Re: Zone Ordinance Text Amendment – Craft Distillery in I-1 Zones

Dear Planning Commission:

My firm is pleased to represent Turner Property 4, LLC (the “Applicant”) in its application for a zone text amendment to allow craft distilleries as a principal use in Light Industrial (I-1) zones. The proposed amendment would adopt the existing statutory definition of a “craft distillery” from KRS 243.120(2)(c) which applies to small-scale distillers producing less than fifty thousand (50,000) gallons of distilled spirits per calendar year. The I-1 zone already permits a “micro-brewery as regulated by KRS 243.157 and KRS 243.150.” This text amendment would allow similar small-scale operations for distilled spirits, including our world-famous Kentucky bourbon, unlocking new potential for local tourism, entertainment, and entrepreneurship.

GOALS AND OBJECTIVES

The application agrees with the following Goals and Objectives of the 2018 Comprehensive Plan:

- **Theme A: Growing Successful Neighborhoods**
 - **Goal 2: Support infill & redevelopment throughout the Urban Service Area as a strategic component of growth.**
 - **Objective a: Identify areas of opportunity for infill, redevelopment, adaptive reuse, and mixed-use development.**
 - **Objective d: Implement innovative programs, such as the public infrastructure fund and land bank programs, to facilitate sustainable development, including, but not limited to, housing, affordable at all income levels, and commercial and economic activity.**

The proposed text amendment expands the permissible uses in existing I-1 zones, allowing for more flexibility and opportunity. This flexibility allows underutilized I-1 parcels to be redeveloped or better utilized without requiring a zone change or expansion of the Urban Service Area. I-1 zones are appropriate for craft distillery use because those zones already permit micro-breweries and many higher-intensity commercial uses, meaning there will not be a significant increase in the overall intensity of typical I-1 uses. In other words, the craft distilleries will be in a zone that can handle any added intensity or activity without materially changing the character of the zone. This kind of flexibility and redevelopment allows for more robust use of existing structures and zones, encouraging further infill and redevelopment projects.

- Theme C: Creating Jobs & Prosperity.
 - Goal 1: Support & showcase local assets to further the creation of a variety of jobs.
 - Objective d: Encourage development that promotes and enhances tourism.
 - Goal 2: Attract the world’s finest jobs, encourage an entrepreneurial spirit, & enhance our ability to recruit & retain a talented, creative workforce by establishing opportunities that embrace diversity with inclusion in our community.
 - Objective d: Provide entertainment and other quality of life opportunities that attract young and culturally diverse professionals, and a work force of all ages and talents to Lexington.

It is no secret that Fayette County is at the heart of “Bourbon Country”.¹ Lexington is a growing segment of the Kentucky Bourbon Trail, drawing visitors from across North America. This text amendment will encourage new entertainment and quality of life opportunities for visitors and residents alike. The existing flexibility of the I-1 zone will be enhanced with the ability to open not only micro-breweries but craft distilleries, creating new opportunities for visitors of the Kentucky Bourbon Trail, as well as Lexingtonians looking for something new to do around town.

CONCLUSION

The Applicant respectfully requests that the Commission recommend approval of the proposed zone text amendment, as it agrees with the Goals and Objectives of the Comprehensive Plan. Thank you for your time and consideration.

Sincerely,

ZACHARY G. CATO

ENCL.
