This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

Kentucky Equal Employment Opportunity Act

The Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any "county, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly publicly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin;
- (2) The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin;
- (3) The contractor will post notices in conspicuous places, available to employees and applicants for employment, setting forth the provision of the nondiscrimination clauses required by this section; and
- (4) The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding advising the labor union or workers' representative of the contractor's commitments under the nondiscrimination clauses."

The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

- (1) For the length of the contract, each contractor shall hire minorities from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetables.

(2) Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.

KRS 45.620. Action against contractor -- Hiring of minority contractor or subcontractor

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or subcontract covered under KRS 45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of KRS 45.560 to 45.640, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.

KRS 45.630 Termination of existing employee not required, when

Any provision of KRS 45.560 to 45.640 notwithstanding, no contractor shall be required to terminate an existing employee upon proof that employee was employed prior to the date of the contract.

KRS 45.640 Minimum skills

Nothing in KRS 45.560 to 45.640 shall require a contractor to hire anyone who fails to demonstrate the minimum skills required to perform a particular job."

It is recommended that all of the provisions above quoted be included as special conditions in each contract. In the case of a contract exceeding \$250,000, the contractor is required to furnish evidence that his workforce in Kentucky is representative of the available work-force in the area from which he draws employees, or to supply an Affirmative Action plan which will achieve such representation during the life of the contract.

LFUCG Non-Appropriation Clause

In the event that public funds are unavailable and not appropriated for the performance of the LFUCG's obligations under this contract, then this contract shall automatically expire without penalty to the LFUCG thirty (30) days after written notice to Contractor of the unavailability and non-appropriation of public funds. It is expressly agreed that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

This assurance is required by subsection 21.7(a) (1) of the Regulations.

The Law

- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- Section 503 of the Rehabilitation Act of 1973 states:

The Contractor will not discriminate against any employee or applicant for employment because of physical or mental handicap.

- Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.
- Section 206(A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:

The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.

INTRODUCTION

The Lexington-Fayette Urban County Government (LFUCG) is seeking proposals from consultants who are expertly qualified in the performance of professional design services relating to roof replacements.

The purpose of these services is to assess the current conditions and to perform full design services for the roof replacement at the Fayette County Detention Center

The **Fayette County Detention Center** is located at **600 Old Frankfort Cir, Lexington, KY 40510**.

The Project shall consist of Two Stages:

- Stage 1: Design Stage
- Stage 2: Construction Administration Stage

PROJECT NARRATIVE

The roof of the Fayette County Detention Center is composed of 2 systems. A low-slope EPDM system encompasses approximately 245,000 square feet of the total roof area. It is composed of an EPDM membrane fully adhered to tapered polyisocyanurate insulation on precast or cast in place concrete decking depending on location. The remaining 20,000 square feet is an asphalt shingle system that covers the gabled Administrative Area of the facility. This system is composed of asphalt shingles on vented insulation panels on a sloped metal roof. Construction of the Fayette County Detention Center completed in 1999; therefore the warranties on both of these roof systems have expired.

The roof system appears to be failing at numerous locations where water ponds and migrates into the building. Temporary repairs have been made to mitigate leaks at these locations where the membrane is failing. Previous infrared roof scans show wet insulation at these locations. LFUCG will contract for an updated infrared scan separately to determine the extent of wet insulation at the onset of the Schematic Design Phase and provide the previous infrared scan performed in 2019. All other exploratory tests required to provide an accurate assessment of the existing conditions shall be the responsibility of the Design Consultant. These investigations shall include, but not be limited to, an examination of the numerous skylights and roof drain penetrations throughout the roof system. The Design Consultant shall contract with a third-party investigator to inspect the condition of the roof drains and associated internal roof leaders and underground piping via cameras to ensure a continuous and unobstructed path is present for water to travel from the roof and through the existing storm drainage system. In addition, the Design Consultant shall contract with a third-party investigator to determine the structural integrity and water tightness of all existing skylights.

A recommendation shall be made regarding comprehensive replacement versus reuse of all roof components including of copings, flashings, gutters, downspouts cupolas, lightning protection system, ladders, etc. There rooftop mechanical equipment and multiple mechanical penetrations on the roof. The Design Consultant shall be responsible for identifying and coordinating with any active and inactive equipment/penetrations. Any replacement of mechanical equipment will be work performed under a separate contract; however, the Design Consultant shall be required to coordinate with separate contracts as required. Separate contract work may be defined at any phase of design.

