

DISADVANTAGED BUSINESS ENTERPRISE PARTICIPATION POLICY

PROJECT NAME: Wolf Run Pump Station Relocation - Contract A - #21-2012

BID DATE: April 10, 2012

1. Name, address and telephone number of contact person on all DBE matters:

Prime Contractor's Name: W. Rogers Company
Contact Person: Boyd Rogers
Address: 649 Bizzell Drive, Lexington, KY 40510-1004 (PO Box 11640, Lexington, KY 40576-1640)
Phone: Main: 859-231-6290; Direct: 859-410-7220
Cell Phone: 859-533-6589
Email: boydr@wrogers.com
Total Contract Amount: \$4,221,000.00 (Base Bid)

2. Total dollar amount/percent of contract of MBE participation: \$331,526.00 or 7.85%

3. Total dollar amount/percent of contract of WBE participation: \$141,337.00 or 3.35%

4. Are certifications* for each MBE/WBE/DBE subcontractor Yes No
enclosed; if no, please explain: Certification not provided by Samson Steel. All others included.

5. Are MBE/WBE/DBE subcontracts or letters of intent signed by Yes No
both parties enclosed; if no, please explain: _____

6. List of MBE Subcontractors:

Name: Please refer listing attached to Form 6100-4.
Contact Person: _____
Address: _____
Phone: _____
Cell Phone: _____
Email: _____
Type of Contract: _____
Work to be Done: _____
Amount: _____

7. List of WBE Subcontractors:

Name: Please refer listing attached to Form 6100-4.
Contact Person: _____
Address: _____
Phone: _____
Cell Phone: _____
Email: _____
Type of Contract: _____
Work to be Done: _____
Amount: _____

Attach Additional Sheets, If Necessary

*Self-certification: Self certification of MBE/WBE/DBE firms will NOT be accepted as a valid form of certification of MBE/WBE/DBE status.

8. Information and documentation concerning efforts taken to comply with EPA's "six good faith efforts"

- (i). Ensure DBE construction firms or material suppliers are made aware of contracting opportunities to the fullest extent practicable through outreach and recruitment activities; including placing DBEs on solicitation lists and soliciting them whenever they are potential sources. A good source for a list of DBEs is the Kentucky Transportation's website: <http://transportation.ky.gov/Civil-Rights-and-Small-Business-Development/Pages/Certified-DBE-Directory.aspx>.

The prime contractor certifies that a bidders list (see example sheet below) of qualified vendors, including DBEs, was developed for current and future solicitations and that the list will be maintained. *Submit a copy of the list as documentation.*

- (ii). Make information on forthcoming opportunities available to DBEs and arrange time frames for contracts and establish delivery schedules, where the requirements permit, in a way that encourages and facilitates participation by DBEs in the competitive process; including, whenever possible, posting solicitation for bids or proposals for a sufficient amount of time as to receive a competitive bid or proposal pool.

The prime contractor certifies that every opportunity was provided to a number of DBEs to encourage their participation in the competitive process and that an adequate amount of time was provided for response.

- a. List each DBE construction firm or material supplier to which a solicitation was attempted. *Submit copies of letters, emails, faxes, telecommunication logs, certified mail receipts, returned envelopes, certified mail return receipts, etc. as documentation.*

Company name and phone number: See Attached Sub-Supplier Contact Log

Area of work expertise: _____

Date of any follow-ups and person spoke to: _____

- b. Advertisements, if applicable: List each publication in which an announcement or notification was placed. *Submit a tear sheet of each announcement from each publication as documentation.*

Name of publication: Lexington Herald Leader and Key News Journal

Date(s) of advertisement: 3/25/12 and 4/1/12

Specific subcontract areas announced: Please see tear sheets

- c. Other, if applicable: List each notification method in which an announcement or outreach was used; list serve, public meeting, etc. *Submit applicable information to document effort.*

Method of notification: _____

Date(s) of notification: _____

- (iii). Consider in the contracting process whether firms competing for large contracts could subcontract with DBEs; including dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by DBEs in the competitive process.

The prime contractor certifies that the project was broken into its basic elements (i.e., dirt hauling, landscaping, painting, pipe installation, material supplies, etc.) and that a determination was made whether it's economically feasible to bid the elements separately and that the analysis of this effort was documented with a short memo to the project file.

(iv). Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women's business enterprises.

The prime contractor certifies that they established delivery schedules which would allow DBEs to participate in the projects.

