

Lexington Fayette Urban County Government – IOS Contract Addendum

Lexington Fayette Urban County Government (LFUCG) engaged IOS in 2022 to develop and administer another testing cycle for police sergeant and lieutenant under the terms of the contract for RFP 47-2019. Because the initial RFP from 2019 did not address written job knowledge exams, the development and administration of written exams was added by the LFUCG as an additional service in 2020. As a result, the total value of the contract was approximately \$75,953. The same terms, conditions, and budget applied and were authorized for the continued services of the 2022 testing cycle.

The contract terminated on 11/15/2022 and the value of the services related to this engagement did not exceed \$75,953.

A handwritten signature in black ink that reads "Andrew Weedfall". The signature is written in a cursive, flowing style.