An existing stone paver system is located at the entrance of the Administration area that acts as a vehicle deterrent system and is part of the roof system for the intake area below. This system is not currently included in the roof replacement scope; however, the downspouts from the administration roof appear to penetrate this system. As such, coordination with this roof system may be required.

Due to the secure nature of the building and its occupants, exploratory investigation of the roof and

building components, and all construction activities will require strict coordination and oversight by the Design Consultant. The Design Documents shall address impacts on occupied spaces. The Design Consultant shall work with the Owner to minimize impacts on operations. Construction phasing may be necessary to negotiate the challenges of the building occupancy. The integrity of the building envelope for security and water tightness must be maintained at all times during the Design and Construction Phases of the project. Communication regarding site access during both phases will be directed to the LFUCG Project Manager and LFUCG Corrections staff with significant advanced notice.

Record drawings of the 1999 construction will be provided to the awarded Design Consultant as required during the Schematic Design phase. As part of the Schematic Design phase, the consultant shall field verify, document, and evaluate all existing roof conditions and make independent recommendations for the design of the replacement roofing system(s). Recommendations shall include comparisons between various roof system options, opinion of Construction Cost Estimates, lifecycle cost comparisons, and maintenance requirements. Design services shall include recommendations for phasing and cost analysis associated with construction phasing. The Design Consultant shall make recommendations on construction duration separating portions of work into Bid Alternates in order to economize the use of available funds. The Design Consultant shall contract with a third-party estimator to provide estimate of cost at all phases of design.

SCOPE OF BASIC SERVICES

General Requirements:

- a. **Council Presentations** - The Consultant must be available for LFUCG Council Work Sessions and/or Council Meetings to make presentations, answer design questions, and provide change order information as necessary. Consultant shall provide digital and printed presentation materials for distribution to all in attendance as required.
- b. **Design Schedule** - See Project Schedule (Attachment 'C'). The Consultant shall review the design schedule and submit a strategy of reaching milestone dates. Any proposed deviations to the attached schedule should be identified in the proposal.
- c. **Deliverables** - All design submittals shall consist of (2) hard copies and (1) digital PDF copy at 98% submissions, and (3) hard copies and (1) digital PDF at the Final Submission of each Phase. Typical drawing sheet size to be 24"x 36" unless approved otherwise. Specifications, reports, and other supplemental documents shall be on 8-1/2" x 11" sheets unless approved otherwise. Supplemental drawings, revisions, and clarifications may be on 8-1/2" x 11" or 11" x 17" sheets. All other sheet sizes to be approved by LFUCG Project Manager. LFUCG Project Manager may request half-size sets of drawings as a portion of the required amount of hard copy sets per each submission.
- d. **Owner Review Meetings/Presentation** - The Consultant shall be responsible for attending review meetings/presentations at the end of each design phase, and as otherwise noted in the RFP. Refer to design schedule (Attachment 'C').
- e. **Value Engineering** - shall be performed at the end of each design phase as necessary to meet the project budget.
- f. **Authorization to Proceed** – Where multiple phases of work are outlined, the Design Consultant shall not proceed with the next phase or task of work until cost and timeline estimates are aligned with the Owner's budget and schedule. Authorization to commence with the next phase of work will be issued in writing from the Owner (LFUCG) after approval of previous design documents. Any work performed by the Design Consultant without this written authorization will be at the Design Consultant's risk and will be a voluntary contribution to the project.

STAGE 1: Design Stage

The design stage of the project shall include all phases of design of a comprehensive roof replacement as outlined below. The Design Consultant shall collect all necessary information, provide updates to the LFUCG Project Manager, evaluate and implement Owner's comments, advocate for the Owner, maintain documentation of the design process, and provide all deliverables as outlined by the RFP per the design schedule. Minimum requirements for each design phase are listed below; however, it is the Design Consultant's responsibility to communicate the design intent and full scope of work. The Design Consultant shall provide all content as necessary to communicate the full design intent based on the Owner's project requirements. The Design Consultant shall seek ongoing and continual input from the Owner throughout each phase of the project.

Phase 1: Schematic Design - Schematic Design Documents shall consist of drawings and other documents necessary to convey the overall design intent. Preliminary recommendations of roof systems and construction materials shall be noted on the drawings or described in writing in a schematic design narrative including tables and comparison charts as required. Schematic Design services shall include review of the existing record drawings provided by the Owner (LFUCG) and field verification of the current building conditions. The Owner will contract separately for an updated infrared scan separately to determine the extent of wet roof insulation at the onset of this phase. A copy of the previous infrared scan from 2019 will be provided to the awarded Design Consultant. All other exploratory tests required to provide an accurate assessment of the existing conditions shall be the responsibility of the Design Consultant. These investigations shall include, but not be limited to, an examination of the numerous skylights and roof drain penetrations throughout the roof system.

