SUBJECT: Legacy Business Park: Memorandum of Agreement with U.S. Army Corps of Engineers

---

### **Request**

Request Council authorization to execute a Memorandum of Agreement (“MOA”) between the U.S. Army Corps of Engineers (“USACE”), the Kentucky State Historic Preservation Officer, and LFUCG to establish permitting stipulations for the Legacy Business Park project.

### **Reason for Request**

Legacy Business Park requires a Department of the Army Nationwide Permit as a result of the Cane Run tributaries and wetland located within the project site. This Permit required a cultural resources review and a Phase II archaeological survey, which has been completed.

The proposed MOA has been executed by the USACE and requires a Phase III archaeological survey of a specific area of the site, as well as mitigation, which will include the placement of three educational signs along the onsite Legacy Trail extension. Council approved a Change Order on June 27, 2024 for the Phase III archaeological survey; field work for the survey will begin subsequent to execution of the MOA.
