## **INTRODUCTION TO PARTS I AND II**

### **Background**

H. W. Lochner, Inc. is a *privately* owned company which provides professional services, such as, engineering, architecture, planning, and other services. The Company was founded in 1944 in the State of Illinois.

H. W. Lochner, Inc. periodically works on federal projects subject to the affirmative action requirements of Executive Order 11246, the Rehabilitation Act of 1973 as amended, and the Vietnam Veterans' Readjustment Assistance Act of 1974, Section 4212. H. W. Lochner, Inc. has \$50,000 or more in annual contracts with the federal government and employs 50 or more employees; we are required to prepare annual written Affirmative Action Plans (AAP's) for minorities and women, for covered veterans, and for persons with disabilities for our organization. Failure to comply with these laws and their implementing regulations, which are enforced by the Office of Federal Contract Compliance Programs (OFCCP), can result in debarment of the Company from future contracts and subcontracts.

Affirmative Action is a term that encompasses any measure adopted by an employer to correct or to compensate for past or present discrimination or to prevent discrimination from recurring in the future. Affirmative Action goes beyond the simple termination of a discriminatory practice.

As stipulated in federal regulations, a prerequisite to the development of a satisfactory Affirmative Action Plan is the evaluation of opportunities for protected group members, as well as an identification and analysis of problem areas inherent in their employment. Also, if a statistical analysis of the employee workforce reveals a numeric disparity between incumbency and availability of minorities or women, an adequate AAP details specific affirmative action steps to guarantee equal employment opportunity. These steps are keyed to the problems and needs of protected group members. For minorities and women, such steps include the development of hiring and promotion goals to rectify the disparity between incumbency and availability. It is toward this end that the following AAP of H. W. Lochner, Inc. was developed.

### **Applicable Affirmative Action Laws and Regulations**

H. W. Lochner, Inc.'s AAP for minorities and women (Part I) has been prepared according to Executive Order No. 11246, as amended, and Title 41, Code of Federal Regulations, Part 60-1 (Equal Employment Opportunity Duties of Government Contractors), Part 60-2 (Affirmative Action Programs of Government Non-Construction Contractors; also known as "Revised Order No. 4"), and Part 60-20 (Sex Discrimination Guidelines for Government Contractors).

H. W. Lochner, Inc. has developed separately an Affirmative Action Plan for covered veterans and persons with disabilities (Part II) prepared in accordance with the Rehabilitation Act of 1973, Section 503, as amended and Title 41, Code of Federal Regulations, Part 60-741 (Affirmative Action Program for Handicapped Persons), the Vietnam Era Veterans' Readjustment Assistance Act of 1974, Section 4212, as amended, and Title 41 Code of Federal Regulations, Part 60-250 (Affirmative Action Program for Covered Veterans).

The Veterans Employment Opportunities Act of 1998 (VEOA), Public Law 105-339, effective October 31, 1998, increased the threshold for coverage under VEVRAA from a contract of \$10,000,

or more to a contract of \$25,000 or more; extended the law's protections to "veterans who served on active duty during a war or in a campaign for which a campaign badge was authorized; and, provides temporary (up to one year) protection to veterans who do not have a service connected disability, did not see action in a foreign war and did not serve during the Vietnam era."

The Jobs for Veterans Act (JFVA), Public Law 107-288, effective December 1, 2003, increased the threshold for coverage under 38 U.S.C. §4212 from \$25,000 to \$100,000; grants VEVRAA protection to those veterans who, while serving on active duty in the Armed Forces, participated in a United States military operation for which an Armed Forces service medal was awarded pursuant to Executive Order 12985 (62 Fed. Reg. 1209); changes the definition of "recently separated veteran" to include "any veteran during the three-year period beginning on the date of such veteran's discharge or release from active duty"; changes "Special Disabled Veterans" to "Disabled Veterans," expanding the coverage to conform to 38 U.S.C. § 4211 (3); and, following publication of the final regulations, requires contractors to post job listings with their local employment service delivery system.