The Design Consultant shall present multiple options for proposed roof systems based on probable costs, product lifecycle, and maintenance requirements. The Design Consultant shall begin to explore phasing and provide a preliminary cost analysis associated with construction phasing. The Design Consultant shall contract with a third-party estimator during this phase to provide a detailed preliminary cost estimate. Continual input from the Owner shall be actively sought throughout the Schematic Design process. At the completion of the Schematic Design Phase the general design intent of the project shall be expressed and evident. See below for minimum Schematic Design Submission Requirements:

If the Design Consultant's Preliminary Estimate of Construction Cost Estimate is over an Owner-provided construction budget, the consultant must include value engineering options and written recommendations of how to reduce the cost to meet the provided budget.

Independent Third-Party Condition Assessments:

The integrity of existing building components such as skylights, ladders, roof drains/leaders, underground piping, etc. shall be evaluated by a third-party and written assessments shall be provided. Where applicable, video footage and photographs shall be submitted.

In the event the Agreement is terminated by the **OWNER** without fault on the part of the **CONSULTANT**, the **CONSULTANT** shall be paid for the work performed or services rendered an amount bearing the same ratio to the total Agreement fee as the amount of work completed or partially completed and delivered to the **OWNER** is to the total amount of work provided for herein, as determined by mutual agreement between the **OWNER** and the **CONSULTANT**.

5.3.2. In the event the services of the **CONSULTANT** are terminated by the **OWNER** for fault on the part of the **CONSULTANT**, the **CONSULTANT** shall be paid reasonable value of the work performed or services rendered and delivered, and the amount to be paid shall be determined by the **OWNER**.

5.3.3. In the event the **CONSULTANT** shall terminate the Agreement because of gross delays caused by the **OWNER**, the **CONSULTANT** shall be paid as set forth in Section 5.3.1. above.

SECTION 6 – ADDITIONAL GENERAL CONSIDERATIONS

6.1. Termination

6.1.1. The obligation to provide further services under this Agreement may be terminated by either party upon ten (10) days written notice in the event of substantial failure by the other party to perform in accordance with the terms hereof through no fault of the terminating party, provided the non-terminating party fails to cure such default within ten (10) days of receiving notice of such default.

6.1.2. The **OWNER** reserves the right to terminate the Agreement for any reason at any time upon seven (7) days written notice to the **CONSULTANT**.

6.2. Ownership and Reuse of Documents.

All documents, including hardcopies and original digital format, including but not limited to Drawings and Specifications, prepared by the **CONSULTANT** pursuant to this Agreement shall be delivered to and become the property of the **OWNER**. The **OWNER** shall have the right to reuse same without restriction or limitation, but without liability or legal exposure to **CONSULTANT**.

6.3. Legal Responsibilities and Legal Relations.

6.3.1. The **CONSULTANT** shall familiarize himself with and shall at all times comply with all federal, state and local laws, ordinances, and regulations which in any manner affect the services of this Agreement.

6.3.2. In performing the services hereunder, the **CONSULTANT** and its **CONSULTANTS**, employees, agents and representatives shall not be deemed or construed to be employees of **OWNER** in any manner whatsoever. Except as otherwise provided in this Agreement, the **CONSULTANT** shall be acting as an independent contractor. The **CONSULTANT** shall not hold itself out as, nor claim to be, an officer or employee of **OWNER** by reason hereof and shall not make any claim, demand or application to or for any right or privilege applicable to an officer or employee of **OWNER**. The **CONSULTANT** shall be solely responsible for any claims for wages or compensation by **CONSULTANT'S** employees, agents and representatives, including **CONSULTANTS**, and shall save, defend, and hold **OWNER** harmless therefrom.

6.3.3. The parties hereto agree that causes of actions between the parties shall be governed by applicable provisions of the Kentucky Revised Statutes. Any action arising from or in relation to this Agreement shall be brought in Fayette County, Kentucky.

6.4. Successors and Assigns.

6.4.1. **CONSULTANT** binds itself and its partners, successors, executors, administrators, assigns and legal representatives to this Agreement in respect to all covenants, agreements and obligations of this Agreement. **CONSULTANT** shall not assign any interest, obligation or benefit in this Agreement. **CONSULTANT** shall not assign any interest, obligation or benefit in this Agreement nor transfer any interest in the same, whether by assignment or novation, without prior written consent of **OWNER**.