(v). Use the services and assistance of the Small Business Administration (SBA) and the Minority Business Development Agency (MBDA) of the U.S. Department of Commerce. The easiest way to utilize the services of SBA and MBDA is to visit their websites: www.sba.gov and www.mbda.gov and use the electronic tools available there or you may send the nearest SBA and MBDA office a certified letter that generally describes the solicitation, the dates it will be open, the types of vendors you are seeking and applicable SIC or NAIC codes if known. You may also use the services and assistance of the Kentucky Procurement Assistance Program (KPAP). The easiest way to utilize the services of KPAP is to send an email: ced.kpap@ky.gov and provide information on forthcoming opportunities available to DBEs.

The prime contractor certifies that the assistance of the SBA, MBDA, and/or KPAP was utilized. *Submit pages printed off the SBA and MBDA websites which evidence efforts to register a solicitation on those sites or submit copies of the letter sent and certified mail receipt as documentation; submit copies of emails with KPAP as documentation.*

(vi). If a subcontractor awards any subcontracts, require the subcontractor to take the steps in numbers (i) through (v) above.

The prime contractor certifies that subcontractors used for this project will be required to follow the steps of the "six good faith efforts" as listed above.

9. **Signature and date:**

To the best of my knowledge and belief, all "six good faith efforts" have been met and the information contained in this document is true and correct; the document has been duly authorized by the legal representative.

The public reporting and recordkeeping burden for this collection of information is estimated to average fifteen (15) minutes. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including the use of automated collection techniques to the Director, Collection Strategies Division, U.S. Environmental Protection Agency (2822), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed EPA DBE Subcontractor Utilization Form to this address.

ATTACHMENT 'A'

W/MBE FIRM

DBE FIRM

Subject: Wolf Run Pump Station
Lexington, KY

Engineer: HDR, Inc.

We are pleased to offer the following proposal for your consideration (installation by others).

Pumping Equipment & Pump Controller

- Four (4) -** KSB, Model KRT explosion proof rated submersible solids handling pumps each designed for an initial flow of 3,667 GPM @ 90' TDH (total flow with 3 pumps in operation would be 11,000 GPM). The pumps include: pump lifting bales; dual mechanical seals; seal leak feature; 50' of power and control cable; and driven by 215 H.P., 1160 RPM, 3/460 volt air filled submersible motors with heat sensor feature. Pump capable of producing a total flow of 14,000 GPM @ 108' TDH with a future impeller upgrade.
- Four (4) -** KSB pump removal packages to include all items necessary for guide rail removal of each pump, except the 3" schedule 40 stainless steel guide rail pipes (2 required per pump). Stainless steel upper guide rail brackets and lifting chain are included for each pump. The pump bases, which are part of each package, have a 14" flange discharge connection. Eccentric reducers, if required to mate with the discharge pipes are NOT included.
- One Lot** KSB, PumpSafe Modules which are used for monitoring the protection features (bearing temperature, seal leak and winding temperature) of the pump.
- One (1)** Set of stainless steel kellems (strain relief) cable grips for each pump cord.
- One (1)** MJK Connect pump controller; pump controller to be shipped loose for installation by others in the pump control panel.

 Fax: (270) 586-6424

TERMS AND CONDITIONS

1. Price includes only those items specifically listed in our proposal.
2. Field measurements will be provided by contractor.
3. Installation and Sales Tax are not included.
4. Prices (unless specifically noted) exclude all paint and painting over Galvanized surfaces or non ferrous surfaces.
5. Not AISC Certified
6. Any taxes, including sales tax, imposed by any present or future law on sales of material covered by this quotation shall be added to price quoted. If this project is not subject to State Sales Tax, attach your authorization for exemption.
7. We are not liable for any temporary handrail.
8. Terms: Net 30 to approved credit.
9. Payment to M & M Manufacturing, Inc. is not contingent upon our customer's receipt of payment from third parties. A 1½ % per month interest fee will be charged for all late payments. Buyer further agrees to pay reasonable collection and attorney fees if required. The above terms are subject to credit approval.
10. Retainages will not be accepted without written consent.
11. We will make every effort to meet your construction schedule, but do not guarantee shipments with less than six weeks from receipt of approved drawings with all field measurements.
12. Due to the volatility of metal, any increases in prices at the time of delivery, will be added to the invoice.
13. Any item over 8' wide or 9' in height will be shipped knocked down for field welding or bolting.
14. Prices are F.O.B Franklin, KY with freight allowed to job site.
15. Any back charges or change orders will not be accepted without M & M's review and acceptance in writing.
16. M & M Manufacturing will not accept back charges incurred from damage by freight lines, or be responsible for any product damage or loss after freight has been signed for at job site. Claims for loss or damage in transit: When material is "F.O.B. origin" or "F.O.B origin freight allowed to destination" the responsibility for filing claims for loss of damage in transit is the Buyer's. When materials sold "F.O.B. destination" the Buyer will check all material received against packing list and if any shortage or damage is found, such damages and shortages shall be called to the immediate attention of the local carrier's agent and to the attention of the Seller. Such damages and shortages shall be noted on the carrier's Freight Bill and copies of same sent to the Seller. The Buyer will furnish the Seller with his detailed report of all conditions found, as well as the carrier's report, to enable seller to promptly file claim for loss or damage in transit in accordance with standard claim procedure. Non compliance with this procedure will void Buyer's claim for shortages and claim for damaged goods.
17. Seller shall not be liable for failures or delay due to act of God, War, labor difficulties, accident, inability to obtain containers, raw materials or supplies, delay of failure to furnish Seller with plans, shop drawings, or required approvals from third persons, or any other causes of any kind whatever beyond Sellers control.
18. This is our understanding of quantities from drawings. Revision to any drawings, specifications, additions or deletions will require a customer change order.
19. By issuing a purchase order, the Buyer agrees to these terms and conditions unless changes are made in writing. Issuance of a purchase order does not result in a contract until acknowledged by Seller.
20. Seller retains title to all goods herein until payment in full is received by Seller.
21. No engineers stamp and calculations

