee agreement with LFUCG and regular tracking and expenditure reporting will be required.

To ensure readability and uniformity, please use the Program Budget form included. Provide brief line-item detail as specified in each section below and verify all calculations.

ESR Grant Funding Request

Column B is the grant amount being requested from this RFP to support this program's services to eligible Fayette County Participants.

Non-LFUCG Program Funding

Column C is the non-LFUCG ESR funding that is allocated to the Total Program Budget (A-B = C).

This form is for the budget for the PROGRAM applying for ESR funds, not the total agency budget.

For each category identify the amount requested and the amount to be leveraged through other programs or organizations (if applicable).

Staff Salaries – Identify the number of Full-time position salaries allocated to the program, and part-time positions allocated to the program, and the amounts of each allocated to Columns A, B, & C.
