

TO: Jim Gray, Mayor
Urban County Council

FROM: Brandi Peacher
Director of Project Management

DATE: September 17, 2018

SUBJECT: Request to close and demolish a portion of the Jefferson Street Bridge

Request:

Permanently close a portion of Jefferson Street as provided in Exhibit A (attached) and authorize the Lexington Center Corporation to demolish the bridge and related infrastructure as provided in Exhibit B (attached), and perform or install related post-demolition improvements contingent upon and subject to the approval of the Division of Engineering using its standard procedures.

Why are you requesting?

This action will benefit both the Lexington Center Corporation's expansion and renovation project as well as the proposed Town Branch Park. The expected traffic impact has been diminished due to the opening of Oliver Lewis Way. The costs related to this project will be borne by the Lexington Center Corporation and include demolishing and removing the bridge and portions of the support structures (Exhibit B), grading a portion of the removed street on the Main Street side, and installing necessary traffic safety features on both the Main Street side of the remaining Jefferson Street and the High Street Side. All work must be approved by the Division of Engineering.

What is the cost in this budget year and future budget years?

The cost for this FY is: none
The cost for future FY is: none

Are the funds budgeted? Not applicable

Account number: Not applicable