## **Protected Groups**

Coverage under affirmative action laws and regulations applies to:

Women and minorities who are recognized as belonging to or identifying with the following race or ethnic groups: Blacks/African Americans, Hispanics/Latinos, Asians/Pacific Islanders, and American Indians/Alaskan Natives.

Any veteran who is entitled to compensation (or who but for the receipt of military retired pay would be entitled to compensation) under laws administered by the Secretary of Veterans Affairs, or who was discharged or released from active duty because of a service-connected disability.

Recently separated veterans: any veteran currently within three-years of discharge or release from active duty. Veterans who received an "Armed Forces Medal."

Other protected veterans who served on active duty in the U.S. military, ground, naval or air service during a war or in a campaign or expedition for which a campaign badge has been authorized, under the laws administered by then Department of Defense.

An individual with a disability: 1) a person who has a physical or mental impairment that substantially limits one or more of his/her major life activities; (2) has a record of such impairment, or (3) is regarded as having such impairment.

## **Program Terminology**

The terms, "comparison of incumbency to availability," "deficiency," and "problem area," appearing in this AAP, are terms H. W. Lochner, Inc. is required by government regulations to use. The criteria used in relation to these terms are those specified by the government. These terms have no independent legal or factual significance whatsoever. Although H. W. Lochner, Inc. will use the terms in total good faith in connection with its AAP, such use does not necessarily signify that the Company agrees that these terms are properly applied to any particular factual situation and is not an

admission of non-compliance with EEO laws, regulations, and objectives.

The comparison of incumbency to availability contained herein is required by Government regulations to be based on certain statistical comparisons. Geographic areas and sources of statistics used herein for these comparisons were used in compliance with Government regulations, as interpreted by Government representatives. The use of certain geographic areas and sources of statistics does not indicate H. W. Lochner, Inc.'s agreement that the geographic areas are appropriate in all instances of use or that the sources of statistics are the most relevant. The use of such geographic areas and statistics may have no significance outside the context of this AAP. Such statistics and geographic areas will be used, however, in total good faith with respect to this AAP.

The grouping of job titles into a given job group does not suggest that H. W. Lochner, Inc. believes the jobs so grouped are of comparable worth.

Whenever the term "goal" is used, it is expressly intended that it "should not be used to discriminate against any applicant or employee because of race, color, religion, gender, or national origin," as stated in Title 41 Code of Federal Regulations, Part 60-2.16(e) (2).

This AAP is not intended to create any contractual or other rights in any person or entity.

### **Reliance on EEOC's Guidelines**

Although H. W. Lochner, Inc. does not believe any violation of Title VII of the Civil Rights Act exists, it has developed this AAP in accordance with and in reliance upon the EEOC's Guidelines on Affirmative Action, Title 29 Code of Federal Regulations, Part 1608.

### **Reporting Period**

This AAP is designed to cover the following reporting period: 5/1/13-4/30/14.

## **Statement of Purpose for Parts I and II**

This AAP has been designed to bring women and men, members of minority groups, covered veterans, and persons with disabilities into all levels and segments of H. W. Lochner, Inc.'s workforce in proportion to their representation in the qualified relevant labor market.

The AAP, therefore, is a detailed, results-oriented set of procedures which, when carried out, results in full compliance with equal employment opportunity requirements through the equal treatment of all people.

The manner in which this is to be accomplished becomes technical and somewhat complicated. There are several reasons for this. First, H. W. Lochner, Inc. is subject to and must address a variety of State and Federal laws and guidelines dealing with equal employment opportunity and affirmative action. These guidelines and requirements are in themselves somewhat technical and complex. In addition, relevant court decisions, which are often useful in interpreting, but sometimes conflicting with these requirements and guidelines, must be taken into account when developing and implementing the AAP. Furthermore, in determining H. W. Lochner, Inc.'s current equal employment opportunity and affirmative action position and its desired future achievements, numbers, percentages, statistics, and numerous calculations and computations must come into play.

