(a) The Lessor and the Lessee each covenant that it will restrict the use of moneys realized under this Fifth Supplemental Lease in such manner and to such extent, if any, as may be necessary, after taking into account reasonable expectations at the time of entering into this Fifth Supplemental Lease, so that there will not exist at any time any obligation in connection with this Fifth Supplemental Lease or the Project that constitutes an obligation the interest on which is includable in gross income for federal income tax purposes or constitutes an “arbitrage bond” under Section 148 of the Code, and the regulations prescribed under that Section and any subsequent amendments or modifications thereto (other than related to the Taxable 2016 Series C Bonds, the interest on which is subject to federal taxation). Any officer of the Lessor or Lessee having responsibility with respect to the execution and delivery of this Fifth Supplemental Lease shall, alone or in conjunction with any other officer, employee or agent of or consultant to the Lessor or Lessee, give an appropriate certificate of the Lessor or Lessee pursuant to Sections 103 and 148 of the Code and those regulations, setting forth the reasonable expectations of the Lessor or Lessee on the date of entering into this Fifth Supplemental Lease regarding this Fifth Supplemental Lease and the use of those moneys (other than related to the Taxable 2016 Series C Bonds, the interest on which is subject to federal taxation). (b) The Lessor and the Lessee each represent and covenant that it will not use the Project, or permit the Project to be used, in such a manner as would result in the loss of the exclusion from gross income for federal income tax purposes of the portion of the Lease Rental Payments designated as the interest component on *Exhibit B*, afforded under Section 103(a) of the Code (except for the interest related to the Taxable 2016 Series C Bonds).

(c) With respect to the Non-AMT Series 2016 Bonds, the Lessor and the Lessee each represent and covenant that it will not take any actions which will violate any of the provisions of the Code, or would cause such Non-AMT Series 2016 Bonds to become “private activity bonds” within the meaning of the Code.

(d) The Lessor and the Lessee each covenant to take all action required to maintain exclusion from gross income for federal income tax purposes afforded under Section 103(a) of the Code, of the portion of the Lease Rental Payments designated as the interest component on *Exhibit B* hereto (except for the interest related to the Taxable 2016 Series C Bonds).

SECTION 7. Assignment by the Lessor.

As security for the payment and performance by the Lessor of all of its obligations under the Trust Indenture, the First Supplement, the Second Supplement, the Third Supplement, the Fourth Supplement, the Fifth Supplement, the Sixth Supplement and the Seventh Supplement to the Trust Indenture including particularly the payment of the principal of and interest on the Series 2016 Bonds and the payment of all amounts due or to become due under the Trust Indenture, the First Supplement, the Second Supplement, the Third Supplement, the Fourth Supplement, the Fifth Supplement, the Sixth Supplement and the Seventh Supplement, but excluding any termination payments under any Interest Rate Hedge Agreement, the Lessor has assigned to the Trustee, under and pursuant to the Trust Indenture, the First Supplement, the Second Supplement, the Third Supplement, the Fourth Supplement, the Fifth Supplement, the Sixth Supplement and the Seventh Supplement, all of the Lessor's right, title and interest in, to and under this Fifth Supplemental Lease, including but not limited to the right to receive the Lease Rental Payments and other amounts due hereunder.

SECTION 8. Headings.

All section headings contained in this Fifth Supplemental Lease are for convenience of reference only and are not intended to define or limit the scope of any provision of this Fifth Supplemental Lease.

SECTION 9. Governing Law.

This Fifth Supplemental Lease shall be construed in accordance with and governed by the laws of the Commonwealth.

SECTION 10. Delivery of Related Documents.

Lessee will execute or provide, as requested by Lessor, such other documents and information as are reasonably necessary with respect to the transaction contemplated by this Fifth Supplemental Lease.

Lessor and Lessee agree that this Fifth Supplemental Lease or any other appropriate documents may be filed or recorded to evidence the parties' respective interests in the Project and this Fifth Supplemental Lease.

SECTION 11. Entire Agreement; Amendment; Severability.

(a) This Fifth Supplemental Lease, together with attachments and exhibits, and other documents or instruments executed by Lessee and Lessor in connection with this Fifth Supplemental Lease, including the Series 2016 Ordinance, constitute the entire agreement between the parties with respect to the lease of the Project.

(b) This Fifth Supplemental Lease may not be modified, amended, altered or changed except with the written consent of the Lessee and the Lessor.

(c) If any provision of, or any covenant, obligation or agreement contained in this Fifth Supplemental Lease is determined by a court to be invalid or unenforceable, that determination shall not affect any other provision, covenant, obligation or agreement, each of which shall be construed and enforced as if the invalid or unenforceable portion were not contained in this Fifth Supplemental Lease. The invalidity or unenforceability shall not affect any valid or enforceable application thereof, and each such provision, covenant, obligation or agreement shall be deemed to be effective, operative, made, entered into or taken in the manner and to the full extent permitted by law.

PROJECT DESCRIPTION

1994 PROJECT DESCRIPTION

Proceeds from the 1994 Series B Bonds were used to refund certain outstanding short-term debt, reimburse the Board for certain owner's costs incurred in completing various improvements to the Airport including an employee parking lot and to purchase a new chiller for the Airport's Terminal building HVAC system.

1998 PROJECT DESCRIPTION

Proceeds from the 1998 Bonds were used to pay the cost of constructing a multi-level automobile parking deck adjacent to the Terminal building. At the time of issuance, it was anticipated that the parking deck would be used primarily for public parking, but that rental car companies doing business on the Airport would use the remaining portion of the parking deck for rental car ready/return functions. Accordingly, the proceeds from the 1998 Series A Bonds were used to pay that portion of the construction cost attributable to the public parking portion of the parking deck and the 1998 Series B Bonds were used to pay the rental car portion of the parking deck. As of the date of this Report, no portion of the parking deck has been used for any rental car related purpose. Proceeds of the 1998 Series C Bonds were used to refund an outstanding bank note.

2003 PROJECT DESCRIPTION

Proceeds from the 2003 Series A Bonds were used to pay in part various airfield, Terminal concourse additions and other Terminal area related improvements. Proceeds of the 2003 B Bonds were used to fund, in part, the costs of constructing a rental car ready/return automobile parking facility. Part of the cost of the ready/return facility was to relocate an air freight building located on the site of the ready/return facility.

- (i) Construct 4,000' long x 75' wide Runway 9/27 with parallel taxiway network to B-II criteria, and provide Runway/Taxiway centerline separations and Runway Safety Areas (RSA) to C-II criteria;
- (ii) Remove existing Runway 8/26 and associated taxiway pavements;

- (iii) Remove existing Taxiway C pavement west of Runway 4/22;
- (iv) Construct an access road to GA facilities;
- (v) Construct other infrastructure and drainage improvements associated with the construction of the access road;

- (xi) Relocate existing or install new Runway 22 Glide Slope;
- (xii) Relocate the Low Level Wind Shear Alert System (LLWAS), Automated Surface Observing System (ASOS), Stand-Alone Weather Sensor (SAWS) and Remote Transmitter/Receiver (RTR) facilities;
