MEMORANDUM

TO: Mayor Jim Gray
Sally Hamilton, CAO
Councilmembers

FROM: Robert Stack, Director
Lexington Enhanced 911

Robert Stack

DATE: May 14, 2015

RE: Approval of Purchase Agreement with AK Associates for the Execom Logging Recorder,
RFP #65-2014

Authorization is requested to purchase an Exacom Logging Recorder that will be used to record public safety radio communications and telephone lines in Enhanced 911. This system is compatible with the next generation of 911 services (e.g., text to 911). The Exacom digital logging recorder system bid by Kraus Associates, Inc. d/b/a AK Associates in response to RFP#65-2014 represents the best value at \$220,042.71. The funds are fully budgeted in FY15 (4204-505602-0001-95601). This system will replace two separate analog recording systems originally acquired by Lexington Police and Lexington Fire that are no longer manufactured, are repair prone, and unable to support next generation communication recording. The bid includes integration of the new system at the Public Safety Operations Center when we move operations in the coming year as well as recording at the back-up center.