The technical, legal, and mathematical aspects of the AAP, however, all have one common purpose-to allow us to properly identify three key concepts:

1. Where we stand now,
2. Where we must go,
3. How best to get there.

These three concepts are the Affirmative Action Plan.

### **Chapter 1: Organizational Profile 41 C.F.R. § 60-2.11**

#### **Workforce Analysis/Lines of Progression**

H. W. Lochner, Inc. conducted a Workforce Analysis to identify employees at H.W. Lochner, Inc. Affirmative Action Plan by gender and race/ethnicity in each job title. The data was collected from payroll records dated 4/30/2013.

Job titles are listed by organizational discipline. The list includes all job titles, including departmental supervision, exempt, and nonexempt titles.

For each job title, H. W. Lochner, Inc. identified the total number of employees, the number of male and female employees, the total number of minority employees, the male and female minority employees, the total number of employees who are White, Black, Hispanic, Asian, American Indian or Alaskan Native employees, Native Hawaiian or Pacific Islander, and Two or More races, and the male and female employees within each of these race/ethnic groups.

#### **Lines of Progression**

Developed in conjunction with the workforce analysis is information on H. W. Lochner, Inc.'s lines of progression. Lines of progression (career ladders/career paths) identify the job titles through which an employee progress. For each line of progression, applicable disciplines are identified. These are the disciplines which employ persons in the job titles in the specified line of progression. Some lines of progression are limited to only one discipline.

The lines of progression provide useful information regarding patterns of vertical and horizontal movement throughout our workforce. These patterns will be evaluated to ascertain whether they provide to our employees the optimum career mobility and opportunities for advancement.

See the *Workforce Analysis/Lines of Progression* for the results per organizational unit.

**Chapter 2: Job Group Analysis**  
**41 C.F.R. § 60-2.12**

Although the workforce analysis was conducted individually for every job title, after it was completed, job titles were grouped for the comparison of incumbency to availability and for setting goals. There were several reasons for grouping jobs.

Many job titles are so similar in content that handling them individually in the AAP is not necessary. Grouping together these very similar titles is appropriate for the comparison of incumbency to availability. For many job titles, the availability data that can be collected is limited, and the same data must be used for several related jobs. Therefore, grouping these related titles together is logical. Also, many job titles have so few incumbents in them that identifying disparities between incumbency and availability by job title is meaningless as problem areas would be identified in terms of fractions of people. By grouping several similar titles and increasing the number of employees involved, a meaningful comparison can be conducted; any identified problem areas are more likely to be in terms of whole people. Consequently, goals established to correct problem areas are also more likely to be in terms of whole people.

The three reasons for grouping job titles all discuss "similar" or "related" jobs. That is the most critical guideline in creating job groups. Above all, the job titles placed into a job group must be more similar or related to each other than the job titles in other job groups.

Job groups must have enough incumbents to permit meaningful comparisons of incumbency to availability and goal setting. Ideally, if a job group is identified as containing a problem area, it should be large enough that a goal of at least one whole person can be established. No minimum size has been established for this purpose, however, since it is dependent not only on the size of the job group, but also on the size of the availability percentage and the number of minorities or women already employed in the job group.

**Chapter 3: Placement of Incumbents in Job Groups**  
**41 C.F.R. § 60-2.13**

Each job group appears on a Job Group Report. The report lists each job title in the job group. For each job title, the worksheet provides the following information: EEO reporting category, job title, employee headcounts for each job title, and overall percentages by gender and race/ethnicity as of 4/30/2013.

See the ***Job Group Analysis*** for the listing of the job titles and the associated race and gender headcounts per job group.

