Jim Gray
Mayor

Dowell Hoskins-Squier, P.E.
Commissioner

TO: Mayor Jim Gray
Urban County Council

FROM : 
Charles H. Martin, P.E., Director
Division of Water Quality

DATE: January 28, 2016

SUBJECT: Sole Source Purchase Request
Replacement/Backup Sewer Line Inspection Camera

Request

The purpose of this memorandum is to request the sole source purchase of a Cues Inc. sewer video camera and related adaptive equipment.

Purpose of Request

The Division of Water Quality is recommending the purchase of a replacement/backup camera for Sewer Line Maintenance. The division currently operates two closed circuit television inspection units, both of which are equipped with Cues Inc. audio visual equipment. In order to ensure compatibility of the replacement/backup camera with the existing audio visual equipment, it is necessary to purchase a Cues Inc. manufactured camera.

Cues audio visual equipment is manufactured in Orlando Florida and distributed through individual state-based sales representatives. Eye-Tronics in Louisville is the Cues sole source supplier for Kentucky and has submitted a quote of \$30,732.60 for the specified Cues sewer video camera, a transporter (the tracked sled the camera is fastened to) and two adapters to allow the camera and transporter to move through different sized sewer lines.

Project Cost in FY16 and in Future Budget Years

Total project cost is \$30,732.60. There should be no future costs other than routine O&M costs.

Are Funds Budgeted

Funds are budgeted in 4002-303401-3401-95802.