6.4.2. The **CONSULTANT** shall not subcontract more than fifty percent (50%) of the work, based upon dollar value, to be provided under this Agreement. The **CONSULTANT** shall obtain written approval prior to subletting or assigning any services contained in this Agreement, and consent to sublet or assign any part of this Agreement shall not be construed to relieve the **CONSULTANT** of any responsibility for compliance with the provisions of this Agreement.

6.4.3. Nothing herein shall be construed to give any rights or benefits hereunder to anyone other than **OWNER** and **CONSULTANT**.

6.5. Disputes.

Except as otherwise provided in this Agreement, any dispute concerning the amount of payment due the **CONSULTANT** or any dispute concerning any question of fact of any act to be performed under this Agreement, which is not disposed of by agreement between the Urban County Division of Central Purchasing and the **CONSULTANT**, shall be submitted to the Commissioner of the Department of General Services, Lexington-Fayette Urban County Government, for review. The decision of the Commissioner as to the determination of such dispute shall be final and conclusive unless determined by a court of competent jurisdiction to have been fraudulent, capricious, arbitrary or so grossly erroneous as necessarily to imply

bad faith. Pending a final decision of a dispute hereunder, the **CONSULTANT** shall proceed diligently with the performance of the Agreement in accordance with the directions of the **OWNER**.

6.6. Accuracy of CONSULTANT'S Work.

The **CONSULTANT** shall be required to perform this Agreement in accordance with the degree of ordinary and reasonable skill and care usually exercised by professional architects and engineers prevailing at the time, place and under similar conditions as the services hereunder are rendered.

The **CONSULTANT** shall be responsible for the accuracy of all work, even though Drawings and Specifications have been accepted by the **OWNER**, and shall make any necessary revisions or corrections resulting from errors and/or omissions on the part of the **CONSULTANT**, without additional compensation. By submission of reports, soils and subsurface information, quantities estimates, calculations and Drawings and Specifications to the **OWNER**, the **CONSULTANT** has made a statement that, to the best of its belief and knowledge, the information is accurate. Failure on the part of **CONSULTANT** to provide the expected level of accuracy may be grounds for the **OWNER** to disqualify **CONSULTANT** from consideration for future **CONSULTANT** service agreements.

6.7. Security Clause.

The **CONSULTANT** certifies that it shall not at any time release or divulge any information concerning the services covered by this Agreement to any person or any public or private organization except the **OWNER** without prior approval of the **OWNER**.

6.8. Access to Records.

The **CONSULTANT** and its sub-**CONSULTANTS** shall maintain all books, documents, papers, and accounting records, and make such materials available at their respective offices at all reasonable times during the contract period and for three (3) years from the date of final payment under the contract for inspection by the **OWNER**, and copies thereof shall be furnished if requested. Failure to maintain such records for three (3) years after the date of final payment may be grounds for the **OWNER** to disqualify the **CONSULTANT** from consideration for future **CONSULTANT** service agreements.

6.9. Required Risk Management Provisions.

The Risk Management Provisions of RFP No. 35-2021 are incorporated herein by reference as if fully stated. Copies of the required Certificates of Insurance shall be provided to **OWNER** as required therein.

SECTION 7 - EQUAL EMPLOYMENT OPPORTUNITY

During the performance of this service agreement, the **CONSULTANT** agrees as follows:

- 7.1. The **CONSULTANT** will not discriminate against any employee or application for employment because of race, color, religion, national origin, sex, age or handicap. The **CONSULTANT** will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, national origin, sex, age or handicap. Such action shall include, but not be limited to the following: employment upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeships. The **CONSULTANT** agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this non-discrimination clause.

- 7.2 The **CONSULTANT** will, in all solicitations or advertisements for employees placed by or on behalf of the **CONSULTANT**, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, national origin, sex, age (between forty and seventy), or handicap.

SECTION 8 - SPECIAL PROVISIONS

- 8.1. This Agreement is subject to the following provisions.
 - 8.1.2. Pursuant to subparagraph 3.4 of this Agreement, **OWNER** has assigned the appropriate Lexington-Fayette Urban County Government employee (the "**OWNER'S** Agent"), as the authorized agent of **OWNER**, to monitor, direct and review the performance of work of the **CONSULTANT**. Documents, data, reports and all matters associated with carrying out this Agreement shall be addressed to the **OWNER'S** Agent or their designee. Questions by the **CONSULTANT** regarding interpretations of the terms, provisions and requirements under this Agreement shall be addressed to the **OWNER'S** Agent or their designee.