## **Chapter 4: Determining Availability**

### **41 C.F.R. § 60-2.14**

"Availability" is an estimate of the proportion of each sex and race/ethnic group available and qualified for employment at H. W. Lochner, Inc. for a given job group in the relevant labor market during the life of the AAP. Availability indicates the approximate level at which each race/ethnic and sex group could reasonably be expected to be represented in a job group if H. W. Lochner, Inc.'s employment decisions are being made without regard to gender, race, or ethnic origin. Availability estimates, therefore, are a way of translating equal employment opportunity into concrete numerical terms. Correct comparisons of incumbency to availability, worthwhile and attainable goals, and real increases in employment for problem groups depend on competent and accurate availability analyses. With valid availability data, we can compare the percentages of those who could reasonably be expected to be employed versus our current employment (from the workforce analysis), identify problem areas or areas of deficiency, and establish goals to correct the problems.

#### Steps in Comparison of Incumbency to Availability

##### Identify Availability Factors

The following availability factors are required of federal government contractors for consideration when developing availability estimates for each job group:

1. External Factor: The external requisite skills data comes from the 2000 Census of Population.
  - a. Local labor area: Office Zip codes were utilized.
  - b. Reasonable labor area: The automatic software zip code analysis was utilized.

Assign External Factor Weights: Weights were assigned to each factor for each job group. A combination of historical data and experience were used to determine the weights. Weights were never assigned in an effort to hide or reduce problem areas.

Identify Final Availability: Weights were multiplied by the component-specific data to produce weighted data for each component. Weighted data for each component was summed. This produced a final availability estimate for each sex and race/ethnic group, as well as for minorities in the aggregate.

See the ***Availability Analysis*** for the availability breakdown for each job group.

**Chapter 5: Comparing Incumbency to Availability**  
**41 C.F.R. § 60-2.15**

Once final availability estimates were made for each job group, H. W. Lochner, Inc. compared the percentage of incumbents in each job group to their corresponding availability. A comparison was made between the percentage employed as of 4/30/2013 and that group's final availability.

See the *Comparison of Incumbency to Availability* for the results per job group.

**Chapter 6: Placement Goals**  
**41 C.F.R. § 60-2.16**

H.W. Lochner, Inc. has established annual targets for each job group where underutilization has been identified. These goals take into account several factors such as the availability of qualified persons in the relevant labor area, anticipated attrition, and anticipated employment opportunities in each job group.

Techniques to improve recruitment and increase the flow of Minority and Female applicants may include:

- Periodic contacts by mail with Minority and Female professional associations.
- Minority and Female employees, as well as all employees, are encouraged to refer qualified applicants.
- Females and Minorities are included on the Human Resources staff, whenever possible.
- Advertisements are placed on Monster and LinkedIn to reach a diverse group of applicants.

Selections are for qualified applicants and goals do not require the hiring of persons when there are no vacancies or the hiring of a person who is less likely to perform satisfactory on the job ("less qualified") over a person more likely to perform satisfactory on the job ("better qualified"), under valid selection procedures. Goals do not require that we hire a specified number of minorities or women. Goals are not rigid and no quotas must be met, but are targets that the company can make a good faith effort to hire or promote qualified women and minorities.

The company has approximately 469 employees, 124 are women and 62 minorities. Below you will find a summary of the results of the Affirmative Action Plan Placement Goals Analysis for fiscal year 2013-2014. The firm's hiring authorities are asked to make a good faith effort to place qualified women and minorities in the following EEO categories or job groups should any hiring needs arise -

**Executive/Senior-Level Officials & Managers:** Employees who plan, direct and formulate policies, set strategy, and provide the overall direction for the development and delivery of services, within the parameters approved by boards of directors. Executives plan, direct or coordinate activities with the support of subordinate executives and staff managers. Women and Minorities are underutilized in this job group. See the **Placement Goals** report for each job group and the **Goals Progress Report** for progress made since the previous AAP.