Re: Wolf Run Demolition

To Whom It May Concern:

We would like to give you a quote for the Demolition of the Wolf Run Pump Station. We have been in business for over 7 years specializing in demolition work, but we also work with general contractors on other work that can in many cases save them time and money. And because we are a Minority Business you have the opportunity to meet any goals set by the Construction Manager. All personnel shall comply with applicable laws, regulations and guidelines promulgated by the local, state and federal agencies governing hazardous waste elimination. These agencies include, but are not limited to state and federal EPA and OSHA.

We would love to give you a number in the following areas listed any item not listed can be discussed:

Scope:

- 1) Demolition of Existing Pump Station Per D-1 Drawings
- 2) Obtain Demolition Permit from LFUCG.
- 3) Temporary silt fence as required by LFUCG
- 4) Backfill with stone, covering disturbed area with soil and seed and straw
- 5) All salvage Property of S and D Construction Management Inc.

Lump Sum Bid Price : \$37526.00

Payment in full upon completion of work described in scope.

All Prices include 2,000,000 General Liability Insurance, Taxes and Disposal Fees.

*****The Following items are excluded from our proposal:

- Asbestos or hazardous material removal
- Payment and Performance Bond and additional insured
- Fencing
- Removal and Delivery of items retained by owner
- Effluent is to be removed by others prior to demolition

Respectfully Submitted,

Sean Edwards

DBE Subcontractor Performance Form**

The public reporting and recordkeeping burden for this collection of information is estimated to average fifteen (15) minutes. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including the use of automated collection techniques to the Director, Collection Strategies Division, U.S. Environmental Protection Agency (2822), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed EPA DBE Subcontractor Performance Form to this address.

SUBJECT: PROPOSAL
Wolf Run Pump Station
Lexington, KY (Rayette)

*+/- 220 Tons for the project
@ 372.00/Ton = \$81,840.00
TOTAL*

We, the undersigned, agree to place and tie reinforcing steel on the above referenced project per Plans and Specifications at the rate of \$372. per ton.

Based on a 40-hour workweek. Rebar is to be unloaded by others. Samson steel does not install any masonry rebar. Samson Steel does not stick dowels in grouted holes.

CONTRACTOR AGREES:

To furnish templates for dowels and a crane for hoisting materials to placing point.

Samson Steel shall have the right to get tonnage information from the rebar supplier for rebar that has been delivered and rebar that is to be delivered to the job site.

Samson Steel Corporation is a woman owned corporation.
References furnished upon request.

372.00/Ton

Kathy Chabot
Norwood Hardware & Supply Co
2906 Glendale-Milford Rd
Cincinnati, Ohio 45241

Dear Ms. Chabot:

We are pleased to inform you that this office has reviewed your application for participation in Montgomery County's Minority/Women/Disadvantaged Business Enterprises (M/W/DBE) program and it will be included in the County's Minority/Women/Disadvantaged Business Enterprises Directory. The information contained in this directory is made available to departments and agencies of Montgomery County as well as to businesses requesting M/W/DBE resources.

This letter will serve as your Montgomery County Minority/Women/Disadvantaged Business Enterprises Registration. This registration a **June 23, 2012**. When procurement opportunities for your particular commodities or services become available, this vendor's registration is the document that determines who will be sent invitation to bid or quote.

If you need any assistance or should have any questions, please feel free to contact our office at (937) 225-4699. Office hours are 8:00 a.m. to 5:00 p.m. We are located at the County Administration Building, 451 West Third Street, Dayton, Ohio 45422.

Sincerely,

Sossena Mekasha