**Chapter 8: Identification of Problem Areas**  
**41 C.F.R. § 60-2.17(b)**

**Terminology**

*The phrases “comparison of incumbency to availability,” and “problem area” appearing in this chapter are terms H. W. Lochner, Inc. is required by government regulations to use. The criteria used in relation to these terms are those specified by the government. These terms have no independent legal or factual significance. Although H. W. Lochner, Inc. will use the terms in good faith in connection with its AAP, such use does not necessarily signify the company agrees that these terms are properly applied to any particular factual situation and is not an admission of non-compliance with EEO laws, regulations, and objectives. Whenever the term “goal” is used, it is expressly intended that it “should not be used to discriminate against any applicant or employee because of race, color, religion, gender, or national origin,” as stated in Title 41 Code of Federal Regulations, Part 60-2.16(e).*

In addition to comparing incumbency to availability within job groups, H. W. Lochner, Inc. has generated reports to identify problem areas in each of its selection procedures (i.e., hires, promotions, and terminations). Any problem areas that have been identified, appropriate action will be taken consistent with any of the action-oriented programs described in Chapter 9.

**41 C.F.R. § 60-2.17(b)(1): Workforce by Organizational Unit and Job Group**

An analysis of minority and female distribution within each organizational unit was accomplished by a thorough investigation of the *Workforce analysis*.

An analysis of minority and female utilization within each job group was accomplished by a thorough investigation of the *Comparison of Incumbency to Availability* reports.

**41 C.F.R. § 60-2.17(b)(2): Personnel Activity**

Applicant flow, hires, promotions, and terminations were analyzed by job group. An analysis of selection disparities in personnel activity between men/women and whites/minorities was accomplished by a thorough examination of transaction data. See the *Summary of Personnel Transactions Report* for each job group.

**41 C.F.R. § 60-2.17(b)(3): Compensation Systems**

Compensation analyses were conducted by comparing the salaries for men v. women, and whites v. minorities in each *job title/job group/pay grade*.

**Chapter 9: Action-Oriented Programs**  
**41 C.F.R. § 60-2.17(c)**

H.W. Lochner, Inc. has established action-oriented programs to ensure problems identified are addressed.

**Action-Oriented Program:**

The Action-Oriented Programs designed to address the underutilization of women and minorities are listed below. These Action-Oriented Programs will be carried-out throughout the AAP year.

**Chapter 10: Internal Audit and Reporting**  
**41 C.F.R. § 60-2.17(d)**

Inherent in the AAP is the need for periodic self-assessment of problems encountered, corrective action taken, and progress made. Self-evaluation requires record-keeping systems on applicants, employees, and components of the AAP.

The objective of all record-keeping systems to be implemented is to assess the results of past actions, trends, the appropriateness of goals and objectives, the appropriateness and relevancy of identified solutions to problems, and the adequacy of the Plan as a whole. In addition, a further objective is to identify the proper corrective actions to be made to all components.

In order to fully achieve the objectives of such a record keeping system, the results of it must lead to follow-up through feedback to managers, supervisors, and staff, through reallocation of resources, through modifications to plans and the record-keeping system itself, through appropriate recognition of personal achievements as well as negative actions for discriminatory acts. For any identified deficiencies, appropriate corrective action will be identified and we attempt to rectify the matter.

The records maintained are the basis for updating the Affirmative Action Plan, including revising the availability data and establishing annual target goals. The internal audit and reporting system is used as the basis for evaluating systemic, results-oriented programs, and affirmative action efforts.

The H.W. Lochner, Inc. auditing and reporting system periodically measures the effectiveness of its total affirmative action program. Gina Lecas is responsible for the following:

1. Monitors records of personnel activity, including referrals, placements, transfers, promotions, terminations, and compensation, to ensure the nondiscriminatory policy is carried out;
2. Generates reports and reviews results with appropriate personnel; and
3. Advises management of program effectiveness and submit recommendations to improve unsatisfactory performance.

It has been and will continue to be a fundamental policy of LOCHNER (the "Company") not to discriminate on the basis of race, color, religion, sex, national origin, age, disability, or status as a Vietnam Era, Special Disabled Veteran or other covered veteran with respect to recruitment, hiring, training, promotion, and other terms and conditions of employment. Further, it is the policy of the Company to comply with the concepts and practices of affirmative action.

Effective implementation and continuing administration of this policy will be the direct responsibility of this firm. John Cook will also be responsible for making reports to senior management on equal employment efforts on an annual basis.

All management personnel should make special efforts to assure that all employees under their direction understand and effectively implement the policy.

The Company does not condone and will not tolerate the harassment of any employee placed through affirmative action efforts. In addition, it is a violation of Company policy for any employee to engage in sexual harassment. Complaints of unlawful harassment of any type, including sexual harassment, should be brought to the attention of John Cook.

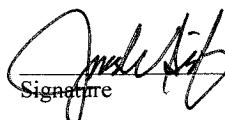

In addition, employees and applicants will not be subjected to harassment, intimidation, threats, coercion, or discrimination because they have engaged in or may engage in the following activities:

1. Filing a bona fide complaint;
2. Assisting or participating in an investigated, compliance evaluation, hearing, or any other activity related to the administration of the affirmative action provisions of Executive Order 11246, ("E.O. 11246") the Rehabilitation Act, the Vietnam Era Veterans' Readjustment Assistance Act (VEVRAA), and their implementing regulations, or any other federal, state or local law requiring equal employment opportunity;

Further, all complaints of discriminatory treatment in violation of this policy should be brought to the attention of John K. Cook, so an internal investigation may be undertaken. Employees and applicants will be protected from coercion, intimidation, interference, discrimination, retaliation for filing a complaint, or assisting in an investigation based on violations of this policy.

**Chapter B: Review of Personnel Processes**  
**41.C.F.R. §§ 60-250.44(b); 60-741.44(b)**

To ensure that all personnel activities are conducted in a job-related manner which provides and promotes equal employment opportunity for all known covered veterans and employees and applicants with disabilities, reviews are periodically made of the Company's examination and selection methods to identify barriers to employment, training, and promotion.

- 1) H.W. Lochner, Inc. periodically conducts a review of its employment processes to ensure thorough and systematic consideration of the job qualifications of any 1) known covered veteran applicants and employees; and 2) applicants and employees with disabilities for job vacancies filled either by external hiring or internal promotions/transfers, as well as for all training opportunities available. In order to determine whether an individual is qualified for a particular job, a close examination of the content of the job is made, as well as a review of the job qualifications of known covered veterans and individuals with disabilities, both applicants and employees. In determining the qualifications of a covered veteran, consideration is given only to that portion of the military record, including discharge papers, relevant to the job qualifications for which the veteran is being considered.
- 2) The company ensures that its personnel processes do not stereotype disabled persons or veterans in a manner which limits their access to jobs for which they are qualified.

**Chapter C: Physical and Mental Qualifications**  
**41.C.F.R. §§ 60-250.44(c); 60-741.44(c)**

To ensure that all physical and mental qualifications and requirements are job-related and promote equal employment opportunity for all known covered veteran and employees and applicants with disabilities, the company's physical and mental job requirements are reviewed to determine whether or not they are job-related and consistent with business necessity and safe performance on the job.

Schedule for Review: Any previously reviewed classification will be reviewed again if there is a change in working conditions which affects the job's physical and/or mental requirements (e.g., new requirements, new equipment, etc.)

**Chapter D: Reasonable Accommodation to Physical and Mental Limitations**  
**41 C.F.R §§ 60-250.44(d); 60-741.44(d)**

H.W. Lochner, Inc. will make every effort to provide reasonable accommodations to physical and mental limitations of applicants and employees with disabilities or who are disabled veterans unless it can demonstrate that the accommodations would impose an undue hardship on the operation of business. H.W. Lochner, Inc. will confidentially review performance issues of employees with known disabilities to determine whether a reasonable accommodation is needed when: 1) the employee is having significant difficulty with job performance, and 2) it is reasonable to conclude that the problem is related to disability.

Employees may also contact the following at any time to formally request an accommodation:

**Chapter E: HARASSMENT**  
**41 C.F.R §§ 60-250.44(e); 60-741.44(e)**

H.W. Lochner, Inc. has developed and implemented a set of procedures to ensure that its employees who are disabled or other veterans are not harassed due to any conditions. A copy of the Workplace Harassment Policy (below) is available for distribution to new and existing employees.

**Workplace Harassment Policy**

H.W. Lochner, Inc. is committed to maintaining a workplace in which individuals are treated with respect and dignity. Each individual has the right to work in an environment which promotes equal employment opportunities and is free of unlawful discrimination in any form, including harassment based upon sex, race, national origin, religion, disability, age and any other protected characteristic ("workplace harassment"). To further the goal of maintaining a professional work environment, the Company has adopted this Workplace Harassment Policy. This policy applies to all persons who are employed by, or conduct business with the Company, whether as managers, office staff or third parties.

Pursuant to this policy, the Company expressly prohibits and will not tolerate any form of workplace harassment. Employees who violate this policy will be subject to disciplinary action, up to and including termination of employment.

**Definitions and Examples**

Federal and state laws prohibit any form of workplace harassment that impairs an employee's working ability or creates an intimidating, hostile or offensive work environment. Such offensive behavior may take a variety of forms, including, but not limited to:

- \* Epithets, derogatory comments, jokes or slurs;
- \* Derogatory or offensive posters, cards, objects, symbols, calendars, cartoons, graffiti, drawings or gestures;
- \* Assaults, blocking normal movement or interfering with work; and
- \* Retaliation for having reported or threatened to report harassment.

Federal and state laws define "sexual harassment" as unwelcome sexual advances, requests for sexual favors, or any other visual, verbal or physical conduct or communication of a sexual nature when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of employment;
2. Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting the individual; or
3. Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment.

The following are some examples of conduct which may constitute sexual harassment depending upon the totality of the circumstances, including the severity of the conduct and its pervasiveness:

- \* Sexual advances – whether they involve physical touching or not;
- \* Direct or implied requests by a supervisor for sexual favors in exchange for actual or promised job benefits such as favorable reviews, wage/salary increases, promotions, increased benefits, or continued employment;

- \* Sexual epithets, jokes, written or oral references to sexual conduct, gossip regarding one's sex life, comments on an individual's body, comments about an individual's sexual activity, deficiencies or prowess;
- \* Displaying sexually suggestive objects, pictures, cartoons;
- \* Unwelcome leering, whistling, brushing against the body, sexual gestures, suggestive or insulting comments;
- \* Inquiries into one's sexual experience; and
- \* Discussion of one's sexual activities.

Regardless of its form, workplace harassment is unlawful and will not be tolerated by the Company. Further, any retaliation against an individual who, in good faith, has complained about workplace harassment, or who has cooperated with the Company's investigation of such matters, is similarly unlawful and will not be tolerated.

#### Complaints of Workplace Harassment

The Company strongly urges the reporting of all incidents of workplace harassment or retaliation, regardless of the offender's identity or position.

Employees who have experienced or witnessed conduct they believe is contrary to this Workplace Harassment Policy, or who have concerns about such matters, should promptly report their complaint or concerns to their Office Manager. Employees may also contact the Human Resource Manager at (312) 372-7346, or the EEO Officer/Director of Human Resources in the Human Resources Department. The address is 225 West Washington, 12<sup>th</sup> Floor, Chicago, IL 60606 and phone number is (312) 372-7346. Complaints may be made verbally or in writing.

All complaints will be promptly and thoroughly investigated. The Company will maintain confidentiality throughout the investigatory process to the extent consistent with a fair and proper investigation. All employees involved in an investigation must also observe this confidentiality obligation. If it is determined that conduct in violation of this policy has occurred, the Company will act promptly to eliminate the offending conduct and will take such other corrective action as it deems necessary to prevent the inappropriate conduct from reoccurring. Such action may include discipline up to and including termination of employment.
